1 CHAPTER

INTRODUCTION

Indian sub continent is prone to multiple hazards and highly vulnerable to both natural and man-made disasters that generally result in heavy loss of life; sometimes even leading to mass casualties. The last few decades have shown an increased frequency of disasters resulting in large number of human casualties and huge economic losses. In case of many such disasters, human and economic losses can be minimized to quite an extent even though they may not be totally prevented.

2. There has been a paradigm shift in the government's focus from a rescue, relief and recovery-centric approach to planning, prevention, mitigation and preparedness driven approach. Community is the first responder to any type of disaster. Planning and preparedness at all level is most essential to face the challenges posed by disasters.

3. The U.T. of Puducherry has a coastline of 45 km stretching along the Bay of Bengal and to some extent along the Arabian Sea. Puducherry region alone has 24 km of coastline and Mahe has 1 km stretch of coastline. The U.T. also has 675 sq. km of inshore waters. The Puducherry U.T. is prone to many natural hazards like floods, cyclones and earthquakes. In the past, cyclones and associated storm surges have inundated vast area of land along the coastal stretches of Puducherry U.T. The Puducherry and Yanam regions are lying on the coast of Bay of Bengal and it is influenced by North East Monsoon. The heavy rains/cyclones that occur under the influence of North East Monsoon sometime cause heavy damage to life and property.

4. While not all natural calamities can be predicted and prevented, a state of preparedness and ability to respond quickly to a natural calamity can considerably mitigate loss of life and property and the human suffering and restore normalcy at the earliest. It is, therefore, of paramount importance that a plan of action for dealing with contingencies that arise in the wake of disasters is formulated and periodically updated.

5. Every planning has its own aims and objectives. The basic objective of this District Disaster Management Plan is to protect all the residents and every kind of wealth from all sorts of untoward incidents through the following objectives.

1.1 Objectives of this District Disaster Management Plan

- a. To prevent loss of human lives and property.
- b. Institutionalization of disaster management in district administrations.
- c. Encouraging a culture of disaster preparedness.
- d. Vulnerability reduction and disaster mitigation through better planning process.
- e. Creation of the best Govt. mechanism to handle any unprecedented events.
- f. Instant response and effective decision making in disasters.
- g. Better coordination of relief and rehabilitation in the aftermath of a disaster.
- h. Better coordination of all line departments in disaster management.
- i. Regular update of resources available in and around the Districts.

As such, this plan has been prepared considering the existing infrastructure, available resources and lessons learned from previous disasters occurred and their possibility of recurrence in future. It is meant to serve as an District Disaster Management Action Plan for the District Administration, as well as to the other Governmental organizations and others.

To mitigate misery of sufferings of any calamity, relief in cash and kind is provided to the affected and rescue operations are provided on considerable scale. Besides this repair and restoration works are taken on priority. To cope up with the situations, State Emergency Operation Centre in Puducherry functions round the clock. Different Line Departments have different roles to play in the disaster period as defined in the Crisis Management Framework formulated by the Department of Revenue and Disaster Management. The need for an effective disaster management strategy to lessen the disaster impact is increasingly being felt in many quarters. The Government, as a major respondent in any disaster situation, is responsible for preparedness and mitigation measures, in addition to organizing an effective disaster response mechanism. In this context, uniformity in response mechanism, including scale of assistance in various parts of the country is imperative. In view of the increasing trend and intensity of natural disasters in recent past, strengthening organizational structure of disaster management at various levels and revising/regular updating of codes/manuals, disaster plan to the state is vital.

To implement the Disaster Management activities and to tackle any eventually during all phases of disaster, UT of Puducherry has constituted various Authorities, Institutional setup, viz Union Territory of Puducherry Disaster Management Authority (UTPDMA), District Disaster Management Authorities (DDMAs), State Executive Committee (SEC), Crisis Management Framework etc. for implement roles and responsibilities, powers, functions and duties to be followed by the Officials, staffs, individuals, public sectors of Union Territory of Puducherry in line with provision under guidelines of National Disaster Management Authority, Government of India and Disaster Management Act 2005. Further Sections 63, 65, 69 and 56 of the DM Act 2005 gives various powers to the State / District Authorities to service the compliance and to utilise the services of various officers for relief and rescue operations during and before disasters which are being elaborated in the foregoing chapters.

This District Disaster Management Plan is to help the officials of DRDM and all line Departments to tackle effectively any emergencies/disasters in tune with the provisions of the Crisis Management Framework (CMF) and SOPs. The Jurisdictional SDMs and Tahsildars, Officials / staffs of Government Departments, Public sectors. etc are required to act in consonance with the Crisis Management Framework and this District Disaster Management Plan.

This District Disaster Management Plan is not Disaster or Department specific and is much helpful to be in a preparedness stage and to meet any eventuality during North East Monsoon, South West Monsoon, Tsunami, flood, earthquake etc. This guidelines and information provided here should not be taken as exhaustive and any action has to taken accordingly to tackle any situation by judicious application of mind as warranted in public interest.

2 CHAPTER

PROFILE OF PUDUCHERRY DISTRICT

The Union Territory of Puducherry spread in an area of 492 Sq. Km. comprises four erstwhile French establishments of Puducherry, Karaikal, Mahe and Yanam.

2.1 LOCATION

The Puducherry district consists of three regions viz., Puducherry, Mahe and Yanam situated at different geographical locations isolated from one another. Puducherry region is the largest urban agglomeration of all the three regions, occupies an area of 294 km², lies on the east-coast of southern India, and consists of 12 scattered areas lying in between 11° 46' & 12° 30' N, and between 79° 36' & 79° 53' E. Yanam region is lies in the east of Southern India, an area of 8.76 km² and Mahe region is lies in the Western coast of southern India, an area of 30 km²

2.2 CLIMATE

Semi-arid type of climate, with a mean annual temperature of around 30° C and 70-85 % relative humidity, is prevalent in the Puducherry District. While Puducherry regions receive rain mostly through North-East monsoon, Mahe and Yanam regions benefit from the South-West monsoon.

2.3 TOPOGRAPHY

2.3.1 Puducherry Region

The region is flat country of average elevation of about 15 meters above sea level, intersected by the deltaic channels of River Gingee and Pennaiyar and other streams forming the two main drainage basins, interspersed with lakes and tanks. To the North-West of Puducherry town, a girdle of low hills (or an elevated ground of about 30 meters high) is noticed to extend in a East North East – West South West direction. This high ground suddenly emerges from the low alluvial plain country known as “Les Montagnes Rouges” or the “Red Hills of Puducherry”, or Gorimedu, probably so named after the memorials put up during the first siege of Puducherry (1760). This forms the most prominent feature in the landscape. River Gingee crosses the region diagonally from north-west to south-east. Pennaiyar forms the southern border. Actually the alluvial delta of Pennaiyar is almost on dead level ground, only a few meters above the sea. To the north-west of these hills is a section of fossiliferous limestone formations of the Cretaceous age. To the south of this area is situated the alluvial tract of Varahanadi (Gingee) and to the north is the recent alluvium.

2.4 PROFILE OF PUDUCHERRY REGION

2.4.1 Demographic Information

Population Estimated 2021 (Directorate of Economics and Statistics)

Total 12,28,082

Population (As per 2011 Census)

Total 9,50,289

Male 4,68,258

Female 4,82,031

Distribution of Population (As per 2011 Census)

Urban 6,57,209

Rural 2,93,080

Literacy rate 85.4 (2011)

Occupation

Farming : 23,019

Agricultural laborers : 1,46,698

House holds, Indus. Workers : 14,045

Other workers : 5,51,570

2.4.2 Geographic Information

I – Irrigated Area

Geographical area - 29,378.00 ha

Net area irrigated - 8860.00 ha

Gross area irrigated - 17241.00 ha

II – Agriculture

Cultivable area - 29,378.00 ha

Forest area - 669.36 ha

Non-cultivable area - 12466.00 ha

Major food crops grown in Puducherry are Paddy, Groundnut, Sugarcane, Cholam, Cambu, Redgram, Tapioca, Greengram, Blackgram, Coriander, Banana, Maize, Varagu, and Cashewnut. Some other crops that are grown in the region are Gingelly, Cotton, Groundnut, and coconut.

2.5 CLIMATE AND WEATHER EXTREMES

The Puducherry region experiences a hot and tropical retarded monsoonic climate characterized by small daily range of temperature, humid weather and moderate rainfall. There is no clear cut demarcation of seasons and the months from March to June is considered as summer and December to February as cooler months.

2.5.1 Rainfall:

The average annual rainfall for the period is 1234 mm. However, the quantum of normal rainfall is very fluctuating.

The Puducherry region gets its rainfall from the Southwest monsoon from June to September and the Northeast monsoon from October to December. Meher-Homji while analyzing the climate of Puducherry has pointed out, that based on the data for the period 1911-1961, the mean of the precipitation for the period October-January is 808 mm as opposed to 330 mm received during June-September. About 50% of the total rain is concentrated over the two months October-November. However, in spite of such high differences in the quantity of the rain between the two monsoons, the difference in the number of rainy days during the two periods is considerably less; 21 during June-September as against 28 for October-January. Thus the difference in the number of rainy days is just a meager 7 days. It may be inferred that though the rainfall received during South West monsoon is less yet it is well distributed enabling proper utilization of the rainfall.

The variability of rainfall is fairly large and that of seasonal/monthly rainfall still larger. In the Puducherry region, normal rainfall occur once in three years, slight deficit / excess rainfall occur once in five years and the large excess / large deficit rainfall occur once in hundred years.

2.5.2 Temperature:

The winter and summer months are not very severe. The temperature ranges from a minimum of 17°C to a maximum of 41°C. High variation is observed in the lower limit of minimum temperature during July to December, similarly there is significant variation in the upper limit of minimum temperature during the months of June and October.

2.5.3 Humidity

The humidity is comparatively higher ranging from 65% to 75% in general and becoming as high as 83% at times.

2.5.4 Wind speed

During Southwest monsoon period, wind blows predominantly from West-South-West direction, some times from Southwest and West directions. During the Northeast monsoon season, wind blow predominantly from north and sometime from North-North-West and North-North-East directions. The average wind velocity during winter period is 8.7 km/hr at 08.30 hr and 12.5km/hr. at 17.30 hrs, during the hot weather period; it is 10.2 km/hr at 08.30 hrs, 18.1 km/hr at 7.30 hrs and 12.0 km/hr for 24 hrs. During the Southwest monsoon, the wind velocity is 11.2 km/hr at 08.30 hrs, 14.1 km/hr at 17.30 hrs and 11.2 km/hr for 24 hrs and during the Northeast monsoon; it is 9.1 km/hr at 08.30 hrs. 9.6 km/hr at 17.30 hrs and 8.7 km/hr for 24 hrs.

2.5.5 Solar Radiation

Solar radiation intensity (from 06.00 to 19.00 hrs) during winter ranges from 0.07 to 62.66 Cal / cm² / hr, during hot weather range from 0.92 to 71.87 Cal / cm² / hr, during south-west monsoon it range from 1.00 to 59.46 Cal/ cm²/hr and during north-east monsoon it range from 0.10 to 44.43 Cal/ cm²/hr.

2.5.6 Evaporation

Evaporation during winter period was 237 mm, hot weather period was 498 mm, Southwest monsoon period was 694 mm and in the Northeast monsoon period was 301 mm. the annual evaporation is of the order of 1600 mm.

2.5.7 Potential Evapo-Transpiration (Thornthwaite's Method)

Mean monthly temperature of Puducherry station were utilised for computing month-wise potential Evapo-transpiration. During the winter period, the average potential Evapo-transpiration is 97 mm, in hot weather period it increases from 142 to 183 mm, during the Southwest monsoon, it decreases from 183 to 156 mm and in the Northeast monsoon period, it further decreases from 145 to 94 mm.

2.5.8 Relative Humidity

The average relative humidity during the winter period is 81% at 08.00 hrs and 71% at 18.00 hrs. During the hot weather period, it ranges from 81 % to 73% at 08.00 hrs and 75% at 18.00 hrs. During the Southwest monsoon, it ranges from 66% to 81% at 08.00 hrs and 64% to 79% at 18.00 hrs and during the Northeast monsoon; it is 87% at 08.00 hrs and 80% at 18.00hrs.

2.5.9 Sunshine Hours

During the winter period, the average sunshine hours is 10.2 hrs, during the hot weather period, it decreases from 10.3 to 9.5 hrs, during the Southwest monsoon and the Northeast monsoon periods, the average sunshine hours is about 7.1.

2.5.10 Cloud Density

During winter, the average cloud density is 59 percent in the mornings and 55 percent in the evenings. During the hot weather period, the average cloud density increases from 50 percent to 74 percent in the morning and 36 percent to 75 percent in the evenings. During Southwest monsoon period, the average is 84 percent in the mornings and 89 percent in the evenings. During Northeast monsoon period, the average is 77 percent in the mornings and 82 percent in the evenings.

2.5.11 Cyclonic Storms / Severe Cyclonic Storms (CS/SCS):

Puducherry and the adjoining areas are affected by Cyclone/ Severe Cyclones, which originate from the Bay of Bengal and move in a westerly northwesterly direction. From the frequency point of view there is no possibility of CS/SCS during January and February as well as June to September. During the Northeast monsoon period, the maximum number of cyclones/severe cyclones has been in number (i.e) 6 in frequency in the month of November followed by two in December and April and one each during March, May and October. The highest estimated wind speed in the order of 189 km/hr and the lowest estimated wind speed in the order of 83 km/hr have hit the Puducherry during the past.

2.6 AGRO-CLIMATE CLASSIFICATION OF THE PUDUCHERRY AREA

Climatic classification is made according to the Thornthwaite's technique using potential Evapo-transpiration values computed as per Thornthwaite's formula. As per this, the region falls under Semi-arid region. The technical data of the region are given below. From the above data it is clear that this region comes under dry sub-humid, mega thermal climate with moderate winter water surplus.

Technical Data on Evapo-Transpiration

Potential Evapo-transpiration	: 1732mm
Summer concentration	: 28.2 percent
Mean annual precipitation	: 1227 mm
Water surplus	: 308.5 mm
Water deficiency	: 648.0 mm
Humidity index	: 18.7
Aridity index	: 39.3
Moisture index	: 20.6

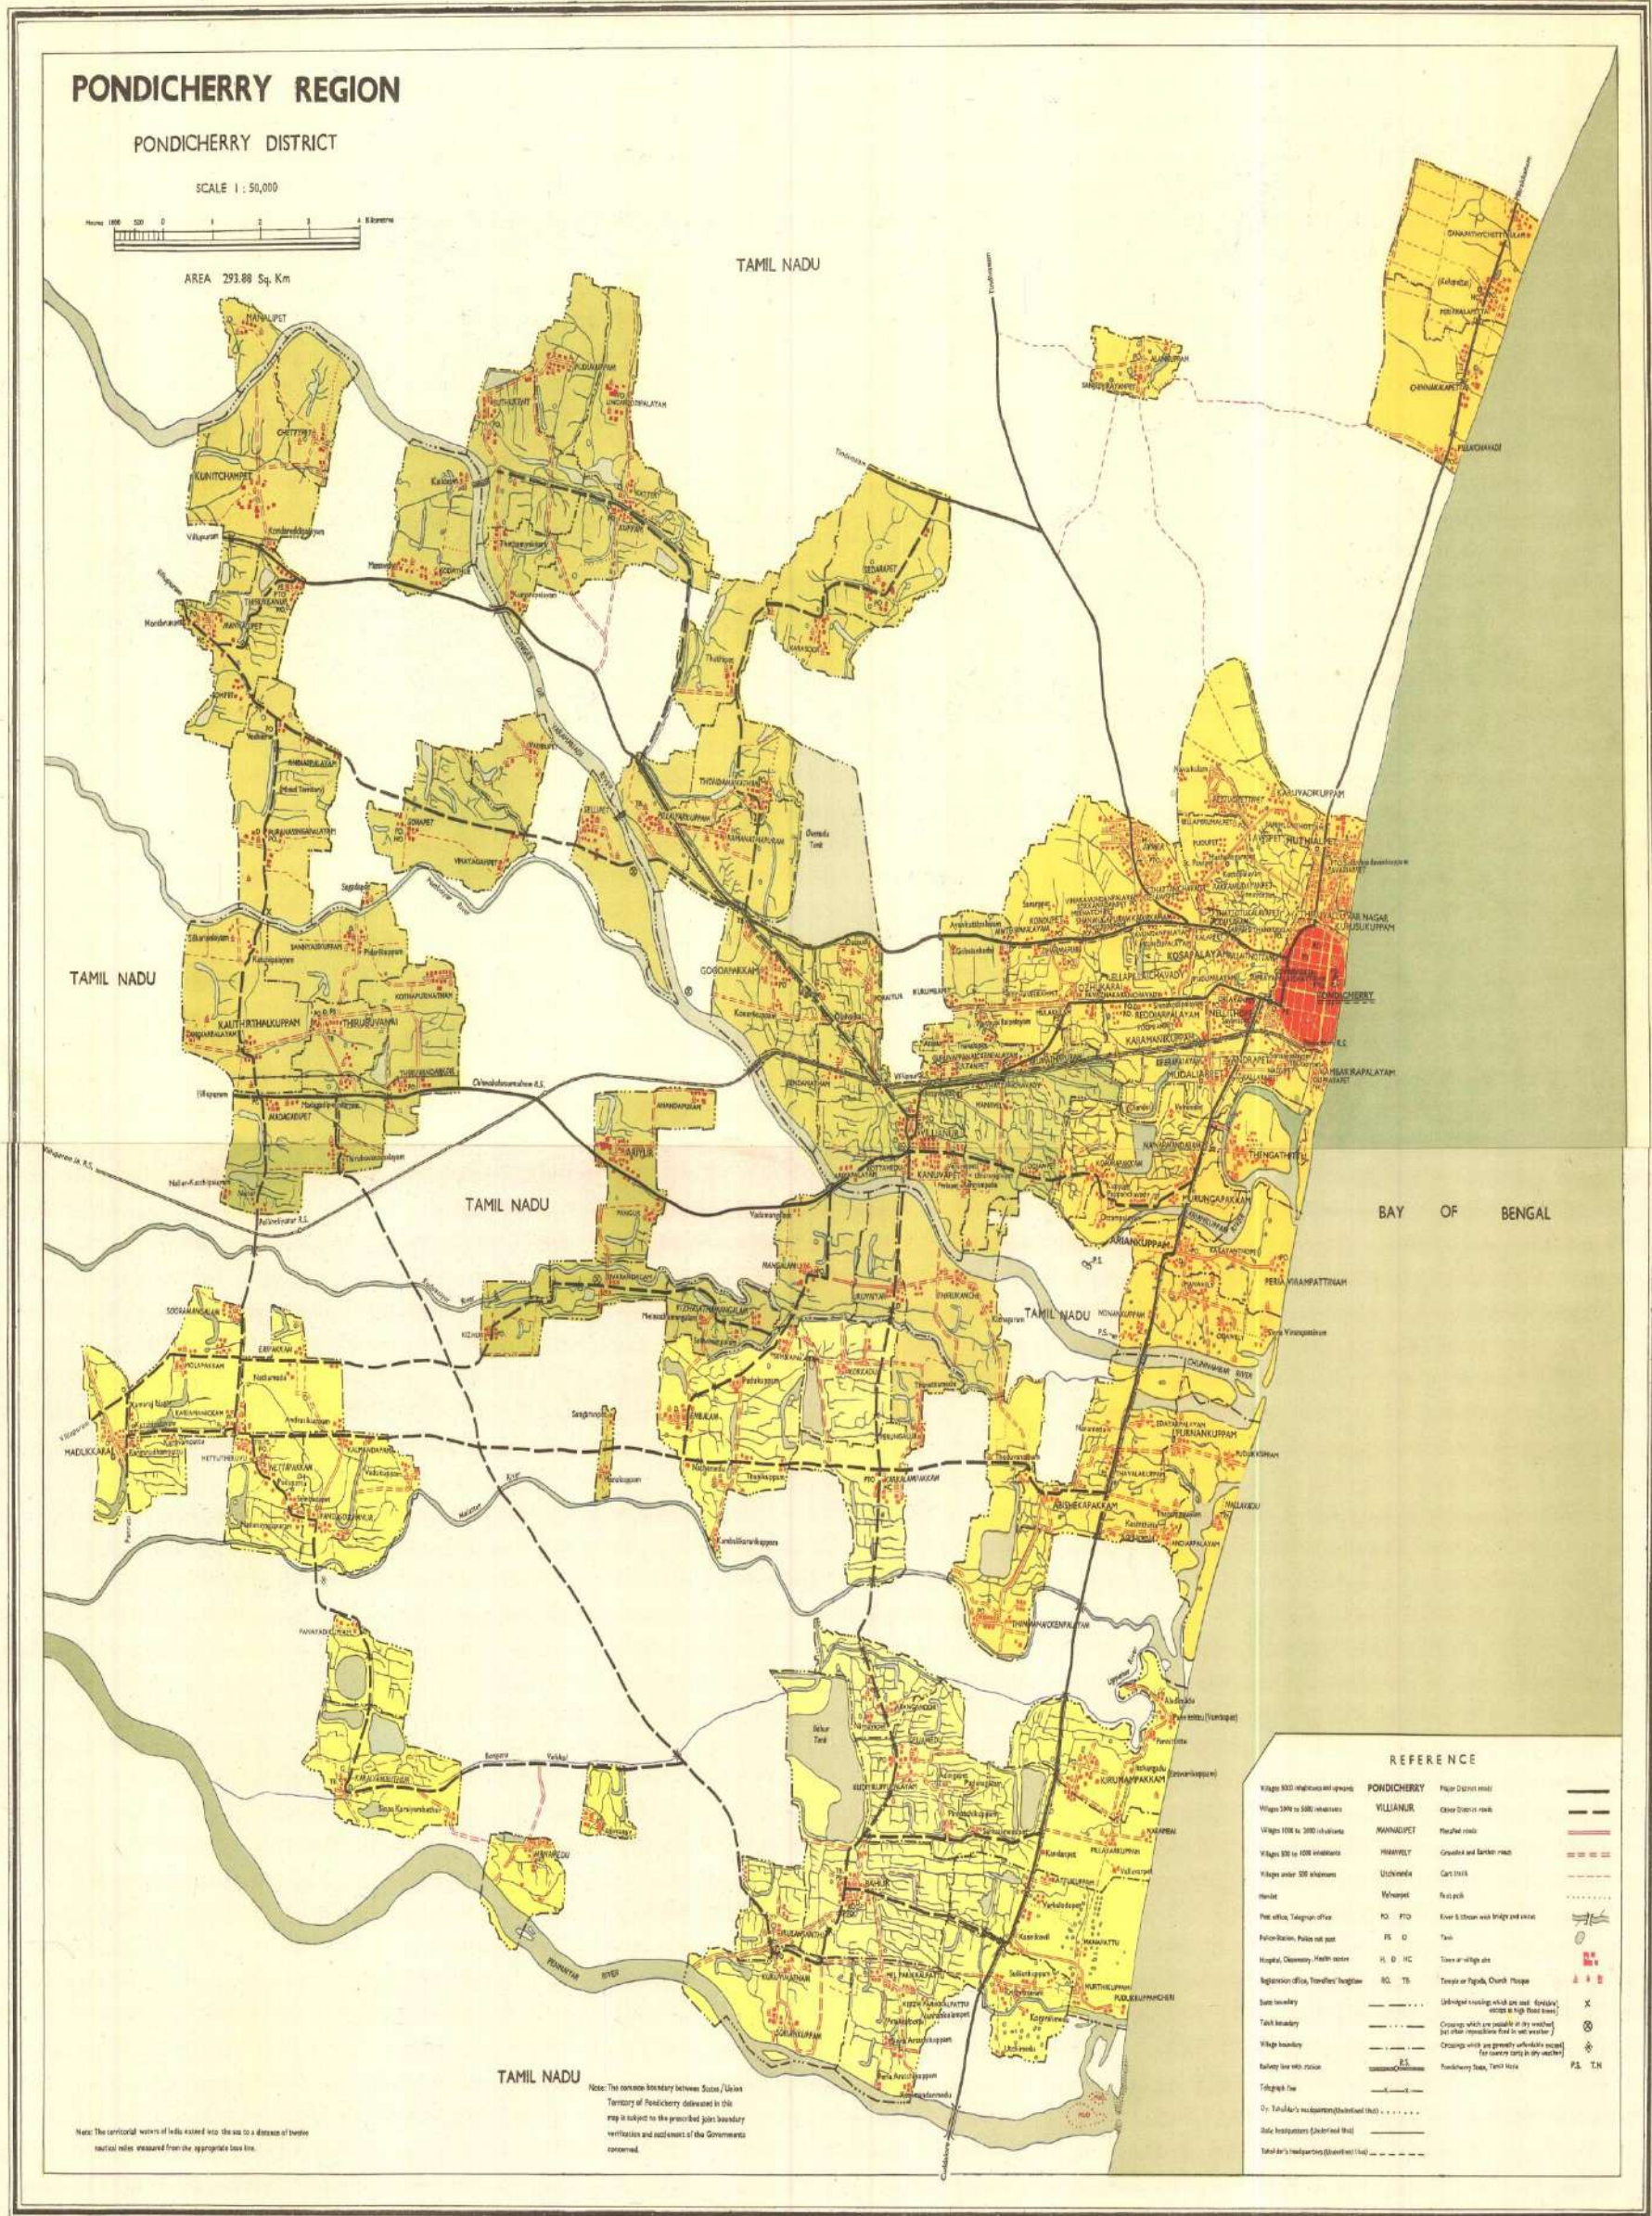

To sum up, the Puducherry and its neighborhood falls under rainfall surplus category and the temperatures are high in the months of May and June. The areas are chiefly benefited from the Northeast monsoon recording to 62 percent of the total amount of rainfall. It is also located close to the cyclone prone zone of the East coast namely Cuddalore. The maximum temperature varies from 28.2°C to 36.6°C and monthly potential Evapo-transpiration varies from 92 to 183 mm.

2.7 IRRIGATION & DRAINAGE SYSTEM IN PUDUCHERRY

During the year 2015-16, the Gross area irrigated under different sources of irrigation was 21080 hectares as against 21627 hectares in 2014-15. Tube wells and canals are main source of irrigation. Two rivers run into Puducherry region flowing from the neighbouring district of Tamilnadu at the estuary point viz., South Pennaiyar and Gingiyar, which is otherwise called as Sankaraparani. The two rivers and their branches are not perennials.

The Puducherry region is bestowed with 83 tanks which scattered in all over the region usually fills up during the North East Monsoon. In the back drop of depletion of ground water table, water is stored in the tanks for replenishing the ground water. In such way, tanks are serving only as a recharging mechanism by which groundwater table have enhanced considerably simultaneous with the prevention of intruding seawater in to sweet water aquifers. The water availability from this source for irrigation has been firmly inadequate. Hence, the necessity for more dependency on groundwater has been automatically increasing. As far as Puducherry region is concerned 100% of irrigation activities are undertaken depending upon ground water source. Paddy is the principal crop amongst all the crops cultivated in the wet land for three crop season irrigated my means of tube wells. Ponds exist in all over Puducherry region but they are not used for agricultural activities.

2.8 REGIONAL MAP OF PUDUCHERRY

2.9 TANKS AND RIVER NETWORK MAP OF PUDUCHERRY

3 CHAPTER STATISTICAL DATA

3.1 VITAL STATISTICS

Date of formation of UT / de jure transfer	16.08.1962
Area (including all regions)	492 sq. km
Latitude	Between 11 46' and 12 30' North
Longitude	Between 79 36' and 79 53' East
Estimated Population 2018	12,65,868
Population	Census 2011
Total Population	946600
Males	466143
Females	480457
Population Density	3232 per sq. km
Sex Ratio	1029 females per 1000 males
Literacy Rate	85.4
Per capita income	Rs.11677/-
Average Rainfall Puducherry Karaikal Mahe Yanam	} 2293.5 mm
Temperature	Max. 31.90°C ; Min. 24.50°C
Climate	Tropical
Time zone	IST (UTC+5:30)
Languages spoken	Tamil, English & French
Road length	
Road (P.W.D)	458.269
Road (Municipalities)	244.32
Road (Commune Panchayats)	1024.77

3.2 RAIN FALL

2. The knowledge of past experience is more essential to tackle the present situation. The statistical data is helpful in predicting the situation. The rainfall data for the past 23 years is as follows: -

(The rainfall reading is measured in mm)

YEAR	PUDUCHERRY Rainfall Reading
1998	2043
1999	1432
2000	1122
2001	935
2002	1086
2003	1067
2004	1296
2005	1564
2006	1247
2007	1091
2008	1844
2009	1450

YEAR	PUDUCHERRY Rainfall Reading
2010	1812
2011	1842
2012	967
2013	959
2014	1333
2015	2382
2016	657.10
2017	1506.3
2018	1211.0
2019	1507.8
2020	1728.6

3.3 DETAILS OF RIVER SYSTEM

Puducherry Region

Sl. No.	Name of the River	Total length (km)	Unprecedented flood level (Height in mts)	Highest flood level (Height in mts)	Moderate flood level (Height in mts)	No.of breaches occurred on river banks
1.	Gingee River	34.00	2.60	2.25	1.20	Nil
2.	Pennaiyar	6.00	2.40	2.10	1.50	Nil

Year	Details of calamity	No. of death
2004	Tsunami tragedy	601
2005	Heavy rain/flood in Puducherry during North east monsoon	5
2006	-	Nil
2007	Due to Whirl wind that occurred on 14.05.2008	4
	Cyclone at Yanam during the month of August 2007	2 (1-dead & 1 missing)
2008	Nisha Cyclone	4
2009	Heavy Rain due to North East Monsoon	4
2010	Heavy Rain due to North East Monsoon	4
2011	Very Severe Cyclonic Storm THANE	12
2015	Heavy Rain due to North East Monsoon	4
2016	Drought (Puducherry & Karaikal)	Nil
2017	-	Nil
2018	Flood (Yanam Region)	Nil
2018	Cyclone (Gaja) – Karaikal Region	Nil
2020	Cyclone (NIVAR) – Puducherry & Karaikal	Nil

4 CHAPTER VULNERABLE AREAS

Vulnerability is defined as “the extent to which a community, structure, service, or geographic area is likely to be damaged or disrupted by the impact of particular hazard, on account of their nature, construction and proximity to hazardous terrain or a disaster prone areas”. The concept of vulnerability therefore leads to calculation of risk. Risk management would therefore mean the level of social and economic ability to cope with the resulting event in order to resist major disruption or loss. This susceptibility and vulnerability to each type of threat will depend on its respective differing characteristics.

The rainfall data and water holding capacity of different tanks mentioned in the previous chapter give knowledge to what extent the community could withstand the flood situation. But it is not predictable in respect of low lying areas where the habitation exists as the situation not only depends on the rainfall but to what extent the area has been facilitated in draining the rainwater. Therefore in order to have periodical maintenance and to monitor the situation during rainy season, a list of low lying areas is given in the Annexure - V.

Those vulnerable have to be given top priority, immediate relief and rehabilitation has to be effected without much delay. Preparedness and prevention measures are cast upon more particularly on PWD and Local Administration Department and their duties and responsibility are enunciated in various chapters of this manual.

4.1 Hazard Risk Assessment and Vulnerability Mapping: Puducherry District

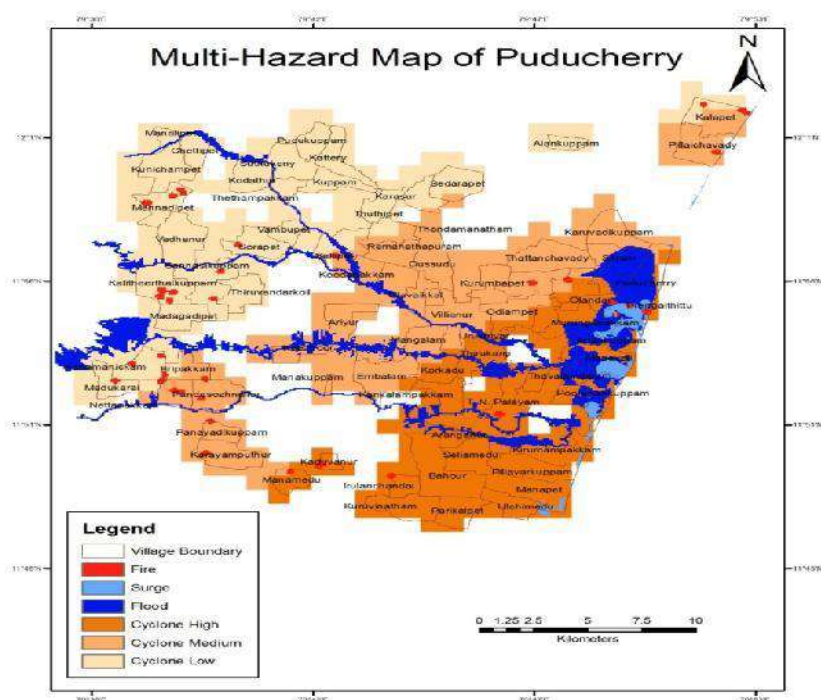

Puducherry region consists of four Taluks viz. Puducherry, Oulgaret, Villianur and Bahour. Among these, Puducherry and the Bahour are the coastal Taluks that lies in the heavy wind and cyclone zone while other four Taluks lies in the flood zone. Puducherry has the land slope from west to east and from north to south. Since the district is situated at the coastal, it drains water not only within the district, but also from the catchments close by relatively the mid land slopes make drainage difficult.

A part of the problem owes its genesis to the location of the district. The district has a coastline of approximately 24 km. Therefore the district is vulnerable to the Tsunami, cyclonic, low depressions and the resultant rains, which cause floods and storm water inundation.

Puducherry has an area of 292 Sq. Km. comprising of extremely fertile and well irrigated lands benefiting from water draining over fields and through major and minor river systems. The district however suffers from the flooding when excess water flows down these local rivers and over the fields due to Northeast monsoon rains in the river basins and in the district itself.

The drainage is poor and the encroachments over the drought years have lead to a scenario where, even rainfalls, which are slightly above normal, can cause floods disrupting the normal course of work. Coupled with this is the perennial problem of low water carrying capacity of the lakes.

Puducherry region has been classified as a multi-hazard prone district. It is highly vulnerable to cyclone, flood / heavy rains, tsunami, fire and industrial hazards. Tsunami 2004 severely affected the district. The region falls in earthquake zone II and does not have any history of damaging earthquake events. The district has a plain to rolling topography and is not vulnerable to landside hazard.

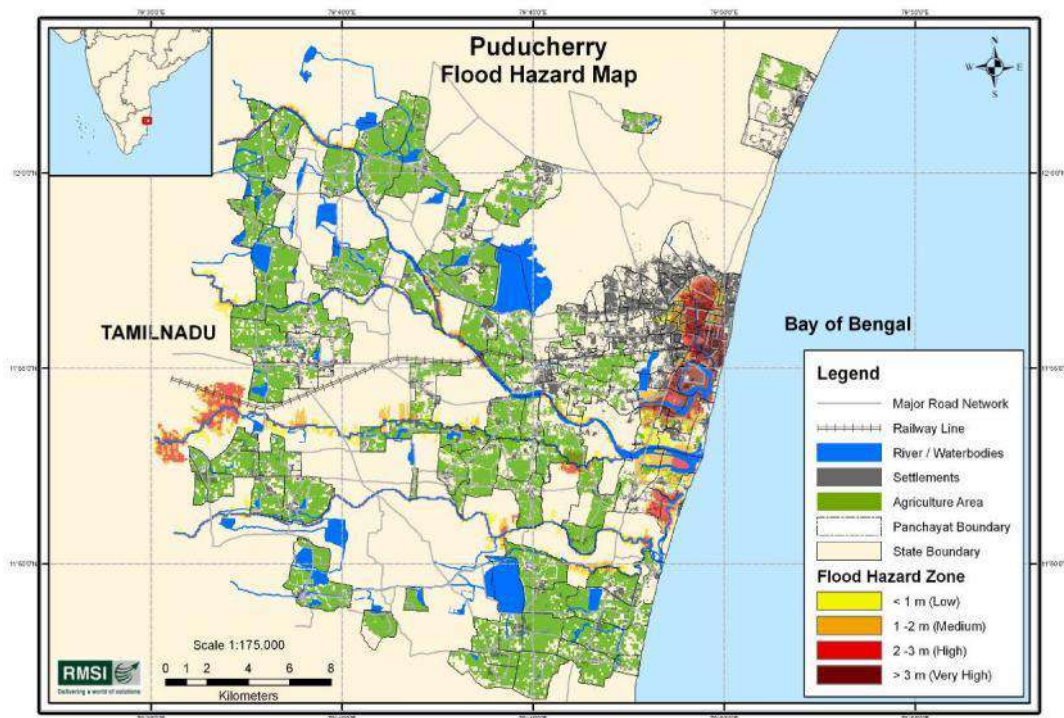

Multi hazard prone area in Puducherry district (map prepared based on grid based analysis in GIS)

The historical hazard data points towards a clear clustering of events in a certain part of the year. For instance, cyclone hazards occur in Puducherry district mostly in the months of November, December and January. Occurrence of heavy rain and flood is also during these months. Outbreak of epidemics either waterborne or vector borne disease, in the district is mostly during the rainy months. Most of the houses have access to tap water and incidences of waterborne diseases are likely to occur only when there is a catastrophic event like the 2004 tsunami.

Heavy rain /Flood

Heavy rain and flood occur frequently in Puducherry district. Heavy rains and floods often cause widespread damage to houses, infrastructure road and communication networks and agricultural crops. Some of the flood events have caused season long impacts on livelihoods for those depend on fishing and agriculture. The modelled flood hazard map is provided in Figure given below. The flood inundation affects mostly low lying areas along major rivers/drains and within 2-3km from the shoreline. Both Oulgaret and Puducherry municipalities are prone to flood hazard while the southern part of the district are relatively less affected by flood. Historical flood hazard data shows damaging floods occurred in 2007, 2006, 2005, 1998 and 1996.

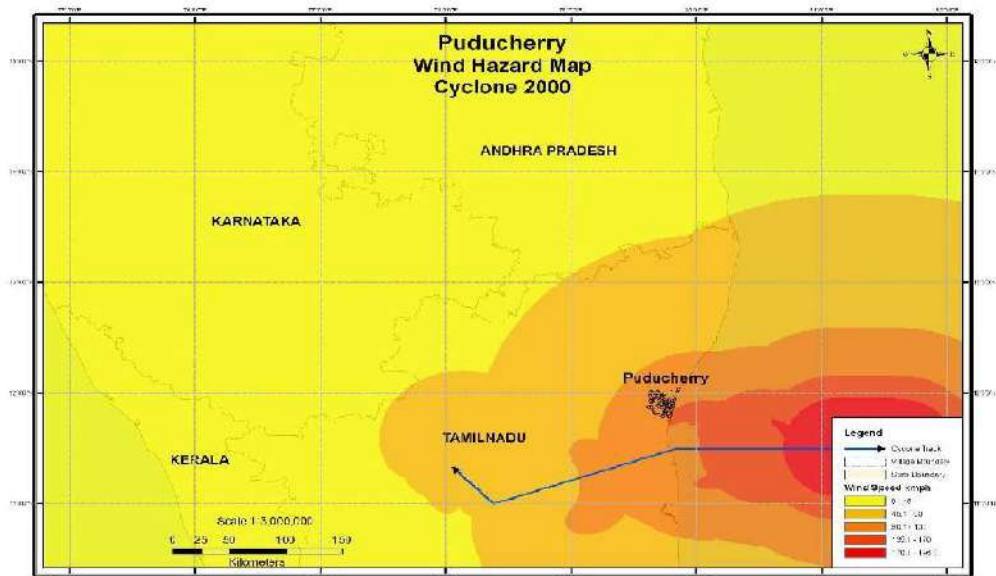

The coastal villages have a higher population density compared to the UT's average density of 2,547 persons/sq. km (as per 2011 Census data) and is more vulnerable to flood. As flood inundation/water logging affects Oulgaret and Puducherry municipalities to a greater extent than the rest of the district, urban population is affected more compared to the rural population in the district.

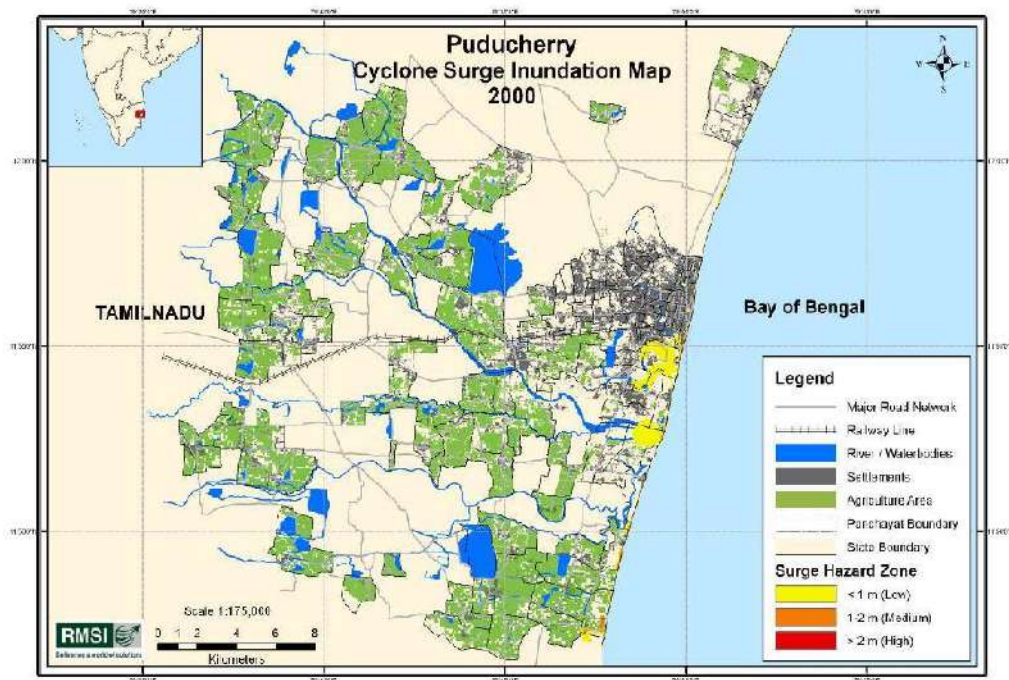

Flood hazard map: Puducherry district

Cyclone

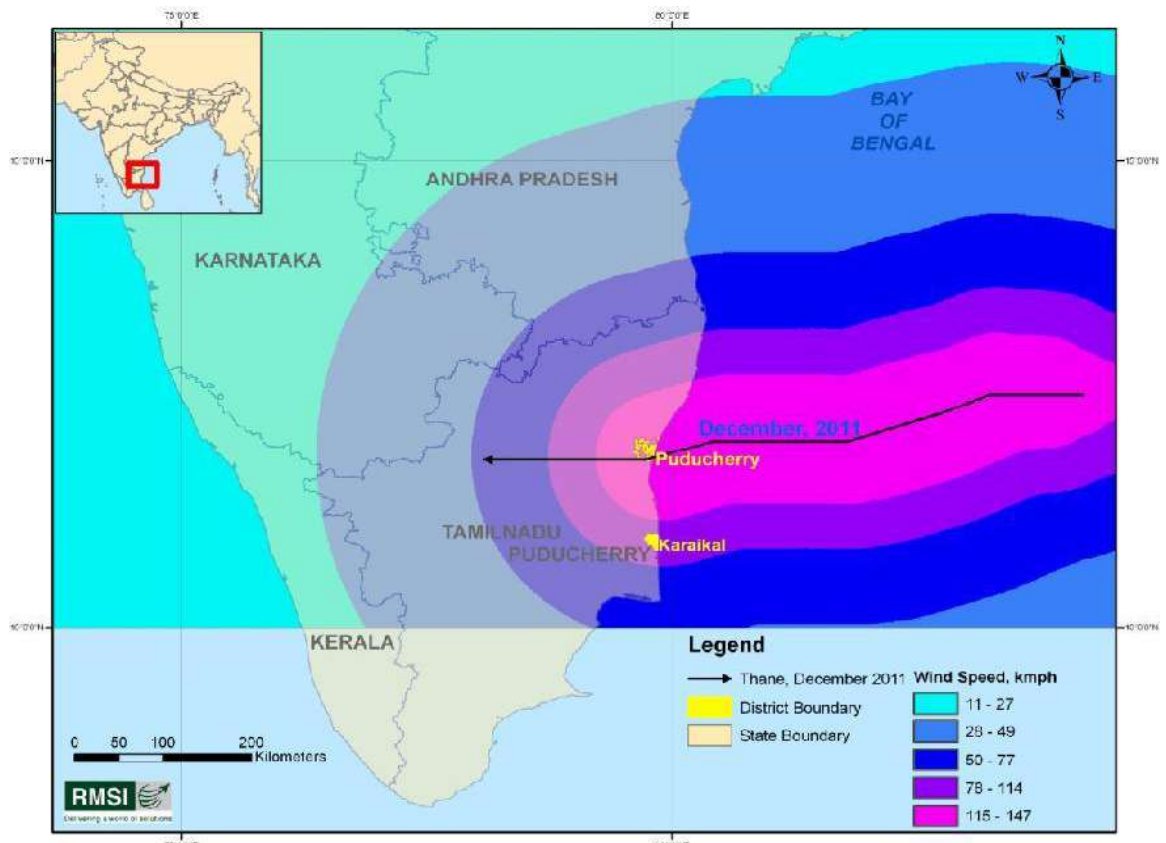

The east coast of India is vulnerable to cyclones originating in the Bay of Bengal mostly during November, December and January months. As per the BMTPC Vulnerability Atlas of India, the maximum probable wind speed in the district is 64 miles/sec and is categorized in the high damage risk zone (47 miles/sec). The cyclone Thane (2011), Nisha (2008), the cyclone of 2000 and 1993 caused wide spread damage in the district. The cyclonic situation can lead to wave surges leading to water inundation in the coastal areas. However, in the case of Puducherry district, the damage is often caused by high wind velocity than due to wave surge and water inundation.

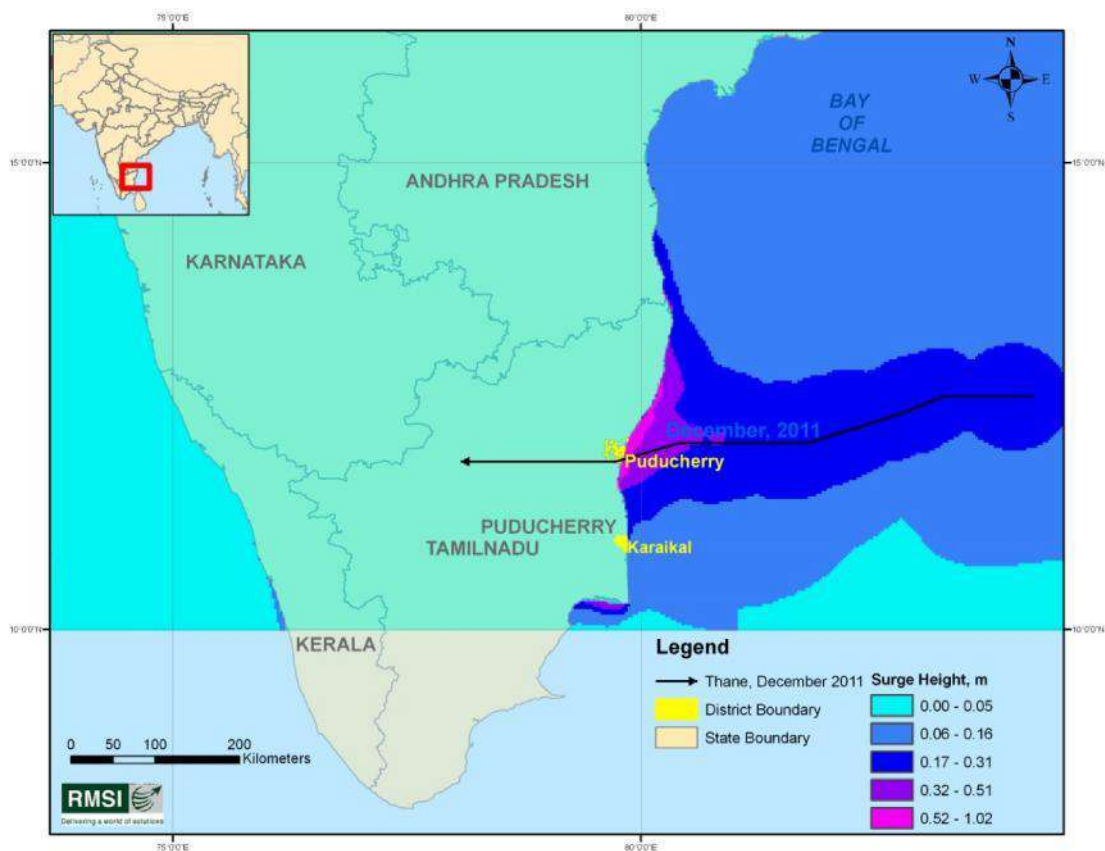

Wind hazard map (2000 cyclone) in Puducherry district and surrounding area

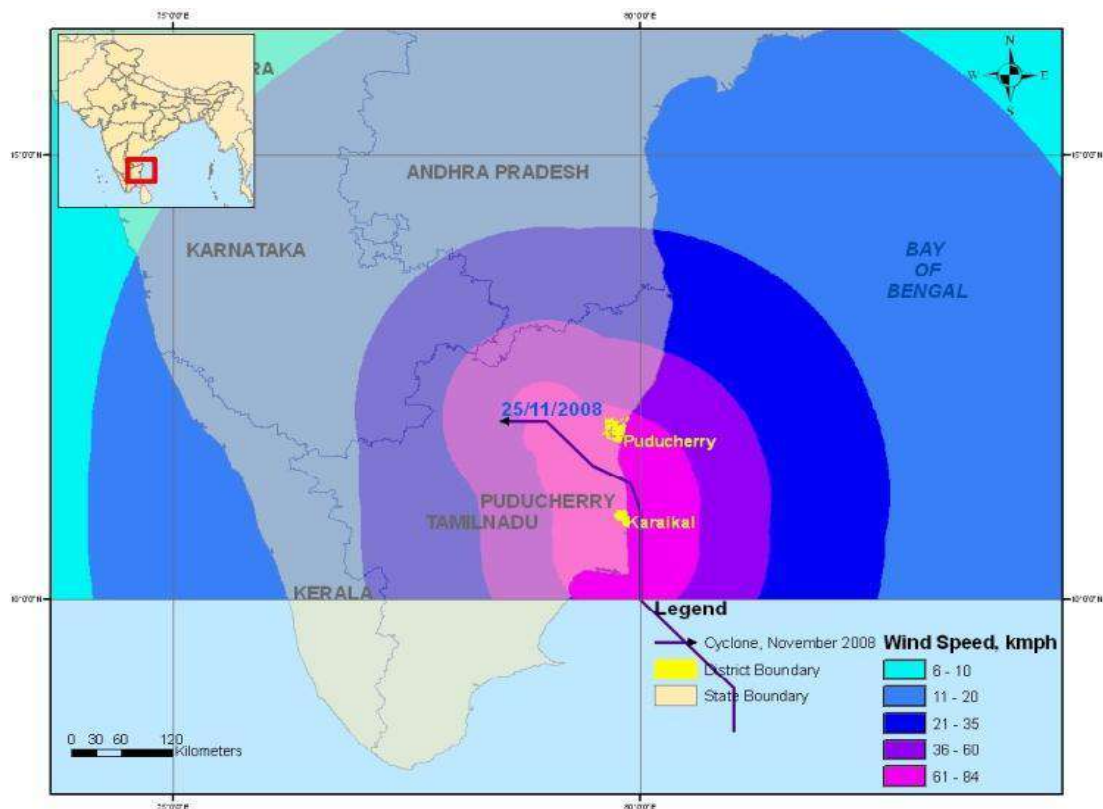

Cyclone (2000) surge inundation map: Puducherry district

Wind hazard map (Thane cyclone) in Puducherry and Karaikal district and surrounding area

Thane Cyclone surge map in Puducherry district and surrounding area

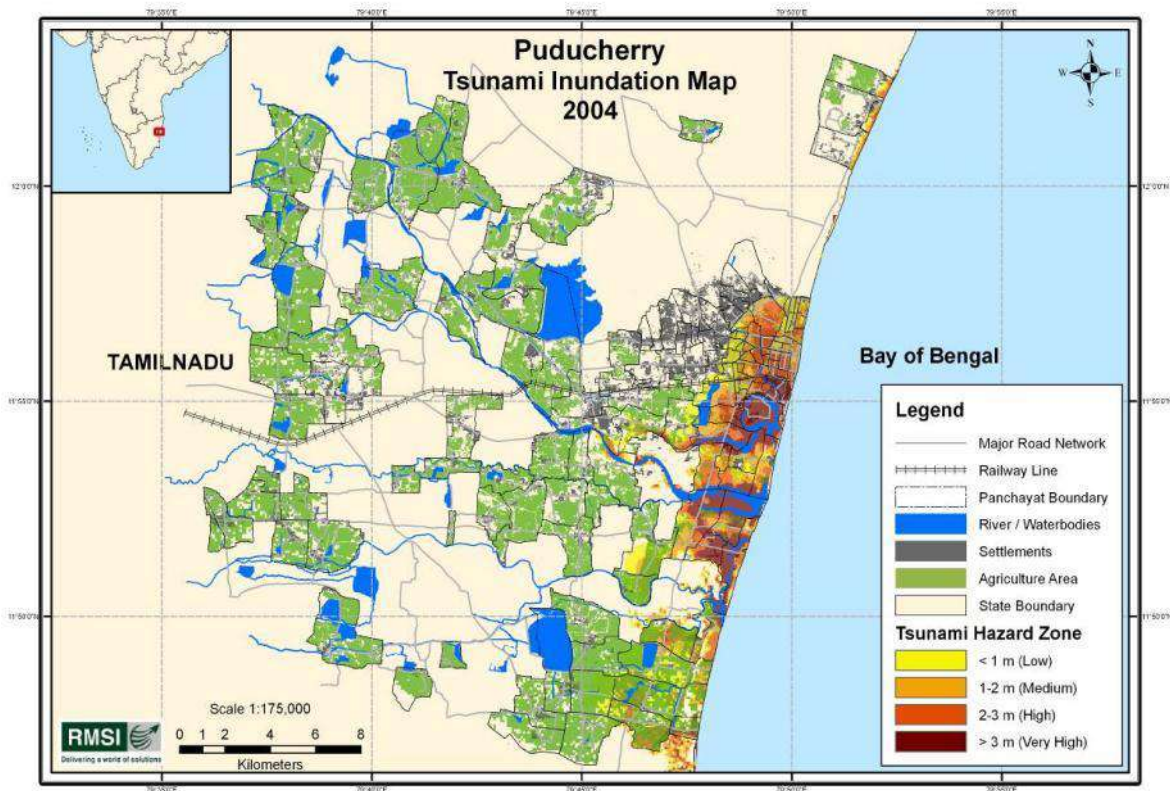

Wind hazard map (Nisha cyclone) in Puducherry and Karaikal district and surrounding area

Strong wind

The district is under the influence of strong winds mainly during May, June and July months due to the monsoonal activities in the subcontinent. During May, the peak summer period, unbalanced tropospheric temperature causes a downburst (strong wind normally sustained for not more than 3 to 5 minutes) coupled with heavy thunderstorm over the district. However, there is no record of damage and life loss due to strong winds in the district.

Tsunami

The 2004 tsunami caused wide spread damage and loss of life in the district. Apart from that, there is no historical event recorded in the district. Figure given below shows the modelled water inundation due to the tsunami 2004 in Puducherry district.

Tsunami (2004) inundation map: Puducherry district

Drought

Drought is not a common hazard in the district.

4.2 Probable Threat of Human Induced Disasters: Puducherry District

Nuclear

The nuclear power station installation of Kalpakkam (about 71 km north) and the Kudamkullam (about 400 km south) in Tamil Nadu are the closest nuclear installations to this district. Kalpakkam has all the safety norms and onsite and offsite disaster plans in place. There is no historical disaster events recorded in both these installations.

Terrorism

There is no historical terrorism related events occurred in the district in the past. However, considering that the district being one of the prime tourism destination and pilgrimage district, the risk involved is high.

Stampede

The district has several temples that conduct annual festivals where thousands gather, both pilgrims and tourist. As these are religious festival there is a large participation of women and children. For this reason, there is risk of stampede in case the crowd is not managed well. Some of the main annual festivals of the districts are:

1. Veerampattanam car festival of Shri Sengazhuneer Amman Temple is an annual festival that takes place in the beach of Veerampattanam in July-August month where thousands of people gather.

2. Masi magam is an important festival for Puducherry celebrated during the tamil month of masi, (February- March) on full moon day. This is one of the festival where largest crowd gather in Puducherry (more than 20,000) and main location are Kuruchikuppam and Vaitikuppam. Deities from as many as 38 temples in and around Puducherry are brought in ceremonial processions to the seashore for a symbolic immersion ceremony. The festival mainly host on the sea shore. This is an annual festival with a grand celebration every 12 years.

Industrial/chemical hazard

Puducherry has 41 large scale and 127 medium scale industries (Department of Industries and Commerce, Puducherry) which includes oil tanks and chemical industries handling highly inflammable products. Other than the toxic gas leak that happened in a factory of Chemfab Alkalis Limited in 26th January 2011, there is no major industrial hazard event reported in the district. However, due to the presence of large number of industries the district is categorised as moderate risk district. The environmental and land pollution due to the increasing use of disposable plastic bags is increasing particularly in the urban and coastal areas.

Fire hazard

During 2013, Puducherry district has recorded more than 600 big and small size fire events in domestic and commercial areas. The number of fire events has decreased compared to past; however, the economic loss due to fire is increasing. The large number of thatched houses which are susceptible to fire are being converted to pucca houses due to improved economic conditions and through the tsunami relief and reconstruction activities and Costal Disaster Risk Reduction Programme thus reducing the domestic fire vulnerability.

Location of operational and proposed fire stations in Puducherry district

(Source: RMSI 2013, Fire risk and hazard analysis in the country, Ministry of Home Affairs)

The fire risk and hazard analysis in the country shows 3 new fire stations in Puducherry district and all of them in urban area. This is based on the criteria set by ministry based on population density.

Epidemics

Influenza epidemics and vector borne disease like Dengue fever outbreaks have occurred in the district in recent years. The State surveillance unit, Integrated Disease Surveillance Programme (IDSP) monitors the influenza outbreaks. The past ten years influenza trend and the relation with weather factors were also studied and published in International Journal of Infectious Diseases vide reference(1):

Similarly, influenza outbreaks were responded to be the rapid action teams and the various influenza outbreak patterns were studied by the department (2).

1. Ravivarman L, Sugunan A, Kar SS, Devika S, Srividya V, Ganeshkumar P. A decade with climatic factors and seasonal activity of influenza A H1N1, Puducherry, India, 2009–2019. *Int J Infect Dis.* 2020 Dec 1;101:265–6.
2. L. Ravivarman. Descriptive epidemiology of recent three Influenza AH1N1 outbreaks in Puducherry district, India, 2019. *BMC Proc.* 2021 Aug 19;15(11):17.

The Vector borne diseases like dengue are monitored by the NVBDCP office and appropriate actions taken.

Transportation of hazardous material

There is a heavy traffic of petroleum vehicles coming to the district as well as to the neighbouring places of Tamilnadu.

Road/train accident

Puducherry has a good network of roads. However, there is a high density of vehicles in the district. However, the increase in number of vehicle, people's scant regard for traffic rules, parking in non-designated areas etc. have lead to traffic congestion and increase in accidents particularly in the municipal areas.

4.3 Risk and Vulnerability Assessment Puducherry

The UT has carried out the risk and vulnerability assessment for Puducherry districts in 2010. Baseline data related to bio-physical, socio-economic and infrastructure were collected from various secondary and primary sources and organised in GIS. Puducherry Decision Support System (PDSS), a GIS based application system is also developed which has the capability of organising various thematic data, perform queries, analyse and generate map prints. The application also has the capability of generating statistical reports and perform simulation hazard models for cyclone, flood and tsunami. The model can generate maps and summary tables on probable losses in terms of life and assets. This kind of exercise can help in developing mitigations and can be used for relief and rescue operations. The central kitchens and shelter locations and important emergency information are also store in this system which can be easily retrieved both in the form of maps (true to scale) and in summary tables.

This District Disaster Management Plan has to be implemented keeping in mind the following hazards which also include natural calamities like cyclone, heavy rain, tsunami and Man-made disaster like Chemical pollution, Fire accidents etc.

5 CHAPTER
CRISIS MANAGEMENT FRAMEWORK
AND

DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

The Department of Revenue and Disaster Management, Puducherry has formulated the “Crisis Management Framework and Standard Operating Procedures” for the UT of Puducherry. Different types of crises, various elements and phases of crisis management, Incident Response System (IRS), Emergency Support Functions and SOPs for ESF Teams and their Quick Response Teams (QRTs) are explained in the Framework.

5.1 THE INCIDENT RESPONSE SYSTEM FOR PUDUCHERRY

The Incident Response System (IRS) is an on-scene, all- risk, flexible modular system adaptable to any scale of natural as well as man-made emergency/incidents. The IRS seeks to strengthen the existing disaster response management system by ensuring that the designated controlling/responsible authorities at different levels are backed by trained Incident Response Teams (IRTs), whose members have been trained in the different facets of emergency/disaster response management. The IRS will not put in place any new hierarchy or supplant the existing system, but will only reinforce it. When an IRT is deployed for an incident, all concerned agencies of the Government will respond as per the assessment of the Team.

This system therefore enables proper coordination amongst the different agencies of the Government. The four Response functions in the Incident Response System are as follows:

1. Responsible Officer - Has overall responsibility at the incident. Determines objectives and Establishes priorities based on the nature of the incident, available resources and Government policy.
2. Operations - Develops tactical organization and directs all resources to carry out the Incident Action Plan (IAP).
3. Planning - Develops the Incident Action Plan (IAP) to accomplish the objectives. Collects and evaluates information and maintains status of assigned resources.
4. Logistics - Provides resources and all other services needed to support the organization.

Incident Response System for District

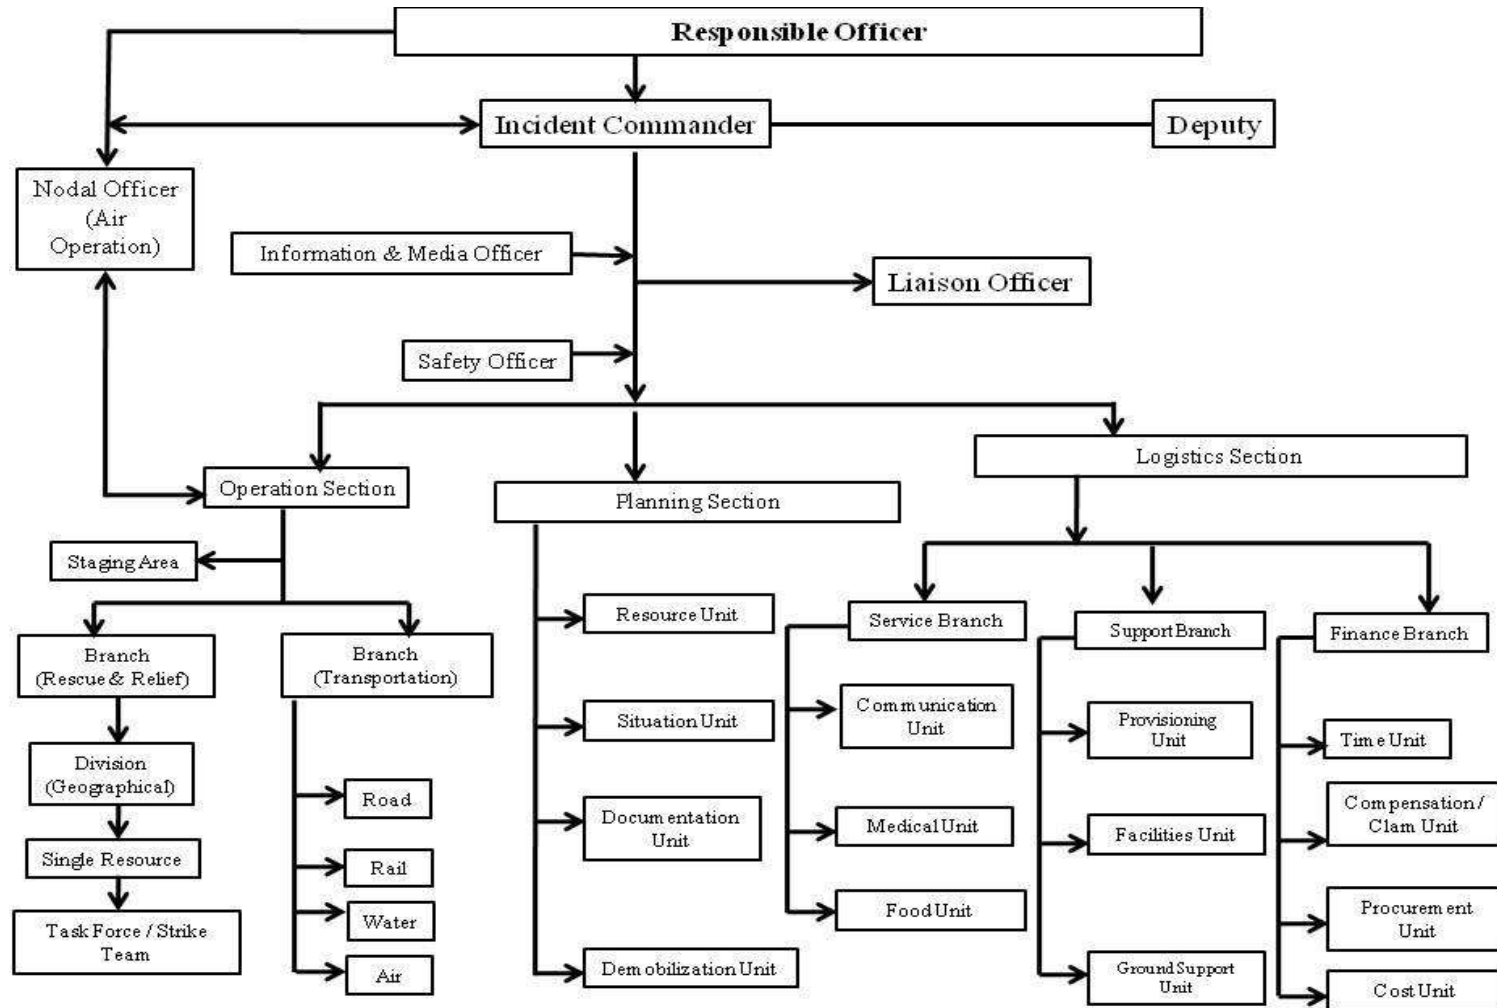

Figure -1 Incident Command System for the District

b) District Level Incident Response System:

At the District level, one District Headquarters Team with the primary function of assisting the Collector (Responsible Officer) in handling tasks like general coordination, distribution of relief materials, media management and the overall logistics is envisaged.

In the District level, Incident Responsible System the Collector is responsible officer. Senior Superintendent of Police (L&O) is the Safety Officer, Public Relations Officer, Information Department is the Information Officer and Commissioner, Municipality is the Liaison Officer to the Incident Commander. Planning Unit headed by Joint Director (Planning), Logistic Unit headed by Superintending Engineer (PWD), Operation Unit headed by Sub Divisional Magistrate and Finance headed by Deputy Director of Accounts and Treasuries. Situation unit headed by Block Development Officer, Resource Unit headed by Regional Transport Officer, Supply unit by Deputy Director (Civil Supplies), Medical Unit by Deputy Director (Health).

5.2 EMERGENCY SUPPORT FUNCTIONS

Emergency Support Functions are some of the most common functions carried out in any response activity to a disaster either man-made or natural. The causes of emergencies vary but the potential effects of these emergencies are similar. Irrespective of the disaster or crisis situation the types of support functions are fairly similar and such support functions are called as Emergency Support Functions.

The Crisis Management Plan is based on the premise that the Emergency Support Functions (ESFs) performed by various Departments and organizations during emergency operations generally are similar to the normal day to day functions. The same personnel and material resources will be employed in both cases. Day-to-day tasks or operations that do not contribute directly to the emergency may be suspended or re-directed for the duration of any emergency disaster and efforts that would normally be assigned to those tasks will be channeled towards emergency and disaster ESF as assigned.

Emergency Support Functions is a functional area of response activity established to facilitate the delivery of critical assistance required during their immediate response phase of a disaster / crisis to save lives, protect property and public health, and to maintain public safety.

It is important to note that while the causes of emergencies vary greatly, the potential effects of emergencies do not. This means that the District can plan to deal with effects common to several hazards, rather than develop separate plans for each hazard. For example, earthquakes and floods, can force people from their homes. The District administration can develop a plan and an organization around the task, or function, of finding shelter and food for the displaced with minor adjustments for the probable rapidity, duration, location, and intensity of different hazards based on the requirements. The District administration can do the same for other common tasks. In fact, a critical aspect of planning for the response to emergency situations is to identify all of these common tasks, or functions, that must be performed, assign responsibility for accomplishing each function, and ensure that tasked organizations have prepared SOPs that detail how they will carry out critical tasks associated with the larger function.

The incident commander (State level) is authorized to trigger a particular ESF into operation based on the nature and magnitude of Crisis/Disaster.

Emergency Support Functions-for UT of Puducherry

ESF	Major Responsibilities	ESF Team Leader/ Primary Agency	Support Agencies
ESF #1 Communication	Establishing, maintaining, augmenting, and providing backup for all types of communication devices needed during emergency response operations	SSP (Traffic)	BSNL, NIC, Electricity Dept., ITDept, HAM radio operators, DD/AIR , Private telecom operators,
ESF#2 Emergency Medical Services and Public Health	Mass casualty management, Public health, medical, mental health services	Director (Health) Health Department	GH, JIPMER, PIMS, MGDCRI, blood banks, Ambulance services, Rotary, Lions Club, Red Cross, MGPIIDS, MTPG RIHS, Revenue, LAD, Electricity Dept., Police, NCC and all health institutions in Puducherry district, voluntary health organizations and other line departments
ESF #3 Emergency Warning, Public Information Help line	The flow of accurate and timely emergency information is critical to the protection of lives and property in the wake of a catastrophic event. Preparation and dissemination of notifications, updates, warnings and instructional messages making the help line operational	Collector/ DRDM	Information and Publicity Dept., Port, Fisheries Department, Coast Guard Planning and Research Dept., Education Dept., NIC, media, NGOs, Dept. of Health, DD/AIR, PWD, Port, Coast Guard
ESF #4 Search & Rescue	Removal of trapped and injured persons from buildings collapses and other structural collapses, administering first aid and assisting in transporting the seriously injured to medical facilities. This activity involves the use of professional and voluntary search teams including the use of dog teams.	Divisional Fire Officer (DFO)/ Fire Services	Police, Home Guards (IRBn), Dept. of Health, municipality, Block development office, Taluk Office, Commune panchayat, PTDC, NCC, Fisheries, Dept., Animal Husbandry, Coast Guard, Dept. of Town and Country Planning, Electricity Dept.

ESF # 5 Transport	Provides transportation out of a disaster area of people in need, and provides transportation essential to support emergency response in the event of a disaster, coordinating for resurrection of transport infrastructure	Transport Commissioner/ Transport Department	Southern Railways, Dept. of Fisheries, Private vehicle owner's association, PRTC, PTDC, Pasic, GAW, Under Secretary (Estt), Education Dept., PASIC, PAPSCO
ESF # 6 Evacuation	Immediately following an earthquake people may need to be evacuated from structures that have been damaged and are likely to receive more damage when hit by one or more of the aftershocks	Collector/ Revenue	LAD, (Municipality & communes), NCC, BDO, RD Department, Police, Dept. of Fisheries, Transport, Dept. of Industries, Dept. of AD welfare, PWD, Dept. of Town & Country Planning, Chief Inspector of Factories.
ESF # 7 Debris Clearance & Equipment support	The identification, removal, and disposal of rubble, wreckage, and other materials which block or hamper the performance of emergency response functions and procure needed equipment from support agencies using IDRN; should be a high priority action	Chief Engineer/ PWD	LAD, Under Secretary (Works), Municipality & commune Panchayat, BDO, Police, Revenue, Forest Dept., Electricity Dept., Animal Husbandry, Taluk office, Earth moving Equipment owners Association, Builder's Association.
ESF # 8 Damage Assessment	Conduct of ground surveys to determine the scope of the damage, casualties, and the status of key facilities	Collector/ Revenue	Agriculture, AHD, LAD, PWD, DRDA, PASIC, PIPDIC, DIC, Industries Dept., Dept., of Tourism, Electricity Dept., Statistics Dept., civil society organisations, Fisheries Department
ESF # 9 Relief Camps	Accommodating homeless and affected people and providing mass care	Director, Department of Women & Child Development	Education Department, Electricity Department, Municipalities & Communes, BDO's, PWD, AD welfare, Director of social welfare, Department of Health, Contractors Association, civil society organisations.

ESF # 10 Food and Civil Supplies	Optimizing Food and Civil Supplies to the needful	Director Civil Supplies/ Civil Supplies Department	Agriculture Dept., Dept. of Chamber of Commerce, PAPSCO, PASIC, PONLAIT, P Education Dept., Electricity Dept., Ad welfare, Puducherry Institute of Hotel Management, Transport Dept., Hotel owner's Association, NGOs.
ESF # 11 Water Supply and Sanitation	Restoration and repair of water supply system to minimize the impact on critical service to the public	Superintending Engineer/ PWD	LAD, Municipality & Commune Panchayat, Health Dept., DRDA, NGOs.
ESF # 12 Electricity Restoration	Restoration and repair of electrical power system to minimize the impact on critical service to the public	Superintending Engineer/ Electricity Department	LAD, PWD, PPCL, Electrical Contractors.
ESF # 13 Public works and Engineering	Infrastructure protection and emergency repair Infrastructure restoration.	Chief Engineer/ PWD	NHAI, LAD, Housing Board, Electricity Dept., Forest Dept., Police Dept.
ESF # 14 Fire Fighting / Hazardous Materials Response	Coordinating of fire fighting operations, Hazardous materials (chemical, biological, radiological, etc.) response Environmental short-term cleanup	DFO/ Fire Services	Police, IRBn, Coast guards, NCC, Industries Dept., Inspector of Factories, Labour Dept., Dept. of Atomic Energy, Science and Technology, Dept. of Health, Port Dept.
ESF # 15 Law and Order Enforcement	Law and Order enforcement for Public Safety	SPs/ Police	Judicial Dept., Revenue, NSS, NCC.
ESF # 16 Resources Mobilization; Contracting Services; Volunteer and Donation Support;	Mobilizing support (human, equipment and other) from various organizations. Contracting Services, mobilizing volunteer support, facilitating donations	Director of Social Welfare Department	Revenue, Education Dept., PIPDIC, NGOs, NCC, NSS

5.3 ROLE OF DEPARTMENT OF REVENUE & DISASTER MANAGEMENT

The Department of Revenue and Disaster Management is the Nodal Department for management of disasters. DRDM is also entrusted with the entire gamut of relief and rehabilitation activities in the wake of any disaster. The Crisis Management Framework provided that the Relief and Rehabilitation Commissioner (RRC) is the Incident Commander for the Union territory while the District Collectors, Puducherry and Karaikal are the incident commander for the respective regions and the Regional Administrators, Mahe / Yanam who are also the Sub/Deputy Collectors (Rev.) are the incident commanders for Mahe and Yanam, respectively. Therefore, the DRDM is responsible for management of disasters and the relief and rehabilitation activities undertaken post disaster.

In the Crisis Management Framework (CMF), the DRDM is entrusted with three vital Emergency Support Functions, viz.,

- a. ESF – 3 - Emergency Public Information, Help Line & Warning
- b. ESF – 6 – Evacuation, and
- c. ESF – 8 – Damage Assessment.

Besides the above ESFs, DRDM is also a Support Agency for various ESFs and has nominated Team Members for other ESF teams as well.

5. The CMF explains in detail the variety of functions/tasks to be undertaken by the DRDM in respect of the said three ESFs. All the three ESFs have their own Quick Response Teams (QRTs) and their SOPs have also been explained. The details of various ESFs and their members along with the contact numbers is given in the Annexure - XIII. The objective of this Puducherry District Disaster Management Action Plan is to delineate duties to various revenue officials so as to help the ESFs / QRTs of the above said ESF 3,6 and 8.

5.4 ZONAL OFFICER:

For the purpose of effective and efficient management to meet out any eventuality, Puducherry region of the District of Puducherry is sub-divided into 4 Zones. Each Zone will be co-terminus with the jurisdiction of a Taluk Tahsildar of the respective taluk, (*The list of Zonal Officers is at Annexure-I*). The Zonal officers shall report to the Team Leader of the QRTs for the Emergency Support Function 6 and 8 who are the jurisdictional Sub / Deputy Collector (Rev.).

The Tahsildar – cum - Zonal Officer will be provided necessary assistance to the Task Forces constituted under them. Zonal officers shall report to the Sub/Deputy Collector (Revenue)–cum-Sub-Divisional Magistrate concerned and take stock of overall situation and act accordingly in providing relief, rehabilitation and assessment of damages etc. in consonance with the provisions of the Crisis Management Framework by coordinating the activities with other ESF Teams and their respective QRTs. The Zonal Officer shall be subordinate to the District Collector and shall function as per the directions and orders of the District Collector or the Sub Divisional Magistrates.

5.5 TASK FORCE:

The Puducherry region has 11 Firkas (*The list of Taluks, Firkas & Revenue Villages is given at Annexure-III*). A Task Force will be set-up for every Firka which will be headed by a Revenue Official not below the rank of Dy. Tahsildar who will be designated as the Task Force Leader. Besides Revenue Officials, Junior Engineer of PWD / Local Bodies are also member of the Task Forces. Then the Junior Engineers shall co-operate Gangman / Mazdoors working in their office to work under them during natural calamities. The Puducherry District Disaster Management Action Plan of the Firka Task Force is given below. The Proforma of the Situation Report to be submitted by the Leader of the Task Force is also given.

5.5.1 TEAM MEMBERS OF THE TASK FORCE:

The Task Force shall comprise the *Firka jurisdictional* Revenue Inspector and Village Administrative Officer (Annexure – IV). The Task Force shall work in close coordination with QRTs of other ESFs. It shall be the duty of the Task Force Leader to get acquainted with the following officials of other line departments who are contributing their services to various ESFs/QRTS.

- a. Welfare Inspectors (AD Welfare / Women & Child / Social Welfare)
- b. Civil Supplies Inspector / Civil Supplies Officer
- c. Fisheries Department and Coastal Police officials covering the coastal area
- d. Agriculture Officers of Agriculture Department
- e. Jurisdictional officer of Animal Husbandry Department
- f. Junior Engineer of P.W.D.
- g. Junior Engineer of Electricity Department
- h. Village Level Worker of Rural Development Department

5.5.2 HEAD QUARTERS OF THE TASK FORCE:

The Department of Revenue & Disaster Management has identified the Head quarters of every Task Force as detailed at *Annexure-II*.

5.5.3 OPERATION OF THE TASK FORCE:

The Task Force shall function under the direct supervision of the Zonal Officer. The Task Force shall immediately report to the Zonal Officer about any requirement to meet the eventuality and will in turn contact the State Emergency Operation Centre (SEOC) and/or directly to the Team Leader of the concerned ESF / QRT under intimation to the SEOC. The Task Force shall requisition the services of the resources of all other ESFs/ QRTs, & Fire Services whenever required.

5.5.4 CONTINGENCY FUND:

The Zonal Officer who is in-charge of the operation of the Task Force shall utilize the contingency fund provided by the Department of Revenue & Disaster Management to meet out any immediate requirement/expense at their own discretion.

5.5.5 VEHICLES TO TASK FORCE:

13. In order to enable each Task Force to function swiftly in mitigating, responding and extending relief assistance to the victims, each Task Force will be provided with one TATA SUMO / JEEP / BOLERO. Vehicles and other equipments like JCB, Grane, Poclain, etc., for excavation of earth/debris, pumping out flood water from a low lying area, etc during exigency shall be requisitioned from ESF 7 and its QRT.

The Task Force will be supplied with sufficient number of basic requirements such as i) Firka-wise list of low lying areas (*listed in Annexure-V*); ii) Details of telephone numbers of Important officers (*listed in Annexure-VI*); iii) List of Central Kitchens (*listed in Annexure-XI*); iv) List of Hospitals and Medicare facilities and ambulance services (Annexure – VII); v) Details of Regional Meteorological Centres (Annexure – VIII); vi) Details of NDRF / Coast Guard / NCC (Annexure – IX); vii) Important contact numbers of Neighboring Districts (Annexure – X); viii) Details of media (Annexure – XII); Details of Veedur Dam and Sathanur Dam (Annexure – XV) and ix) One Public Address System (hired as per necessity).

5.6 POWERS OF THE STATE / DISTRICT AUTHORITY UNDER THE DISASTER MANAGEMENT ACT, 2005.

5.6.1 Section 63 – Powers to be made available for Rescue Operation

Any officer or authority of the Union or a State, when requested by the National Executive Committee, any State Executive Committee or District Authority or any person authorised by such Committee or Authority in this behalf, shall make available to that Committee or authority or person, such officers and employees as requested for, to perform any of the functions in connection with the prevention of disaster or mitigation or rescue or relief work.

5.6.2 Section 65 – Powers to requisition resources, provisions, vehicles, etc.

1. If it appears to the National Executive Committee, State Executive Committee or District Authority or any officer as may be authorised by it in this behalf that
 - a) any resources with any authority or person are needed for the purpose of prompt response;
 - b) any premises are needed or likely to be needed for the purpose of rescue operations; or
 - c) any vehicle is needed or is likely to be needed for the purposes of transport of resources from disaster affected areas or transport of resources to the affected area or transport in connection with rescue, rehabilitation or reconstruction,

such authority may, by order in writing, requisition such resources or premises or such vehicle, as the case may be, and may make such further orders as may appear to it to be necessary or expedient in connection with the requisitioning.

2. Whenever any resource, premises or vehicle is requisitioned under sub section (1), the period of such requisition shall not extend beyond the period for which such resource, premises or vehicle is required for any of the purposes mentioned in that sub-section.

3. In this section,

- a) “resources” includes men and material resources;
- b) “services” includes facilities;
- c) “premises” means any land, building or part of a building and includes a hut, shed or other structure or any part thereof;
- d) “vehicle” means any vehicle used or capable of being used for the purpose of transport, whether propelled by mechanical power or otherwise.

5.6.3 Section 69 – Delegation of Power

All the Firka-wise Task Forces are constituted by the District Disaster Management Authority. The Deputy Tahsildars-cum-Executive Magistrates who head the Task Forces are hereby delegated the following powers as envisaged in the Disaster Management Act, 2005 in connection with any disaster.

- a) Powers to issue such guidelines/instructions or orders or directions to all departments relating to relief and rehabilitation of any calamity including Police, Fire Services Home Guards as might be considered necessary for the purpose of effectively carrying out the relief and rehabilitation operations and it shall be duty of such persons and authorities to carry out such guidelines, instruction, orders or directions ;
- b) Powers to requisition the services of any adult private individual and to assign to him such responsibility, consistent with his age and ability, as may be deemed fit and proper, for the purpose of carrying out the Relief & Rehabilitation on account of the calamity.
- c) Powers to requisition men and material from any Government organisation Department, corporations, companies, public sector undertakings and the like, functioning within his jurisdiction with a view to extend relief and rehabilitation to the victims of the natural calamity.

The leaders of Firka-wise Task Forces shall ensure that all their team members are working in tandem. Any insubordination, unwillingness to work on the part of the team members shall be viewed very seriously by the District Disaster Management Authority. From the time the Task Force is deployed, all the individuals in the Task Force shall work as a team till orders are issued withdrawing the Force from the disaster area.

5.6.4 Section 56 – Failure of Officer in duty.

Any officer, on whom any duty has been imposed by or under this Act and who ceases or refuses to perform or withdraws himself from the duties of his office shall, unless he has obtained the express written permission of his official superior or has other lawful excuse for so doing, be punishable with imprisonment for a term which may extend to one year or with fine

5.7 FIRKA WISE TASK FORCE ACTION PLAN

- a) On receipt of official warning, the Zonal Officer shall cause the Task Force under his purview to group and station itself at their respective Headquarters along with vehicles allotted.
- b) Immediately after positioning Head of the Task Force shall call 1070 /1077 and report that the Force is positioned in the Field.
- c) Task Force to study the area, contact local people / villagers and assess the field level situation.
- d) Assess the requirements of affected people affected. If required, evacuation of vulnerable population to relief shelters must be undertaken with the help of QRT under ESF 5 i.e. Evacuation.
- e) Task Force shall liaise with ESF 9 to open relief centres and to record the details of the evacuees sheltered under each relief centre.
- f) Task Force shall coordinate with ESF 10 i.e. Food and Civil Supply to arrange food for the evacuees.
- g) Task Force shall coordinate with ESF 5 i.e. Transportation who are entrusted with arranging vehicles for transport of food from Central Kitchen to the affected area.
- h) If food requirement is higher in addition to that supplied by ESF 10, Task Force shall assist ESF 10 / QRT 10 to requisition food from local bodies concerned. It shall be responsibility of ESF / QRT 10 to supply food to the affected people.
- i) Task Force shall ensure drinking water to evacuees sheltered in relief camps by coordinating with ESF 11 and its QRT.
- j) During disasters (heavy rain, cyclone etc.) the Task Force shall assess damages due to disaster and continuously furnish information to the SEOC(1070 / 1077). For each day, a Situation Report shall be submitted by the Task Force to the EOC through the Zonal Officer and Sub/Deputy Collector (Revenue) Concerned. Even if no damages are noticed, a NIL report shall be submitted. Proforma for submission of SITUATION REPORTS is given below.
- k) The Taluk Tahsildars shall direct the RIs and VAOs concerned to assist the Task Force.
- l) The Task Force shall also liaise with ESF 15 (Law & Order - Police) and ESF 2 (Emergency Medical Services & Public Health) and their QRTs to ensure that people injured due to disasters are rushed to the nearest PHCs / Hospitals.

- m) Task Force shall utilize the services of all other ESFs and their QRTs while responding to disaster. They can approach the Team Leader and ESFs / QRTs concerned to get assistance for alleviating the situation.
- n) The activities of the Task Force shall be closely monitored by the Taluk Tahsildar, Zonal Officer and sub-Collector(Revenue) concerned.

5.8 STATE EMERGENCY OPERATION CENTRE (SEOC)

The Department of Revenue and Disaster Management also looks after the functions of State Emergency Operation Centres (SEOC) at Puducherry, which act as nerve centres for tackling crisis situations. The SEOC functioning round the clock 24 x 7 for monitoring, processing, analyzing and disseminating the incident information to the concerned authority in order to ensure timely/prompt actions.

Early Warning & Communication System at SEOC

Under the SEOCs are equipped with the VHF of the line departments, video conferencing, SMS Burst System, V-SAT communication system, Local/STD telephone lines with fax, email and alert & warning for the general public. The UT of Puducherry has established 19 VHF with sirens systems in the Puducherry coastal villages and 18 VHF in the line departments.

SOP of SEOC

- Make Log entry in the concerned register
- Interpret and analyse the data
- Communicate instantly to Revenue Officer (DM)
- Prepare message in the SMS bulletin
- Disseminate the information to all concerned through SMS Mass Server, VHF & Email
- Activate Siren as per the guidelines
- Report to MHA/NDMA Control Rooms

5.9 SITUATION REPORT FORMAT

**GOVERNMENT OF PUDUCHERRY
DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT**

SITUATION REPORT / DAMAGE ASSESMENT FORM

(To be filled in by the Leader of Firka-wise Task Force)

Name of the Taluk :

Date of Report:

Sl.No	Damages	Quantum of Damage / Nos		Action Taken
1	Loss of Human Lives	Men		
		Women		
		Children		
2	No.of Injured	Men

GOVERNMENT OF PUDUCHERRY
DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

No. 29506/DR & DM/RO/D2/2006.

Puducherry, the 1st August 2007.

NOTIFICATION

In exercise of powers conferred by sub-section (1) of section 14 of the Disaster Management Act, 2005 (Central Act 53 of 2005) and in supersession of the G.O. Ms. No. 45, dated 19-9-2003 of the Revenue Department, Government of Puducherry, the Lieutenant-Governor, Union territory of Puducherry hereby establishes an authority to be known as “the Union territory of Puducherry Disaster Management Authority” to discharge the powers and functions of the State Authority under the said Act.

(By order of the Lieutenant-Governor)

G. THEVA NEETHI DHAS,
Additional Secretary (Revenue).

GOVERNMENT OF PUDUCHERRY
DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

No. 29506/DR & DM/RO/D2/2006.

Puducherry, the 1st August 2007.

NOTIFICATION

In exercise of the powers conferred by clauses (a) and (b) of sub-section (2) read with sub-section (1) of section 78 of the Disaster Management Act, 2005 (Central Act 53 of 2005), the Lieutenant-Governor, Puducherry hereby makes the following rules, namely:—

RULES

1. *Short title and commencement.*- (1) These rules may be called the Union territory of Puducherry Disaster Management Authority (Term of Office and Conditions of Service of Members of the Union territory of Puducherry Disaster Management Authority and Payment of Allowances to Members of Advisory Committee) Rules, 2007.

(2) These rules shall come into force at once on the date of the publication in the official gazette.

2. *Definitions.*- In these rules, unless the context otherwise requires,—

(i) “Act” means the Disaster Management Act, 2005 (Central Act 53 of 2005);

(ii) “Advisory Committee” means the advisory committee constituted by the State Authority under section 17 of the said Act;

(iii) “Collector” means Collector of the District and includes a Deputy Collector and any officer who may, by notification, in the official gazette, appoint in this behalf;

(iv) “Member” means Member of the State Authority under sub-section (2) of section 14;

(v) “Nodal Department” means the Department of Revenue and Disaster Management headed by the Secretary/Commissioner in-charge of Relief and Rehabilitation;

(vi) “Section” means section of the Act;

(vii) “State Authority” means the Union territory of Puducherry Disaster Management Authority established under sub-section (1) of section 14 of the said Act;

- (viii) “State Government” means the Administrator of the Union territory of Puducherry appointed by the President under Article 239 of the Constitution;
- (ix) “Vice-Chairperson” means the Vice-Chairperson designated by the Chairperson of the State Authority under sub-section (3) of section 14 of said Act;
- (x) Words and expressions used herein and not defined in these rules but defined in the Act shall have the meanings respectively assigned to them in the Act.

3. *Pay and service conditions.*- (i) A person nominated as Member of the State Authority shall be paid an amount of Rs. 1,000 as fee for the sitting/sittings per day and travelling allowance and dearness allowance shall be as admissible to a Deputy Secretary to the Government of India.

(ii) A Member of the State Authority, who is designated as the Vice-Chairperson of the State Authority under sub-section (3) of section 14 of the said Act, shall be entitled for an amount of Rs. 1,500 as fee for the sitting/sittings per day and travelling allowance and dearness allowance shall be as admissible to a Joint Secretary to Government of India:

Provided that official member shall not be entitled for any fee except travelling allowance as admissible under the relevant service rules of his organisation/office.

4. *The selection and composition of members to be nominated by the Chairperson under sub-section (2) (b) of section 14 of the said Act is as follows:—*

(i) Four members of Legislative Assembly of Puducherry Union Territory each representing Puducherry, Karaikal, Mahe and Yanam.

(ii) Remaining four Members shall be Subject Specialists namely Scientists, Engineers, Senior Civil Servants/Social workers/representatives of NGOs:

Provided that there shall be not less than two women members in the State Authority:

Provided also that the Subject Specialists need not necessarily be a resident/native of the Union territory of Puducherry.

5. *Disqualifications.*—No person shall be a Member of the State Authority, who—

(i) is, or at any time has been, adjudged insolvent; or

(ii) is declared to be of unsound mind by competent court; or

(iii) becomes incapable of acting as a member; or

(iv) is, or has been convicted of an offence which, in the opinion of the Central/State Government involves moral turpitude; or

(v) is, or has been removed or dismissed from the service of the Government or a body corporate owned or controlled by the Government; or

(vi) has not attained the age of 25 years.

6. *Resignation.*— Any Member of the State Authority may resign from the Office of Member of the State Authority by giving a notice in writing under his hand to that effect to the Chairperson of the State Authority and such resignation shall take effect from the date on which such notice is accepted by the Chairperson of the State Authority.

7. *Term.*— Notwithstanding anything contained in these rules, the term of office for non-official members shall be not more than five years and whenever there arises a vacancy/change of Chairperson of State Authority, the membership of all non-official members stands terminated automatically from the time of ouster/ resignation/expiry of tenure/ otherwise of outgoing Chairperson:

Provided that the same person or any new person may be nominated by the new Chairperson.

8. *Meeting of the authority.*— The State Authority shall sit at least twice in every year i.e. first week of June and October:

Provided that special sitting/sittings of the State Authority shall be arranged whenever necessity arises (or) as desired by the Chairperson.

9. *Vacancies.*— Where a vacancy occurs in the Office of a Member of the State Authority by reason of resignation, disqualification, death or otherwise, the vacancy may be filled by fresh nomination. The tenure of each member shall be for the period of the unexpired portion of the tenure.

10. *Allowances to be paid to member of the Advisory Committee constituted by the State Authority.*— A Member of the Advisory Committee constituted under sub-section (1) of section 17 of the said Act shall be paid such travelling allowances, room rent, daily allowances and conveyance allowances as are admissible to a member of the High Power Committee as specified in Appendix-2 to the Supplementary Rule 190.

11. *Nodal department.*— Policy matters, orders, etc, requiring sanction of the State Government shall be made through the Nodal Department.

(By order of the Lieutenant-Governor)

G. THEVA NEETHI DHAS,
Additional Secretary (Revenue).

GOVERNMENT OF PUDUCHERRY

DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

(G.O. MS. No. 22, dated 4th January 2016)

ORDER

1. The Disaster Management Division, Ministry of Home Affairs in supersession of the earlier notification has notified vide Letter No. 32-7/2014-NDM-I, dated 8-4-2015 from the Deputy Secretary to Government of India, Ministry of Home Affairs, (Disaster Management Division), New Delhi, the revised items and norms of assistance from SDRF/NDRF for the period 2015-2020 based on the recommendations of the 14th Finance Commission and the report of an expert group, constituted by the Ministry of Home Affairs. As per the directions of Ministry of Home Affairs, State Disaster Response Fund shall be used only for meeting the expenditure for providing immediate relief to the victims of cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst and pest attack.

2. In supersession of the G.O. Ms. No. 11, dated 16-9-2013 of the Department of Revenue and Disaster Management, the Lieutenant-Governor is pleased to re-notify the revised items and norms of assistance from SDRF/ NDRF for the period 2015-2020 for adoption in the whole of Union territory of Puducherry as given hereunder.

REVISED LIST OF ITEMS AND NORMS OF ASSISTANCE FROM STATE DISASTER RESPONSE FUNDS (SDRF) AND NATIONAL DISASTER RESPONSE FUND (NDRF)

(Period 2015-20, MHA Letter No. 32-7/2014-NDM-I Dated 8th April 2015)

Sl.No 1	Items 2	Norms of assistance 3
1	Gratuitous Relief	
	a) Ex-Gratia payment to families of deceased persons.	.. C 4.00 lakh per deceased person including those involved in relief operations or associated in preparedness activities, subject to certification regarding cause of death from appropriate authority.
	b) Ex-Gratia payment for loss of a limb or eye(s).	.. C 59,100/- per person, when the disability is between 40% and 60%. C 2 lakh per person, when the disability is more than 60%. Subject to certification by a doctor from a hospital or dispensary of Government, regarding extent and cause of disability.
	c) Grievous injury requiring hospitalization	.. C 12,700/- per person requiring hospitalization for more than a week. C 4,300/- per person requiring hospitalization for less than a week.
	d) Clothing and utensils/ household goods for families whose houses have been washed away/ fully damaged/severely inundated for more than two days due to a natural calamity.	.. C 1,800/- per family, for loss of clothing C 2,000/- per family, for loss of utensils/household goods
	e) Gratuitous relief for families whose livelihood is seriously affected.	.. C 60/- per adult and C 45/- per child, not housed in relief camps. State Govt, will certify that identified beneficiaries are not housed in relief camps. Further State Government will provide the basis and process for arriving at such beneficiaries district-wise.
		Period for providing gratuitous relief will be as per assessment of the State Executive Committee (SEC) and the Central Team (in case of NDRF). The default period of assistance will upto to 30 days, which may be extended upto 60 days in the first instance, if required, and subsequently upto 90 days in ease of drought/ pest attack. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year.
2.	Search and rescue operation :	
	(a) Cost of search and rescue measures /evacuation of people affected/ likely to be affected	.. As per actual cost incurred, assessed by SKC and recommended by the Central Team (in case of NDRF). By the time the Central Team visits the affected area, these activities are already over. Therefore, the State Level Committee and the Central Team can

- (b) Hiring of boats for carrying immediate relief and saving lives. .. As per actual cost incurred, assessed by SEC and recommended by the Central Team (in case of NDRF).
The quantum of assistance will be limited to the actual expenditure incurred on hiring boats and essential equipment required for rescuing stranded people and thereby saving human lives during a notified natural calamity.
- 3. Relief measures :**
- a) Provision for temporary accommodation, food, clothing, medical care, etc. for people affected/ evacuated and sheltered in relief camps. .. As per assessment of need by SEC and recommendation of the Central Team (in case of NDRF), for a period up to 30 days. The SEC would need to specify the number of camps, their duration and the number of persons in camps. In case of continuation of a calamity like drought, or widespread devastation caused by earthquake or flood etc., this period may be extended to 60 days, and upto 90 days in cases of severe drought. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year.
- b) Air dropping of essential supplies .. Medical care may be provided from National Rural Health Mission (NRHM).
As per actual, based on assessment of need by SEC and recommendation of the Central Team (in case of NDRF).
The quantum of assistance will be limited to actual amount raised in the bills by the Ministry of Defence for airdropping of essential supplies and rescue operations only
- c) Provision of emergency supply of drinking water in rural areas and urban areas .. As per actual cost, based on assessment of need by SEC and recommended by the Central Team (in case of NDRF), up to 30 days and may be extended upto 90 days in case of drought. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit subject to that expenditure on this account should not exceed 25% of SDRF allocation for the year.
- 4. Clearance of affected areas**
- a) Clearance of debris in public areas. .. As per actual cost within 30 days from the date of start of the work based on assessment of need by SEC for the assistance to be provided under SDRF' and as per assessment of the Central team for assistance to be provided under NDRF.
- b) Draining off flood water in affected areas .. As per actual cost within 30 days from the date of start of the work based on assessment of need by SEC for the assistance to be provided under SDRF and as per assessment of the Central team(in case of NDRF).
- c) Disposal of dead bodies/Carcasses .. As per actuals, based on assessment of need by SEC and recommendation of the Central Team (in case of

NDRF).

- 5. Agriculture**
- I. Assistance farmers having landholding upto 2 ha
- A Assistance for land and other loss
- a) De-silting of agricultural land .. **C 12,200/-** per hectare for each item.
(where thickness of sand/ silt deposit is more than 3", to be certified by the competent authority, of the State Government.)
(Subject to the condition that no other assistance/ subsidy has been availed of by is eligible to the beneficiary under any other Government Scheme)
- b) Removal of debris, on agricultural land in hilly areas
- c) De-silting/ Restoration/ Repair of fish farms
- d) Loss of substantial portion of lane caused by landslide, avalanche, change of course of rivers. .. **C 37,500/-** per hectare to only those small and marginal farmers whose ownership of the land is legitimate as per the revenue records.
- B Input subsidy (where crop loss is 33% and above)
- a) For agriculture crops, horticulture crops and annual plantation crops .. **C 6,800/-** per ha. in rain fed areas and restricted to sown areas.
C 13,500/- per ha. in assured irrigated areas, subject to minimum assistance not less than **C.1000** and restricted to sown areas.
- b) Perennial crops **C 18,000/-** ha. for all types of perennial crops subject to minimum assistance not less than **C 2000/-** and restricted to sown areas.
- c) Sericulture **C 4,800/-** per ha. for Fri, Mulberry, Tussar
C 6,000/- per ha. for Muga.
- Input subsidy to farmers .. **C 6,800/-** per hectare in rain fed areas and restricted to sown areas.
- (ii) having more than 2 Ha of landholding .. **C 13,500/-** per hectare for areas under assured irrigation and restricted to sown areas.
.. **C 18,000/-** per hectare for all types of perennial crops and restricted to sown areas.
.. Assistance may be provided where crop loss is 33% and above, subject to a ceiling of 2 ha. per farmer.
- 6. Animal husbandry assistance to small and marginal farmers**
- i) Replacement of milch animals, draught animals or animals used for haulage.
- Milch animals –*
C 30,000/- Buffalo/ cow/ camel/ yak/ Mithun etc.
C 3,000/- Sheep/ Goat/ Pig
- Draught animals -*
C 25000/- Camel/ horse./ bullock, etc.
C 16,000/- Calf/ Donkey/ Pony/ Mule
- The assistance may be restricted for the actual loss of economically productive animals and will be subject to a ceiling of 3 large milch animals or 30 small milch animals or 3 large draught animals or 6 small

draught animals per household irrespective of whether a household has lost a larger number of animals. (The loss is to be certified by the Competent Authority designated by the State Government).

Poultry:-

Poultry @ C 50/- per bird subject to a ceiling of assistance of C 5000/- per beneficiary household. The death of the poultry birds should be on account of a natural calamity.

Note: - Relief under these norms is not eligible if the assistance is available from any other Government Scheme, e.g. loss of birds due to Avian Influenza or any other diseases for which the Department of Animal Husbandry has a separate scheme for compensating the poultry owners

ii) Provision of fodder / feed concentrate including water supply and medicines in cattle camps.

Large animals- **C 70/-** per day.
Small animals- **C 35/-** per day.

Period for providing relief will be as per assessment of the State Executive Committee (SEC) and the Central Team (in case of NDRF). The default period for assistance will be upto 30 days, which may be extended upto 60 days in the first instance and in case of severe drought up to 90 days. Depending on the ground situation, the State Executive Committee can extend the time period beyond the prescribed limit, subject to the stipulation that expenditure on this account should not exceed 25% of SDRF allocation for the year.

iii) Transport of fodder to cattle outside cattle camps

Based on assessment of need by SEC and recommendation of the Central Team, (in case of NDRF) consistent with estimates of cattle as per Livestock Census and subject to the certificate by the competent authority about the requirement of medicine and vaccine being calamity related.

As per actual cost of transport, based on assessment of need by SEC and recommendation of the Central Team (in case of NDRF) consistent with estimates of cattle as per Livestock Census.

7. Fishery

i) Assistance to Fisherman for repair / replacement of boats, nets - damaged or lost

- Boat .. **C 4,100/-** for repair of partially damaged boats only
- Dugout-Canoe .. **C 2,100/-** for repair of partially damaged net
- Catamaran .. **C 9,600/-** for replacement of fully damaged boats
- Net .. **C 2,600/-** for replacement of fully damaged net

(This assistance will not be provided if the beneficiary is eligible or has availed of any

- subsidy/ assistance, for the instant calamity, under any other Government Scheme.)
- ii) Input subsidy for fish seed farm .. **C 8,200** per hectare.
(This assistance will not be provided if the beneficiary is eligible or has availed of any subsidy/ assistance, for the instant calamity, under any other Government Scheme, except the one time subsidy provided under the Scheme of Department of Animal; Husbandry, Dairying and Fisheries, Ministry of Agriculture.)
- 8. Handicrafts/handloom assistance to artisans**
- i) For replacement of damaged too is/ equipment .. **C 4,100** per artisan for equipments.
Subject to certification by the competent authority designated by the Government about damage and its replacement.
- ii) For loss of raw material/ goods in process/ finished goods .. **C 4,100** per artisan for raw material.
- Subject to certification by Competent Authority designated by the State Government about loss and its replacement.
- 9. Housing**
- a) Fully damaged/ destroyed houses**
- i) Pucca house .. **C 95,100/-** per house, in plain areas.
- ii) Kutcha House
- b) Severely damaged houses**
- i) Pucca House .. **C 1,01,900/-** per house, in hilly areas including Integrated Action Plan (IAP) districts.
- ii) Kutcha House
- (c) Partially Damaged Houses**
- (i) Pucca (other than huts) where the damage is at least 15 % .. **C 5,200/-** per house
- (ii) Kutcha (other than huts) where the damage is at least 15 % .. **C 3,200/-** per house
- d) Damaged / destroyed huts** .. **C 4,100/-** per hut,
(Hut means temporary, make shift unit, inferior to Kutcha house, made of thatch, mud, plastic sheets etc. traditionally recognized as hut by the State/District authorities.)
Note: -The damaged house should be an authorized construction duly certified by the Competent Authority of the State Government.
- e) Cattle shed attached with house** .. **C 2,100/-** per shed.
- 10. Infrastructure**
- Repair/restoration (of immediate nature) of damaged Infrastructure: .. *Activities of immediate nature :*
Illustrative lists of activities which may be considered as works of an immediate nature are given in the enclosed Appendix.
Assessment of requirements :
Based on assessment of need, as per States' costs/ rates/ schedules for repair, by SEC and recommendation of the Central Team (in case of

areas), (5) Schools, (6) Primary Health Centres, (7) *Community assets owned by Panchayat.*

Sectors such as .. Telecommunication and Power (except immediate restoration of power supply), which generate their own revenues, and also undertake immediate repair/restoration works from their own funds/ resources, are excluded

NDRF).

As regard repair of roads, due consideration shall be given for Maintenance of Roads in India, 200F as amended from time to time, for repairs of roads affected by heavy rains/floods, cyclone, landslide, sand dunes, etc. to restore traffic. For reference these norms are

*Normal and Urban areas: upto (5% of the total of Ordinary Repair (OR) and Periodical Repair (PR).

*Hills: upto 20% of total of OR and PR

In case of repair of roads, assistance will be given based on the notified Ordinary Repair (OR) and Periodical Renewal (PR) of the State. In case OR & PR rate is not available, then assistance will be provided @ C 1 lakh/km for State Highway and Major District Road and @ C 0.60 lakh/km for rural roads. The condition of "State shall first use its provision under the budget for regular maintenance and repair" will no longer be required, in view of the difficulties in monitoring such stipulation, though it is a desirable goal for all the States. In case of repairs of Bridges and Irrigation works, assistance will be given as per the schedule of rates notified by the concerned States. Assistance for micro irrigation scheme will be provided @ C 1.5 lakh per damaged scheme. Assistance for restoration of damaged medium and large irrigation projects will also be given for the embankment portions, on par with the ease of similar rural roads, subject to the stipulation that no duplication would be done with any ongoing schemes.

Regarding repairs of damaged drinking water schemes, the eligible damaged drinking water structures will be eligible for assistance @ C 1.5 lakh/damaged structure.

Regarding repair of damaged primary and secondary schools, primary health centres, Anganwadi and community assets owned by the Panchayats, assistance will be given @ C 2 lakh/damaged structure.

Regarding repair of damaged power sector, assistance will be given to damaged conductors, poles and transformers upto the level of 11 KV. The rate of assistance will be @ C 4000/poles, C 0.50 lakh per km of damaged conductor and

C 1.00 lakh per damaged distribution transformer.

11. Procurement :

Procurement of essential search, rescue and evacuation equipments including communication equipments. etc. for response to disaster.

.. Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC).

The total expenditure on this item should not exceed 10 % of the annual allocation of the SDRF.

12. Capacity Building

.. Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC).

The total expenditure on this item should not exceed 5% of the annual allocation of the SDRF.

13. State specific disasters within the local context in the State, which are not included in the notified list of disasters eligible for assistance from SDRF/ NDRF, can be met from SDRF within the limit of 10% of the annual funds allocation of the SDRF.

.. Expenditure is to be incurred from SDRF only (and not from NDRF), as assessed by the State Executive Committee (SEC).

The norm for various items will be the same as applicable to other notified natural disasters, as listed above, or

In these cases, the scale of relief assistance against each item for 'local disaster' should not exceed the norms of SDRF.

The flexibility is to be applicable only after the State has formally listed the disasters for inclusion and notified transparent norms and guidelines with a clear procedure for identification of the beneficiaries for disaster relief for such local disasters', with the approval of SEC.

Note: (i) The State Governments are to take utmost care and ensure that all individual beneficiary-oriented assistance is necessary/ mandatory disbursed through the bank account (viz; Jan Dhan Yojana etc.) of the beneficiary.

(ii) The scale of relief assistance against each item for all disasters including 'local disaster' should not exceed the norms of SDRF/ NDRF. Any amount spent by the State for such disasters over and above the ceiling would be borne out of the resources of the State Government and not from SDRF.

3. This order comes into force with retrospective effect from 1st April 2015.

APPENDIX
(Item No. 10)

Illustrative list of activities identified as of an immediate nature

1. Drinking water supply :

- (a) Repair of damaged platforms of hand-pumps/ring-wells/spring-tapped chambers/public stand-posts, cisterns.
- (b) Restoration of damaged stand-posts including replacement of damaged pipe lengths with new pipe lengths, cleaning of clear water reservoir (to make it leak proof).
- (c) Repair of damaged pumping machines, leaking overhead reservoirs and water pumps including damaged intake - structure, approach gantries/jetties.

2. Roads :

- (a) Filling up of breaches and potholes, use of pipe for creating waterways, repair and stone pitching of embankments.
- (b) Repair of breached culverts.
- (c) Providing diversions to the damaged/washed out portions of bridges to restore immediate connectivity.
- (d) Temporary repair of approaches to bridges/embankments of bridges, repair of damaged drailing bridges, repair of causeways to restore immediate connectivity, granular sub-base, over damaged stretch of roads to restore traffic.

3. Irrigation :

- (a) Immediate repair of damaged canal structures and earthen/masonry works of tanks and small reservoirs with the use of cement, sand bags and stones.
- (b) Repair of weak areas such as piping or rat holes in dam-walls/embankments.
- (c) Removal of vegetative material/building material/debris from canal and drainage system.
- (d) Repair of embankments of minor, medium and major irrigation projects.

4. Health :

Repair of damaged approach roads, buildings and electrical lines of Primary Health Centres/ Community Health Centres.

5. Community assets of Panchayat :

- (a) Repair of village internal roads.
- (b) Removal of debris from drainage/sewerage lines.
- (c) Repair of internal water supply lines.
- (d) Repair of street lights.
- (e) Temporary repair of Primary Schools, Panchayat Ghars, Community halls, Anganwadi, etc.,

6 Power: Poles/Conductors and transformers upto 11kv

7. The assistance will be considered as per the merit towards the following activities.

Sl. No	Items / Particulars	Norms of assistance will be adopted for immediate repair
(1)	(2)	(3)
(i)	Damaged Primary School Building, Higher Secondary/Middle/College and other educational institution buildings.	Up to C 1.50 Lakh /unit not covered
(ii)	Primary Health Centre	Up to C 1.50 Lakh /unit
(iii)	Electric poles and wires, etc.,	Normative cost (Up to C 4,000 Per pole and C 0.50 lakh per k.m.).
(iv)	Panchayat Ghar/Anganwadi /Mahila Mandal /Yuva Kendra/ Community Hall.	Up to ' 2.00 lakh/unit
(v)	State Highways/Major District roads	C 1.00 lakh/k m. *
(vi)	Rural road/bridge	C 0.60 lakh/k.m. *
(vii)	Drinking water scheme	Up to C 1.50. lakh /unit
(viii)	Irrigation sector : Minor irrigation schemes/canal	Up to C 1.50 lakh/shceme
	Major irrigation scheme:	Not covered
	Flood control and Anti erosion protection work.	Not covered
(ix)	Hydro Power Project /HT distribution systems/transformers and sub-stations	Not covered
(x)	High Tension Lines (above 11 KV)	Not covered
(xi)	State Government buildings viz., Departmental/Office building, Departmental/Residential quarters, Religious structures, Patwarkhana, Court premises, Playground, Forest bungalow Property and Animal/ Bird sanctuary, etc.	Not covered

GOVERNMENT OF PUDUCHERRY

DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

(G O. Ms. No. 12/2017, Puducherry, dated 4th September 2017)

ORDER

Section 48(1)(a) of the Disaster Management Act, 2005 (53 of 2005), stipulates the constitution of the State Disaster Response Fund (SDRF) at the State Level. The 13th Finance Commission has made recommendation for the constitution of funds for the State Disaster Response Fund which has been accepted by the Government of India. In pursuance to the provision of the Disaster Management Act, 2005 and the recommendations of the 13th Finance Commission, the Government of India has framed guidelines for Constitution and Administration of the State Disaster Response Fund (SDRF) vide office memorandum No. 32-3/2010-NDM-1, dated 28-09-2010 of the Ministry of Home Affairs (Disaster Management Division), Government of India, New Delhi and a draft guidelines on Administration of Disaster Response in Union Territories vide Letter No. 15039/50/2014-Plg. Cell, dated 09-05-2014 of the Ministry of Home Affairs, Government of India, New Delhi.

2. The Ministry of Home Affairs, New Delhi has conveyed the sanction of the President of India for Payment of C 10.00 crores (Rupees ten crores only) to Union territory of Puducherry under Puducherry Disaster Response Fund (PDRF) vide Letter No. 15039/04/2012-Plg.Cell, dated 21-03-2017 of the Ministry of Home Affairs, Government of India, New Delhi.

3. The Union Territory Disaster Response Fund (UTDRF) will be constituted under nomenclature as "Puducherry Disaster Response Fund". It will be non-interest bearing and non-lapsable fund. The Government of India will contribute 80% of the allocation under Puducherry Disaster Response Fund (PDRF) in the form of Non-Plan grant and the balance 20% will be contributed by the Union territory of

Puducherry. Considering C 10.00 crores as 80% of the Central share and C 2.50 crores as 20% of the Union Territory's share towards Disaster Response Fund for Puducherry, Puducherry Disaster Response Fund (PDRF) will be created for a total corpus of C 12.50 crores.

4. Puducherry Disaster Response Fund (PDRF) shall be used only for meeting the expenditure for providing immediate relief to the victims of cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst and pest attack, and cold wave/frost. The provision for disaster preparedness, restoration, reconstruction and mitigation measures in respect of important damaged infrastructure shall not be a part of Union Territory Disaster Response Fund. Such expenditure is needed to be borne from and out of regular plan fund by the Union territory of Puducherry.

5. The release of Disaster Response Fund by the Government of India shall be paid as Grant-in-aid and accounted for in the Government of India accounts under the Major Head "3602-Grant-in-aid to Union Territory Government". The Union territory of Puducherry will take the Grant-in-aid as receipts in the budget and account under Major Head "1601-Grants-in-aid from Ministry of Home Affairs Non-plan Grant No. 109 Grants towards contribution to Union Territory Disaster Response Fund".

6. In order to enable transfer of the Central Government Contribution Fund under Union Territory Disaster Response Fund, the Union territory of Puducherry will make suitable Budget provision on the expenditure side of their budget under the Head of Account "2245-Relief on Account of Natural Calamities-05-Disaster Response Fund-101-Transfers to Reserve Fund and Deposit Accounts-Union Territory Disaster Response Fund".

7. Approval for depositing the Union Territory Disaster Response Fund in any Nationalized Bank has been obtained from the Finance Department (Ways and Means) *vide* I.D. Note No. 128/FD (W&M)/2014, dated 07-07-2014 of the Finance Department (Ways and Means), Puducherry. The Union Territory Disaster Response Fund shall be transferred to the Savings Bank Account in a Nationalized Bank opened in favour of the Secretary to Government (Revenue) and Special Secretary (Revenue), on receipt of fund from the Government of India.

8. The Saving Accounts shall be opened jointly in the names of the Secretary to Government (Revenue) and the Special Secretary (Revenue) and drawal of Puducherry Disaster Response Fund shall be made by way of cheque signed by any one of the two authorized Officers. Drawal of fund up to C 50.00 lakhs shall be made by the Special Secretary (Revenue) and drawal in excess of C 50.00 lakhs shall be made by the Secretary to Government (Revenue). Change of Branch of Saving Bank Accounts, cancellation of Bank Account shall be made only with the clearance of Finance Department (Ways and Means).

9. The actual expenditure on immediate relief works will be booked only under respective minor heads within Major Head: 2245 (01 for drought; 02 for flood, 03 for cyclones, 04 for fire, 05 for cloud burst, 06 for earthquake, 07 landslides,

8 for hailstorm, 09 for pest attack, 10 for tsunami, 11 for avalanches and 12 for cold wave/frost, etc., "Union Territory Disaster Response Fund" and 80 for General). The expenditure to be charged to the Union Territory Disaster Response Fund will be shown as a negative entry under 2245-05-901-deduct amount met from Union Territory Disaster Response Fund for relief expenditure. Direct expenditure should not be made from the Public Account. Even if, for some administrative reasons, expenditure on immediate relief has been met under heads of account other than MH:2245, these should be finally booked under MH:2245 through inter-account transfers.

10. The Puducherry Disaster Response Fund (PDRF) will be administered by the State Executive Committee (SEC) under the Chairmanship of the Chief Secretary to Government, which has already been constituted by Union territory of Puducherry *vide* Notification No. 29506/DR & DM/RO/D2/2006, dated 1st August, 2007.

11. The accounting procedure of Puducherry Disaster Response Fund will be maintained by the State Executive Committee in accordance with the norms approved by the Government of India from time to time. The State Executive Committee will decide on all matters connected with the financing of relief expenditure of immediate nature from Union Territory Disaster Response Fund, arrange to obtain contribution from Central Government, administer the fund and invest the accretions to the fund as per the norms for investment indicated in the guidelines for State Disaster Response Fund issued by Government of India *vide* Office Memorandum No.32-3/2010-NDM-1, dated 28-09-2010 of the Ministry of Home Affairs (Disaster Management Division), Government of India, New Delhi and ensure that the money drawn from the Puducherry Disaster Response Fund is actually utilized for the purpose for which the fund has been constituted.

12. Quarterly list of receipts and drawals from the Saving Account shall be submitted to the Chief Secretary to Government, the Chairperson of the State Executive Committee by the Department of Revenue and Disaster Management.

13. The accounts of the Puducherry Disaster Response Fund (approved calamity-wise) and the investment shall be maintained by the Accountant-General in-charge of accounts of the Union territory of Puducherry in the normal course. Disclosure about the position of the opening balance, receipts, expenditure and closing balance in respect of Union Territory Disaster Response Fund will be made in the Finance Accounts, as per the enclosed Appendix. The State Executive Committee will, however, maintain subsidiary accounts (calamity-wise) in such manner and the details as may be considered necessary by the Union territory of Puducherry in consultation with the Accountant-General.

14. The Comptroller and Auditor-General of India will conduct audit of Puducherry Disaster Response Fund every year in conformity with approved items and norms in terms of the purposes of the UTDRF guidelines. The Union territory of Puducherry shall furnish a copy of the audit report of the

Comptroller and Auditor-General of India in respect of Union Territory Disaster Response Fund to the Ministry of Finance and Ministry of Home Affairs.

15. The unspent balance in Puducherry Disaster Response Fund will be handled based on the modalities issued by the Government of India then and there.

16. The Union territory of Puducherry will request Disaster Management Division, Ministry of Home Affairs, New Delhi, for requirement of additional assistance from Central Government, when the Union territory of Puducherry is having inadequate funds under Puducherry Disaster Response Fund (PDRF).

17. This issues with the concurrence of the Finance Department vide I.D. No. 1436/FC/F4/A3/2017-18, dated 23-06-2017.

P. PARTHIBAN, I.A.S
Special Secretary (Revenue)-cum-
District Collector (i/c).

GOVERNMENT OF PUDUCHERRY

(ABSTRACT)

Disaster Management- Relief on Account of Natural Calamity- Constitution and Administration of District Disaster Response Fund (DDRF) for the Districts of Puducherry and Karaikal – Orders –Issued.

DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

G.O. Ms. No.11

Puducherry, dated 29.08.2019

READ: G.O.Ms.No.12/2017, Puducherry, dated 04.09.2017 of Department of Revenue and Disaster Management, Government of Puducherry.

ORDER:

Section 48 of the Disaster Management Act, 2005 (No.53 of 2005) contemplates for the establishment of various funds by the State Government. In pursuance of Section 48(1)(a) of the said Act, the State Disaster Response Fund (SDRF) at the State level has been constituted with the Government of India's share and as well as from the Union territory's share under the nomenclature of "Puducherry State Disaster Response Fund" (PDRF) vide G.O.Ms.No.12/2017, Puducherry, dated 04.09.2017 and notified in the Gazette of Puducherry (Part-I Extraordinaire No.142, dated 08.09.2017). The PDRF is being administered by the State Executive Committee (SEC) under the Chairmanship of the Chief Secretary to Government, which has already been constituted by the Union territory of Puducherry vide Notification No.29506/DR&DM/RO/D2/2006, dated 1st August, 2007, of the Department of Revenue and Disaster Management, Government of Puducherry. For meeting expenditures to provide immediate relief to disaster victims, the District Disaster Management Authorities of Puducherry and Karaikal Districts are to be provided with the District Disaster Response Fund.

2. In order to administer the fund provided to the District Authorities in compliance with Section 48(1)(b) of the Disaster Management Act, 2005, the following District Disaster Response Funds are hereby established:

- (i) Puducherry District Disaster Response Fund (PDDRF).
- (ii) Karaikal District Disaster Response Fund (KDDRF).

3. The District Disaster Response Fund (DDRF) namely, Puducherry District Disaster Response Fund (PDDRF) and Karaikal District Disaster Response Fund (KDDRF) will be made available and would be administered by the respective District Disaster Management Authorities, viz., the District Disaster Management Authority, Puducherry and the District Disaster Management Authority, Karaikal.

4. The District Disaster Response Fund (DDRF) shall be strictly used as per the State Disaster Response Fund (SDRF) norms for meeting the expenditures to provide immediate relief to the victims of cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst and pest attack and cold wave/frost. The provision for disaster preparedness, restoration, reconstruction and mitigation measures in respect of important damaged infrastructure shall not be part of District Disaster Response Fund. Such expenditures shall be borne from and out of regular plan funds made available by the Union territory of Puducherry through budgetary allocations.

5. The Chairman of the District Disaster Management Authorities (DDMAs) shall open a saving account with any nationalised bank in their administrative jurisdiction to receive the fund provided from the Puducherry Disaster Response Fund (PDRF).

6. The accounting procedures of District Disaster Response Fund will be maintained by the District Disaster Management Authorities (DDMAs) in accordance with the norms in force from time to time. The DDMA will decide on all matters connected with financing the relief expenditure of immediate nature from District Disaster Response Fund (DDRF).

7. The District Disaster Response Fund (DDRF) will, however, maintain calamity wise subsidiary accounts in such a manner in details as may be considered necessary by the State Executive Committee (SEC).

8. The fund released from PDRF shall be administered by the concerned DDMA through a Bank account opened in any Nationalized bank subject to the following conditions:

- (i) *The concerned District Administration shall ensure that the SDRF norms are strictly adhered to while selecting the beneficiary, deciding the relief amount, disbursing relief to the victims and carrying out restoration works.*
- (ii) *All transactions shall be made through RTGS/NEFT/ECS mode only and in case of any urgency contingent expenses and hiring/procurement of equipments of small values required for Disaster management shall be purchased by cash payment maximum upto Rs.5,000/- with proper justification and certification as required. However, in respect of hiring / procurement of equipment of small values, cash payment may be avoided, instead cheque not exceeding Rs.5,000/- as permitted by guidelines contained in O.M.3(2)(1)/2016/R&P Rules/Amendment/649 dt.05.12.2016 of Government of India, Ministry of Finance, Department of Expenditure may be issued. Financial inspection shall be conducted as per the guidelines contained in the G.O. Ms.No.8 dt.22.09.1986 of the Chief Secretariat, (P&AR wing), Puducherry. Further, the general guidelines prescribed by Govt. of India from time to time on the subject shall be adhered.*
- (iii) *Change of Bank/Branch, if any, in future should be made with the prior approval of State Executive Committee and also with clearance from Finance Department (Ways & Means).*
- (iv) *Any change in the guidelines prescribed in the maintaining of the accounts shall be reported to the Finance Department (Ways & Means) and State Executive Committee, before issuing revised orders.*
- (v) *The Account should be operated only for the said purpose and in case of closure of the Scheme, the bank accounts should be closed immediately and reported to Finance Department (Ways & Means) and State Executive Committee, with a statement of accounts.*
- (vi) *The Accounts are liable to be audited by the Director of Accounts & Treasuries, Puducherry, on quarterly basis.*
- (vii) *The instructions contained in the Circular No.2-2/FD(W&M)/2017-18, dated 10.07.2017 of Finance Department (Ways & Means) shall be strictly followed.*
- (viii) *The details of the transfer of funds from PDRF to this account shall be informed to the Director of Accounts & Treasuries, Puducherry, and the Budget Section, Finance Department, then and there promptly, with a copy of the release order.*

- (ix) *The District Collector, Puducherry/ Karaikal and the Regional Administrator, Mahe/ Yanam, shall ensure the strict adherence of SDRF norms by all the departments concerned while identifying, calculating the relief amount and furnishing the Bank Account details of the affected beneficiaries for relief.*
- (x) *The line departments concerned shall be severely responsible to ensure that the SDRF norms are adhered to and necessary documentation/ records are maintained in respect of selection of beneficiaries and their eligibility.*
- (xi) *The cash book shall be maintained by the concerned District Collector, Puducherry and Karaikal. The vouchers shall be compiled separately department wise which are subject to audit by C&AG as per Government of India norms. The Regional Administrators of Mahe and Yanam shall forward the original Bills/ vouchers duly certified by the respective Heads of Departments, by retaining a record copy, to the O/o the DDMA, Puducherry, alongwith a detailed statement and also the unspent balance amount, if any.*

9. The respective line departments responsible for providing relief shall certify the proposals furnished are covered under SDRF norms/ guidelines and are not funded from any other State/ Central scheme, etc., and should get their administrative approval.
10. The DDMA shall submit the fund requirement after consolidating the proposals received from the line departments and place the same before the SEC for allocation of funds.
11. The State Executive Committee (SEC) based upon the intensity of the calamity and on the proposal received from the DDMA concerned shall decide and authorize the releasing of funds at the disposal of the concerned DDMA for providing immediate relief as per SDRF norms, guidelines and also in accordance with any other rules on financial matters.
12. The fund shall be utilized by the line departments/ executing agencies in accordance with the laid down framework for administrative/ technical/ financial sanctions besides the guidelines/ norms and ceilings of SDRF guidelines.
13. In respect of payment for any kind of relief or any other immediate restoration activities, as listed under SDRF norms, the concerned DDMA shall immediately sanction and release the available funds as per SDRF guidelines and norms from DDRF. The DDMA may seek additional funds from PDRF by providing proper justification. The claims shall be considered and approved or reduced/ enhanced with justification by SEC. On receipt of authenticated order from the concerned Administrative Secretary, the Director SEC will take necessary steps to release the additional funds. The Departments concerned which receive funds from DDRF shall furnish the details of beneficiaries, relief paid and the work completion/ satisfactory certificate duly countersigned by their Administrative Secretary.
14. The DDMA concerned shall ensure disbursement of funds to the identified/eligible beneficiaries or against the verified claim through DBT/ECS mode only.
15. The DDMA shall maintain a statement, as per Format-I enclosed herewith, regarding release of amount from PDRF to DDRF. The departments which receive funds from DDRF shall provide Utilization Certificate and calamity-wise statement of expenditure to DDMA which in turn furnish the said details in a consolidated manner to SEC in Format-II and III enclosed herewith.

16. The DDMA concerned shall monitor the fund flow from DDRF and also conduct instant sample verification/ audit on selection of beneficiary/ relief amount and also conduct annual inspection and audit by expert official/Team.

17. The SEC initially will provide from Puducherry Disaster Response Fund (PDRF) an amount of Rs.1.50 Crores (Rupees one crore and fifty lakhs only) (Puducherry Region - Rs.1.00 Crore (Rupees one crore), Mahe Region - Rs.25 lakhs (Rupees twenty five lakhs only) and Yanam Region - Rs.25 lakhs (Rupees twenty five lakhs only)) for Puducherry District Disaster Response Fund (PDDRF) and Rs.1.00 crore (Rupees one crore only) for Karaikal District Disaster Response Fund (KDDRF). Additional release of amount from PDRF shall be based on disaster situation and on request from DDMA's.

18. The unspent balance in District Disaster Response Fund (DDRF) will be handled on the modalities issued by the State Executive Committee (SEC) in the release order.

19. The SEC shall provide any instructions as deemed fit and also seek clarifications as required regarding utilization of DDRF fund.

20. This issues with the concurrence of the Finance Department vide I.D.No.1125/F4/A3/2019-20 dated 13.05.2019.

10 Enhancement of Relief Assistance

GOVERNMENT OF PUDUCHERRY

ABSTRACT

Disaster Management – Enhancement of the relief assistance over and above NDRF/SDRF norms to the victims of damaged / destroyed huts due to natural calamities including fire accident – Regarding.

DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

G.O. Ms.No. 14

Puducherry, dt. 2.10.2019.

- READ:1. Letter No.32-7/2014-NDM-I dated 08.04.2015 from the Deputy Secretary to Govt. of India, Disaster Management Division, Ministry of Home Affairs, New Delhi.
2. G.O.Ms.No.22 dated 04.01.2016 of the Department of Revenue and Disaster Management, Puducherry.
3. G.O.Ms.No.12/2017 dated 04.09.2017 of the Department of Revenue and Disaster Management, Puducherry.

ORDER :

The Disaster Management Division, Ministry of Home Affairs, Government of India in supersession of the earlier notifications had notified the revised items and norms of assistance from NDRF/SDRF for the period 2015-2020 based on the recommendations of the 14th Finance Commission and the report of an Expert Group constituted by the Ministry of Home Affairs *vide* letter read (1) above. Accordingly, to meet the expenditure for providing immediate relief to the victims of cyclone, drought, earthquake, fire, flood, tsunami, hailstorm, landslide, avalanche, cloud burst and pest attack, the NDRF/SDRF norms issued by the Ministry of Home Affairs had been re-notified by this administration *vide* G.O. read (2) above.

2. Further, the Puducherry Disaster Response Fund has been constituted, *vide* G.O. read (3) above for meeting expenditure for providing immediate relief to the victims of the above disasters. As per the norms, the scale of relief assistance against each items for all disaster including 'local disaster' should not exceed norms of SDRF/NDRF. Any amount spent by the State for such disaster over and above the ceiling should be borne out of the resources of the State Government and not from the SDRF.

3. The relief assistance provided under the G.O. 2nd cited in respect of partially damaged houses and damaged/destroyed huts is as mentioned below:

Sl. No.	Item	Norms of Assistance
9(c)	Partially damaged houses (I) Pucca / Kutcha (other than huts) where the damage is at least 15 %	Rs. 5,200 per house
	(II) Kutcha House (other than huts) where the damage is at least 15%	Rs. 3,200 per house
9(d)	Damaged/Destroyed Huts	Rs.4,100 per hut

4. Due to escalation in the cost of building materials and other factors, it may not be possible for the victims to repair/reconstruct the damaged houses with the above relief amount and this has drawn the attention of the Government. Therefore, it has been decided to enhance the relief norms of assistance in respect of the above items to Rs. 20,000/- per house/hut. The excess relief amount over and above the NDRF/SDRF norms has to be met from the State budget as detailed below:

Contd..2/-

Sl. No	Items	Present NDRF/ SDRF norms of Assistance	Proposed norms of assistance	Excess amount to be met from State Fund
(1)	(2)	(3)	(4)	(5)
9(c)	Partially damaged houses (I) Pucca / Kutcha (other than huts) where the damage is at least 15 %.	Rs.5,200 per house.	Rs.20,000	Rs. 14,800/-
	(II) Kutcha House (other than huts) where the damage is at least 15%.	Rs.3,200 per house.	Rs.20,000	Rs.16,800/-
9(d)	Damaged/Destroyed Huts.	Rs.4,100 per hut.	Rs.20,000	Rs. 15,900/-

5. The expenditure of relief assistance mentioned under the column (3) shall be incurred from the Puducherry Disaster Response Fund as per the procedure laid down in the G.O. third cited, and there shall not be any increase in the limit prescribed in the NDRF/SDRF norms.

6. In respect of the expenditure over and above the NDRF/SDRF norms mentioned under column (5) shall be debitible to the State budget under the respective Head of Account of the regions as mentioned in the following table:

Sl. No.	Major Head	Head of Account	Minor/Sub Head
1.	2245-Relief on Account of	02/101(01)(01)- Pondicherry region - (50) Other Charges.	
2.	Natural Calamities -	02/101(01)(02)- Karaikal region - (50) Other Charges.	
3.	02-Floods, Cyclones, etc. -	02/101(01)(03)- Mahe region - (50) Other Charges.	
4.	02/101-Gratuitous Relief - 02/101(01)-Cash Doles	02/101(01)(04)- Yanam region - (50) Other Charges.	

7. This issues with the concurrence of the Finance Department vide their I.D.No.1570/FC/F4/A3/2018-19 dated 17.07.2018.

// BY ORDER //

(1)	(2)	(3)
1.	Measures for quarantine, sample collection and screening (a) Provision for temporary accommodation, food, clothing, medical care, etc., for people affected and sheltered in quarantine camps (other than home quarantine) or for cluster containment operations. (b) Cost of consumables for sample collection. (c) Support for checking, screening and contact tracing.	Total expenditure on account of items 1 and 2 should not exceed 50% of the annual allocation of the SDRF. As such funding percentage of SDRF between these two items is inter-changeable, subject to overall capping of 50%.
2.	Procurement of essential equipments/labs for response to COVID-19. (a) Cost of setting up additional testing laboratories within the Government and the cost of consumables and testing kit. (b) Cost of personal protection equipment for Healthcare, Municipal, Police and Fire authorities. (c) Cost of thermal scanners, ventilators, air purifiers, oxygen generation and storage plant in hospitals, strengthening ambulance services for transport of patients, setting up containment zones, COVID-19 Hospitals, COVID-19 Care Centres and consumables in the Government Hospitals.	In these items, the other terms and conditions of the norms of assistance shall remain the same as earlier.

Note:- 1. SEC shall ensure overall oversight mechanism, so that no duplication takes place with reference to other Government schemes.

2. Any amount spent by the State for COVID-19, over and above the ceiling, would be borne out of the resource of the State Government and not from SDRF.

No. 33-04/2020-NDM-I
Government of India
Ministry of Home Affairs
(Disaster Management Division)

'C' Wing, 3rd Floor, NDCC-II,
Jai Singh Road, New Delhi,
Dated : 25th September, 2021

To
The Chief Secretary,
(All States)

Sub: Amendment in revised list of Items and Norms of assistance under State Disaster Response Fund (SDRF).

Sir/ Madam,

I am directed to refer to this Ministry's letter No. 32/7/2014-NDM-I, dated 8th April, 2015 on the above mentioned subject.

2. In this context it is stated that in pursuance of the Hon'ble Supreme Court Judgement dated 30th June, 2021 in Writ Petition (Civil) No. 554/2021 and W.P.(C) 539, National Disaster Management Authority (NDMA) under section 12(iii) of the Disaster Management Act, 2005, has issued guidelines for ex-gratia assistance to next of kin of the deceased by COVID-19 on 11th September, 2021. A copy of the guidelines is enclosed.

3. In pursuance to the direction of the Hon'ble Supreme Court and the aforesaid guidelines issued by NDMA, the Central Government has decided to revise the item 1 of MHA letter No. 32/7/2014-NDM-I, dated 8th April, 2015 in respect of the 'Gratuitous Relief' by adding a new entry as 1(f) after 1 (e) in the 'revised list of items and norms of assistance' under SDRF, as per the following:

S. No.	Items	Norm
1(f)	Ex-Gratia payment to next of kin of the deceased due to COVID-19.	Rs. 50,000/- (Rs. Fifty thousand only) per deceased person including those involved in relief operations or associated in preparedness activities, subject to the cause of death being certified as COVID-19, as per guidelines jointly issued by Ministry of Health & Family Welfare and Indian Council of Medical Research on 3 rd September 2021. -Expenditure on this item will be incurred from SDRF only, in strict compliance with the aforesaid NDMA guidelines dated 11 th September 2021. -This ex-gratia assistance will be applicable from the date of first Covid-19 case reported in the country and will continue till de-notification of Covid-19 as a disaster or till further orders, whichever is earlier.

No. 16/11/20 21-RR

Dated, the 11th September, 2021

To

Chief Secretary / Administrator of States / UTs
(As per list attached)

Subject : Guidelines for Ex-Gratia Assistance to next of kin of the Deceased by Covid-19-reg.

Sir / Madam,

In pursuance of Hon'ble Supreme Court Judgment dated 30.06.2021 in W.P.(C) No. 539/2021 and W.P. (C) No. 554/2021, National Disaster Management Authority prepared Guidelines for ex-gratia to next of kin of the Deceased by Covid-19 under section 12(iii) of the DM Act, 2005.

2. I am directed to forward herewith the above guidelines along with the "Guidelines for Official Document for COVID-19 Death" issued by Ministry of Health & Family Welfare for information and further necessary action at your end.
3. This issues with the approval of Competent Authority.

Yours faithfully,

11/09/2021
(Dr. S. K. Jena)
Joint Advisor (RR)

Government of India
National Disaster Management Authority

Guidelines for Ex-Gratia Assistance to next of kin of the Deceased by COVID-19

(Issued in compliance to the Hon'ble Supreme Court Order dated 30.06.2021
in WP (Civil) No. 539 and WP (Civil) 554 of 2021)

1. The Hon'ble Supreme Court through its order dated June 30, 2021 in WP (Civil) No. 539 and WP (Civil) 554 of 2021 has directed the National Disaster Management Authority (NDMA) to recommend guidelines for *ex-gratia* assistance on account of loss of life to the family members of the persons who died due to COVID-19, as mandated under Section 12(iii) of Disaster Management Act (DMA) 2005 for the minimum standards of relief to be provided to the persons affected by disaster.
2. The present guidelines are being issued in compliance with the above mentioned directions of the Hon'ble Supreme Court. These Guidelines should be read in conjunction with the "Guidelines for Official Document for COVID-19 Death" issued by Ministry of Health & Family Welfare (MoHFW) & Indian Council of Medical Research (ICMR) in compliance to the same order of the Hon'ble Supreme Court.
3. **Existing Norms:** The Existing Guidelines on Minimum Standards of Relief issued by NDMA in 2016, in accordance with Section 12(iii) of DMA 2005, in section 7 (e) stipulate that for *ex-gratia* assistance on account of loss of life, the norms provided by Government of India for Assistance from SDRF should be the minimum standard of relief. In this regard, the "Revised list of items & norms of assistance from State Disaster Response Fund (SDRF)/ National Disaster Response Fund (NDRF)" issued by the Ministry of Home Affairs on 8th April 2015 are the extant norms.
4. **Key considerations:** After broad consultations and due deliberations with key stakeholders, NDMA is of the view that for *ex-gratia* assistance related to COVID-19, different norms need to be applied for the following reasons:
 - a. COVID-19 is a disaster that has not abated. The total number of deaths continues to rise. There is uncertainty about new variants of the virus and likely future waves. Therefore, it is not possible to ascertain the total final financial burden emanating from *ex-gratia* assistance. Financial prudence demands that we plan in a manner that assistance can be provided to larger number of people should the number of deaths rise.
 - b. The state governments have already been incurring large expenditure from SDRF on various aspects of COVID-19 prevention, management and response. In addition, central government from the national budget has announced several measures to prevent COVID-19 (nationwide vaccination drive) as well as to provide relief assistance to those affected by COVID-19 (for example, support provided to the orphaned children, and PM Garib Kalyan Yojana Package). State governments have also announced welfare measures from the state budgets. So,

1/ 2

2021

in effect, some financial and material assistance has already been provided in different forms to some of the most vulnerable sections.

- c. While COVID-19 is an unprecedented disaster, other natural disasters that occur more frequently have not abated. It is important that sufficient funds are available under SDRF to provide a timely and effective response to other disasters as well.
5. In view of the points mentioned in para 2, the Authority recommends an *ex-gratia* payment to next of kin of the deceased due to COVID-19, subject to cause of death being certified as COVID-19 as per the guidelines issued by MoHFW and ICMR.
6. **Amount of *ex-gratia* payment:** The Authority recommends an amount of Rs. 50,000/- (Fifty thousand only) per deceased person including those involved in relief operations or associated in preparedness activities, subject to cause of death being certified as COVID-19. With regards to such certification, and redressal of any grievances regarding the same, guidelines issued by MoHFW and ICMR on 3rd September 2021, and referred to in Para 2 above, will be applicable.
7. **Source of funds:** The *ex-gratia* assistance shall be provided by States from the State Disaster Response Fund (SDRF).
8. **Disbursement:** The District Disaster Management Authority (DDMA)/ district administration would disburse the *ex-gratia* assistance to the next of kin of the deceased persons. The concerned families will submit their claims through a form issued by State Authority alongwith specified documents including the death certificate that certifies the cause of death to be COVID-19. The DDMA will ensure that the process of claim, verification, sanction, and the final disbursement of *ex-gratia* payment will be through a robust yet simple and people-friendly procedure. All claims must be settled within 30 days of submission of required documents, and disbursed through Aadhaar linked Direct Benefit Transfer procedures.
9. **Grievance redressal:** In case of any grievances with regards to certification of the death, as prescribed in the MoHFW and ICMR guidelines mentioned above a Committee at district level consisting of Additional District Collector, Chief Medical Officer of Health (CMOH), Additional CMOH/ Principal or HOD Medicine of a Medical College (if one existing the district) and a subject expert, will propose necessary remedial measures, including issuance of amended Official Document for COVID-19 death after verifying facts in accordance with these guidelines. In case the decision of the Committee is not in favour of the claimant, a clear reason for the same shall be recorded.
10. **Continuous scheme:** The *Ex-Gratia* assistance to families affected by COVID-19 deaths will continue to be provided for deaths that may occur in the future phases of the COVID-19 pandemic as well, or until further notification.

Government of India

Ministry of Health & Family Welfare & Indian Council of Medical Research Guidelines for Official Document for COVID-19 Death

(Issued in compliance to the Hon'ble Supreme Court order dated 30.06.2021 in
WP(Civil) No. 539 and WP (Civil) 554 of 2021)

I. Background

Since the beginning of the Covid-19 pandemic, Indian Council of Medical Research (ICMR) and Ministry of Health & Family Welfare have been issuing specific guidelines to States/UTs based on World Health Organization's (WHO) guidelines & global best practices on reporting Covid deaths. Relevant officers in States/UTs have also been trained on correct recording of deaths related to Covid-19. Hon'ble Supreme Court in Writ Petition (Civil) No. 539 and 554 of 2021 directed the Central Government to issue simplified guidelines for issuance of Official Document relating to COVID-19 deaths to the family members of the deceased, who died due to COVID-19. Hon'ble Court had directed that such guidelines may also provide the remedy to the family members of the deceased who died due to COVID-19 for correction of the Medical Certificate of Cause of Death/Official Document issued by the appropriate authority.

2. Guiding Principles

- i. COVID-19 cases, for the purpose of these Guidelines, are those which are diagnosed through a positive RT-PCR/ Molecular Tests/ RAT OR clinically determined through investigations in a hospital/ in-patient facility by a treating physician, while admitted in the hospital/ in-patient facility.
- ii. Deaths occurring due to poisoning, suicide, homicide, deaths due to accident etc. will not be considered as COVID-19 deaths even if COVID-19 is an accompanying condition.

852

3. Scenario based approach and interventions

- i. COVID-19 cases which are not resolved and have died either in hospital settings or at home, and where a Medical Certificate of Cause of Death (MCCD) in Form 4 & 4 A has been issued to the registering authority, as required under Section 10 of the Registration of Birth and Death (RBD) Act, 1969, will be treated as a COVID-19 death. Registrar General of India (RGI) will issue necessary guidelines to Chief Registrars of all States/UTs.
- ii. As per the study by Indian Council of Medical Research (ICMR), 95% deaths take place within 25 days of being tested Covid positive. To make the scope broader and more inclusive, deaths occurring within 30 days from the date of testing or from the date of being clinically determined as a COVID-19 case, will be treated as 'deaths due to COVID-19', even if the death takes place outside the hospital/ in-patient facility.
- iii. However, a COVID-19 case, while admitted in the hospital/in-patient facility, and who continued as the same admission beyond 30 days, and died subsequently, shall be treated as a COVID-19 death.
- iv. In cases where the MCCD is not available or the next of kin of the deceased is not satisfied with the cause of death given in MCCD (Form 4/4A), and which are not covered by the aforesaid scenarios, the States/ UTs shall notify a Committee at district level consisting of Additional District Collector, Chief Medical Officer of Health (CMOH), Additional CMOH/ Principal or HOD Medicine of a Medical College (if one exists in the district) and a subject expert, for issuance of the Official Document for COVID-19 Death. The Committee will follow the procedure outlined below:

863

- a. The next of kin of the deceased shall submit a petition to the District Collector for issuance of the appropriate Official Document for COVID-19 Death.
- b. The Official Document for COVID-19 Death will be issued in the format annexed to these Guidelines by the aforesaid district-level Committee after due examination and verification of all facts.
- c. The Official Document for COVID-19 Death shall also be communicated to Chief Registrars of States/UTs and Registrar of Birth and Death, who issued the death certificate.
- d. The Committee shall also examine the grievances of the next of kin of the deceased, and propose necessary remedial measures, including issuance of amended Official Document for COVID-19 Death after verifying facts in accordance with these guidelines.
- e. The applications for issuance of Official Document for COVID-19 Death and for redressal of grievances shall be disposed off within 30 days of submission of the application/ grievance.

ICMR: COVID-19 Deaths in India, a brief summary

Background

Since its emergence in Wuhan, China in November 2019, severe acute respiratory syndrome coronavirus 2 (SARS-CoV-2), the causative agent of the disease COVID-19, has spread rapidly around the world. India detected the first case of SARS-CoV-2 infection in the country in the last week of January, 2020. This was followed by the beginning of the first wave, which lasted for about 9 months. A total of 11 million cases and 0.157 million deaths were reported from India during this period¹ with a peak of daily reporting of cases of over 4, 00,000 attained in mid-September, 2020. The current understanding of COVID-19 in India comes largely from disease surveillance, epidemiologic studies and modeling exercise.² The first wave was relatively mild compared to the second wave that followed, from mid-February 2021 onwards, and exhibiting a more explosive spread across the country. Clinical severity in terms of shortness of breath and mortality were experienced in larger proportion during the second wave compared to the first one.

In order to help decide upon the number of days to be considered for ascertainment of death related to COVID, the present document examined mortality series data specific to India.

Databases used to create mortality series pertaining to India

Two databases, as follows, were used to merge the necessary information for creation of mortality series:

- a) Death related data maintained by MoHFW in COVID-19 India Portal
- b) ICMR COVID-19 testing database for SARS-CoV-2.

ICMR-Identification number, which is a common attribute in both the databases, was used to achieve the necessary merger. This helped create a mortality series and assess the time period within which a recorded death took place following the first positive swab test date in this series.

Examination of mortality series from within India

SARS-CoV-2 virus – the causative organism of COVID-19 – results in an acute respiratory viral infection. Data from a cohort of individuals testing positive for SARS-CoV-2 infection during the second half of 2020 were examined to map the time over a period of three months from being test positive within which deaths (71, 982) occurred.

Days elapsed following the first swab positive date and before death

¹ World Health Organization. *WHO Coronavirus (COVID-19) Dashboard*. Available from: <https://covid19.who.int/region/ssaro/country/in>, accessed on May 31, 2021.

² Plausibility of a third wave of COVID-19 in India: a mathematical modeling based analysis. *Indian Journal of Medical Research* DOI: 10.4103/ijmr.ijmr_1627_21

865

While cumulative number of deceased individuals were plotted against the number of days elapsed between the first positive swab date and death, clearly two to four weeks time appeared to be crucial. The following graphical (Figure 2) representation quantifies this finding.

Cumulative coverage of deaths

866

OFFICIAL DOCUMENT FOR COVID-19 DEATH

(Issued in compliance to the Hon'ble Supreme court Judgement dated 30th June 2021 in WP(Civil) No. 539 & WP(Civil) 554 of 2021)

ESF-WISE TEAM DETAILS

ESF I – COMMUNICATION

SCOPE:

The major requirement during any natural or man-made disasters response is the presence of a fool-proof communication system which should serve as the life-line of all Emergency Support Function and the overall co-ordination effort.

ASSUMPTION:

Existing communication systems may have been disrupted owing to the disaster. Whatever existing communication, channels may be heavily crowded – owing to heavy usage of the network by many persons.

PRIMARY AGENCY: Police Department

SUPPORT AGENCY: BSNL, NIC, Electricity Dept, IT Department, HAM Radio Operators, DD/AIR & Private Telecom Operators,

TEAM LEADER: Senior Superintendent of Police (C&I)

SOP FOR COMMUNICATION ESF:

- Team Leader (TL) of communication ESF/Senior Superintendent of Police (C&I) will activate the ESF on receiving the intimation of the disaster from EOC.
- SSP(C&I) would inform Nodal Officers (NOs) of support agencies about the event and ESF activation.
- SSP(C&I) requests for reports on the incident from the local ESF contact person (this would be the local office of ESF Nodal Agency- Superintendent Police of the region concerned).
- Within half-an-hour of the occurrence of the disaster, the Team Leader convenes an urgent meeting of all ESF Members and seeks a status report on the extent of damage to telecom services and network.
- Based on the inputs from the Support Agencies and the private telecom operators, the Team Leader works out a Contingency Communication Plan, which is reliable and appropriate.
- TL issues orders to establish systems and reports to State and District EOCs on the action taken. New members and details of contact persons would also be communicated. If required mobile exchanges would be deployed.
- HAM radio operators, through their association, would be informed of the requirements and coordination mechanisms shared with them.
- TL gets the temporary telephone facilities established for the public and information on this is announced through media and ESF# Public Emergency Information / warning.

- TL informs the Incident Commander of the status of telecom services and the alternate arrangements made.

SOP FOR QUICK RESPONSE TEAM ON COMMUNICATION:

- The main task of the QRT on Communication is to secure and provide a reliable and quick communication network for the Incident Command Team at the site and the Incident Commander of the Headquarters/EOC.
- The QRT of Communication ESF will be headed by the Superintendent of Police (Wireless).
- The other Members of the QRT are DGM of BSNL, DIO of NIC, Programmer of IT Department and Representatives of private Telecom operators.
- After briefing by the Team Leader, the QRT rushes immediately to the site.
- Superintendent of Police, (Wireless) will ensure that soon after the disaster is reported, he will close down all normal communication and keep the network available for communication regarding the disaster.
- S.P(Wireless) liaises with the Incident Commander at the site and the number of deaths, injured and preliminary extent of damage to public and private property are conveyed to the Team Leader for briefing the Incident Commander at Headquarters
- He will operate a separate log to register the communication done pertaining to disaster.
- SP (Wireless) in Puducherry and Officer Incharge (Wireless) in other three regions will contact jurisdictional SP or the command post commander to install necessary HF/VHF sets in the command post manned by appropriate personnel.
- The QRTs on communication will liaise with other QRTs for the requirement of vehicle, materials and manpower for repair and normalization of the communication system.
- Meanwhile, the private telecom operators and the State owned BSNL through their local staff carry out repair works to revive the communication network.
- The Programme Officer of NIC and IT Department will assist the Incident Command Team at the site in sending reports and other information through E-Mail on a dedicated leased line provided by BSNL / VSNL.

ESF II - EMERGENCY MEDICAL SERVICES AND PUBLIC HEALTH

SCOPE:

The Emergency Medical Services ESF will primarily look after emergency treatment for the injured people immediately after the disaster and also be responsible for ensuring that there is no outbreak of any epidemic.

ASSUMPTIONS:

Emergency Medical Services are required for the affected population to save precious lives and treat the injured.

Emergency Medical Services are required to prevent possible outbreak of epidemic after a disaster.

Normal Health care facilities might have also been affected. (Hospital buildings too might have collapsed by earthquake).

PRIMARY AGENCY: Health Department

SUPPORT AGENCY: GH, JIPMER PIMS, MGDCRI Blood Banks, Ambulance Services, Rotary, Lions Club , Red Cross, MGPIIDS, MTPG RIHS, Revenue, Lad, Electricity, Police, NCC and all health institutions in Puducherry district, voluntary health organizations and other line departments.

TEAM LEADER: Director (Health Services)

SOPS FOR EMERGENCY MEDICAL SERVICES AND PUBLIC HEALTH:

The Director of Health Services (Team Leader) will get the information of the disaster from the IC/EOC.

- The TL will immediately convene an urgent meeting of Nodal Officers of Supporting Agencies within half an hour of the occurrence of the disaster.
- The TL would conduct an assessment of the damage/disruption of any facility existing owing to the disaster.
- Additional medical practitioners or specialists needed for specific illness will be alerted and teamed for duty in disaster areas.
- The TL will coordinate with ESF – Transport, ESF-Search & Rescue and ESF – Relief Camps for providing and augmenting medical services.

If Temporary shelters are being made for the affected population, the TL should ensure high standards of sanitation and prevent outbreak of epidemic.

TL should provide medicines and other medical facilities required at the site.

TL should contact ESF – Electricity for provision of back-up services for medical equipments.

SOPs FOR QUICK RESPONSE TEAM (QRT) FOR EMERGENCY MEDICAL SERVICES AND PUBLIC HEALTH ESF:

The QRT will be headed by Medical Superintendent of General Hospital, Puducherry, if the site of occurrence of disaster is within Puducherry region.

- IF the site of the occurrence of disaster is Karaikal, Mahe, Yanam, the M.S. of the respective General Hospital will be the Team Leader.
- The other Members of the QRT are Deputy Director(Public Health), Specialist in Surgery, GH, Microbiologist, G.H, Executive Engineer (Public Health), Under Secretary(Health).
- The QRT will rush to the site of the incident within half-an-hour of the occurrence of the event with necessary equipments, ambulances and Medical / Paramedical staff trained in Mass Casualty Management.
- The QRT sets up a command site near the disaster area.

ESF III - EMERGENCY WARNING, PUBLIC INFORMATION AND HELPLINE

SCOPE:

The flow of accurate and timely emergency information is critical to the protection of lives and property in the wake of a disaster. Preparation and dissemination of notifications , updates, warnings and providing emergency Toll-free help-line for public to enquire the whereabouts of their near and dear.

ASSUMPTION:

1. During calamities, lots of unsubstantiated news, i.e. rumours may circulate which may further aggravate the situation.
2. Therefore, there is a need to provide Genuine / Authentic information about the incident, number of deaths, injured, missing, etc.

PRIMARY AGENCY: Revenue Department

SUPPORT AGENCY: Information and Publicity Dept, Planning and Research Dept, Education Dept, NIC, Media, NGO's, Dept of Health, DD/AIR. Port, PWD, Fisheries Department and Coast Guard

TEAM LEADER: Collector

SOP FOR EMERGENCY WARNING AND PUBLIC INFORMATION AND HELP

LINE:

- The Collector will be the Team Leader(TL) of the ESF Emergency Warning and Public Information.
- The Collector as the Head of the Emergency Operation Centre will be the first person to be alerted of any natural disaster for which early warning systems exist.
- As soon as the EOC / Collector receive information about any impending disaster like Tsunami, Cyclone, Flash Floods from Agencies like INCOIS, Meteorological Department / Ministry of Home Affairs, the Incident Commander is briefed by the Collector about the information received and the veracity of the information is confirmed.
- Immediately, a meeting is convened by the Collector with the Team Leaders of Communication, Evacuation and Transportation ESFs.
- For all the natural disasters, for which Early Warning is possible, the lead time to alert the vulnerable population will vary from half-an-hour for Tsunami to one day for heavy rain, flood.
- If the Early Warning is for Tsunami, the Warning is disseminated to the coastal communities through the VHF wireless communication already established in all fisherman and coastal villages.

- Before the announcement is made through the public address system, the corresponding ESFs required for Evacuation and Transportation will be alerted through the EOC.
- The Special Officer in the Office of the Collector will be the Nodal Officer for Warning dissemination for Tsunami.
- For Cyclones and Flash Floods, where lead time is a day or more, advance warning is given through Mass Media, Television Channels and Cable Networks. The Nodal Officer will be the Revenue Officer , Office of the Collector.

SOPs FOR QUICK RESPONSE TEAMS:

- The Tahsildar, EOC / Disaster Management will be the Team Leader of the Quick Response Team.
- The other Members of the QRT are Director, Information and Publicity, DIO of NIC, Deputy Director(Health), Deputy Director(Planning and Research), Deputy Director (Education) and NGO Representatives.
- QRT will rush to the site within one hour of the occurrence of the disaster.
- Assistant Director (Protocol), Information Department will be stationed at the Emergency Operation Centre and liaise between the EOC and the Mass Media.
- The Programme Officer, NIC will facilitate opening of the Media Centre at the site of the Disaster
- The Deputy Director (Planning and Research Department) will compile a status report on the number of deaths and injured persons, if any.
- Director (Information and Publicity) will cause flash news of latest updates, donation requirements for disaster area to be displayed in all cable and television channels. He will also set up the toll free number for emergency information / assistance regarding the missing relatives, friends, etc.
- The help desk at the site of the disaster will be manned by the Assistant Director (Publication).
- Under Secretary (DP&AR) will supplement, required Ministerial Staff for ESF.
- Fisheries Department has to disseminate warning/ information to fishermen's / fishing vessels / boats / trollers etc. to not to venture into sea during rough weather.
- Port Department to display the necessary warning signals at appropriate places in the Port.
- Coast Guard should do patrol in the sea and warn fishermen who try to venture into sea during rough weather.

ESF IV - SEARCH AND RESCUE

SCOPE:

Search and rescue operations are one of the primary activities in a disaster situation. The Swiftness and promptness in carrying out search and rescue operations can make a remarkable difference in loss of life and property. It also involves removal of trapped and injured persons from collapsed buildings/rubble, administering first aid and assisting them in transporting the injured to medical facilities.

ASSUMPTIONS:

1. The local population will initiate search and rescue at their level.
2. Spontaneous volunteers involved in search and rescue will require coordination.
3. Access to affected areas will be limited. Some sites may be accessible only through air.

PRIMARY AGENCY: Fire Service

SUPPORT AGENCY: Police, (Home guards IRBn), Health Dept, municipality, Block Development office, Taluk office, Commune Panchayat, PTDC, NCC, Fisheries Dept, Animal husbandry, Coast Guard, Dept of Town & Country Planning, Electricity Dept.

TEAM LEADER: Divisional Fire Officer

SOP FOR SEARCH AND RESCUE:

- The TL of the ESF will get the information about the disaster from the EOC. The TL will alert the Nodal Officers of the Supporting Agencies.
- The TL will make a quick assessment on the scale of damages and the possible number of people trapped inside the collapsed buildings.
- The Quick Response Team (QRT) for search and rescue will be formed by the Nodal Officers of the Supporting Agencies.
- The TL makes a realistic assessment of the specific skill sets and other equipments required.
- Using the local resource network, the availability of earth moving equipments and concrete cutting machines is undertaken.

SOP FOR QUICK RESPONSE TEAM:

- The Quick Response Team (QRT) formed from among the support agencies will be dispatched to the disaster site.
- The QRT will make an assessment of the damage (No. of buildings damaged, severity of damage and the no. of people suspected to be trapped and the no. of people died).
- The QRTs will send an incident status report to the TL.
- The QRT will be headed by SFO of the respective region.
- PHC, Commissioner, Municipality/Commune/Panchayat, Tahsildar of the respective Taluk, Deputy Director, Fisheries, Deputy Commandant, IRBN.

- As soon as the QRT identifies any survivor trapped inside a rubble the concrete cutter is used to cut the rubble and retrieve survivors.
- The Chief Medical Officer from the Primary Health Centre immediately administer first Aid and if required referred to Government Hospital or other specialty hospitals for further treatment.
- The professional dog teams will be pressed into service by the police team for rescue.
- The S.F.O. will plan and assist in rescuing people caught in fire in high rise buildings.
- Fire Engine with ladder, rope repelling unit will be pressed into service for rescue effort in heavy floods, fire etc.
- In case of missing fishermen, the Director of Fisheries will follow the established procedure as per the Departmental SOP.

ESF V - TRANSPORTATION

SCOPE:

Safe and quick movement of men and materials are a pre-requisite for a emergency response mechanism. The transportation ESF should co-ordinate the use of transportation resources to support the needs of other ESF's requiring transport capacity.

ASSUMPTION:

1. The existing transportation infrastructure would have sustained heavy damages and would not be able to deliver.
2. The movement of relief supplies and goods will further congest the transport services.

PRIMARY AGENCY: Transport Department

SUPPORT AGENCY: Southern Railways, Dept of Fisheries, Private vehicle owners association, PRTC, PTDC GAW, Under Secretary (Esst), Police, Education Dept, PASIC, PAPSCO.

TEAM LEADER: Transport Commissioner

SOP FOR TRANSPORTATION:

- The Transport Commissioner (TC) of the transportation ESF will activate the ESF on receiving the intimation of disaster from EOC.
- TC would inform nodal officers of Support Agencies about the event and ESF activation.
- The TC convenes an emergency meeting within two hours of the occurrence of the disaster with the Nodal Officers of all Support Agencies and takes stock of the transportation network, infrastructure in affected areas.
- The TC seeks interim report from the Nodal Officers of the Support Agencies within three hours from the occurrence of the disaster and briefs the Incident Commander of the status and requirements thereof.
- The TC contacts the TL of Public Works & Engineering (Chief Engineer, PWD)and ascertains the damage to road network , alternative route arrangements and ongoing repair works scheduled.
- TC contacts the ESF- Evacuation, ESF-Medical Services and ESF-Debris Clearance for augmenting their Transportation needs.
- TC would keep ready a list of all road worthy Government vehicle category wise with Drivers for sparing them to various ESFs/QRTs which need transportation.
- In case of in accessible areas/terrain Air Support will be requisitioned by the Transport Commissioner through the Incident Commander to the responsible Officer.

SOP FOR QUICK RESPONSE TEAM:

- The Leader of the Quick Response Team is the Deputy Transport Commissioner. The other Members of the QRT are Station Master, Southern Railway, Deputy Director, Fisheries Department, M.D. PRTC, Manager, Government Automobile Workshop, M.D., Orient Flight School, Medical Superintendent, Govt. Hospital, Revenue Officer, Office of the Collector and Representative of Private Vehicle Owner’s Association.
- The QRT is briefed by the Transport Commissioner (TC) within one hour of the occurrence of disaster and ordered to proceed to the site of the occurrence.
- The QRT Leader will get in touch with all activated ESFs and ascertain their needs of vehicles for their respective QRTs and attempt is made to provide vehicles to all other activated QRTs within two hours of the occurrence of disaster.
- The QRT Leader will contact the QRT Leader of Search and Rescue ESF (Station Fire Officer) for provision of boats for Search and Rescue operation in rivers and sea.

In case of disruption in rail network, the Station Master will communicate the cancellation of rails to the QRT Leader, who will in turn inform the EOC/ Emergency Public Information ESF.

The need/availability of Coaches for evacuating people from a disaster area will be provided by the Station Master to the QRT Leader. The QRT Leader will also ascertain the availability of Aircraft for use by damage assessment ESF and other reconnaissance Mission by related ESFs.

ESF VI – EVACUATION

SCOPE:

Any major calamity would involve movement of large group of people from the disaster area to a safer area. This ESF is primarily concerned with establishing shortest routes, alternate routes and along with Transportation ESF ensure safe evacuation of affected population.

ASSUMPTION:

1. Many of structures and buildings may be damaged though may not be visible from outside.
2. Such weak structures and buildings may collapse after the occurrence of the disaster and hence the necessity of evacuation.

PRIMARY AGENCY: Revenue

SUPPORT AGENCY: LAD, (Municipality and communes), NCC, BDO, RD, Police, Dept of Fisheries, Transport, Dept of Industries, Dept of AD welfare, PWD, Dept of Town & Country Planning, Chief Inspector of Factories

TEAM LEADER: Collector

SOPS FOR EVACUATION:

- The Collector will activate the ESF on receiving warning of the disaster from EOC.
- TL would inform Nodal Officers of Support Agencies about the event and ESF activation
- TL will gather information about the availability of pre-defined evacuation routes.
- TL will get in contact with the TL of transportation ESF for getting the required number of transportation vehicles to evacuate the given number of population from the vulnerable areas to safer places.
- In case of non-availability of pre-defined evacuation rules, the Nodal Officer would coordinate through EOC with other ESF Nodal Officers and support agencies for identifying alternative routes.

SOP FOR QUICK RESPONSE TEAM ON EVACUATION:

- The QRT on Evacuation will be headed by the respective jurisdiction SDM.
- The other Members of the evacuation QRT are Municipality/Commune Panchayat Commissioners/Taluk Tahsildar, Inspector of Police Circle, Assistant Director of Fisheries, NCC Commandant, NSS Liason Officer, RTO, Assistant Director (Adi Dravidar Welfare).

- Taluk Tahsildar will provide the evacuation routes from affected areas to safe shelter/Government Schools or designated relief camps.
- The QRT members will reach the Nodal Office as soon as they get instructions to do so from the TL.
- Once the quick response teams receive an intimation from the nodal officer for reaching the site they would rush to the site.
- On reaching the site the QRT members will take stock of the situation from the incident management team at the site and their counterparts.
- The quick response teams with the help of local task forces, will start evacuating peoples to safe shelters or open areas.
- The QRT members should concentrate more on evacuation in areas which have been worst affected by the disasters.
- Report all activities to Head Office.
- In case of non-availability of pre-defined evacuation routes, the Nodal Officer would coordinate through EOC with other ESF Nodal Officers and Support Agencies for identifying alternative routes.
- If the disaster strikes in the coastal areas like Tsunami, Cyclonic storm, etc. the Assistant Director of Fisheries supervisory officers will mobilize the fishermen community to Board the Buses arranged by the RTO for evacuation.
- If the disaster is in interior areas, like flooding of river banks, forest fires, earthquake, etc. the NCC Commandant along with the NSS Liaison Officer and the Circle Inspector of Police will mobilize the people to board the vehicles for evacuation to safer areas.
- The Assistant Director of Women and Child Welfare and Adi Dravidar Welfare will concentrate on convincing the specific target groups (Adi Dravidar community and Women and Children) in evacuation.
- In case of any poisonous gas leak from any factory / industry, the Inspector of Factories will declare the circumference of the area to be evacuated. The Taluk Tahsildar with the support of the Inspector of Police on the CommunePanchayat/Municipality Commissioner will cause the evacuation of all the people within the perimeter of the circle.

ESF VII – DEBRIS CLEARANCE & EQUIPMENT SUPPORT

SCOPE:

This emergency function is a common feature in most large scale disasters such as Earth quakes, cyclones, floods etc. which primarily affect the building structures. This ESF would identify, remove and dispose rubble and wreckage which may hamper the performance of emergency response.

ASSUMPTIONS:

Access to disaster affected areas would depend upon the clearing of access routes of the Debris.

PRIMARY AGENCY: Public Works Department

SUPPORT AGENCY: LAD, Under Secretary (Works), Municipality and commune Panchayat BDO, Police, Revenue, Forest Dept, Electricity Dept, Animal Husbandry, Taluk office, Earth moving Equipment owners Association, Builder's Association.

TEAM LEADER: Chief Engineer (PWD)

STANDARD OPERATING PROCEDURE FOR ESF DEBRIS CLEARANCE:

- The Team Leader i.e. Chief Engineer, PWD will activate the ESF on receiving the information of the disaster from the EOC.
- The TL would inform the Nodal Officers(NO) of support agencies about the event and ESF activation.
- TL will immediately convene meeting with the Nodal Officers of all Support Agencies within one hour of the occurrence of the disaster.
- The Quick Response Team members will also be briefed by the Chief Engineer on the magnitude of the task and seek their views on available resources and requirements of earth moving equipments and concrete cutting machinery for the purpose of debris clearance.
- The Director, LAD, Commissioners of Municipality/Commune Panchayat and the Tahsildar of Taluk Office will furnish the respective plans for the task at hand.
- The Chief Engineer, PWD will consolidate the individual plans and brief the Incident Commander about the plan of action for Debris clearance immediately occurrence of the disaster.
- The TL will co-ordinate with the support agencies to mobilize equipments required for Debris clearances through local resources inventory and IDRM data base.

- The Chief Engineer, PWD will also ensure coordination with Medical ESF and Search and Rescue ESF for disposal of dead bodies and carcasses.
- The Team Leader will review the situation and ask support agencies to take precautionary measures for enabling operationalisation of the transportation ESF.

SOP FOR QUICK RESPONSE TEAM (QRT) ON EQUIPMENT SUPPORT AND DEBRIS CLEARANCE:

- The TL will nominate Nodal Officer (NO) from the Primary Agency and form a team of Nodal Officers from support agencies as the Quick Response Team to be dispatched to the disaster site.
- Superintending Engineer-I will be the Nodal Officer for the PWD (Primary Agency).
- Superintending Engineer-I will lead the QRT on Debris clearance and Equipment Support ESF.
- The other Members of the QRT are Executive Engineer (CPWD), Deputy Director(LAD), Executive Engineer, Municipality, Assistant Engineer (BDO), Deputy Tahsildar, Taluk Office, Assistant Engineer (Commune Panchayat), Executive Engineer, Electricity.
- The QRT headed by Superintending Engineer-I will visit the site of the disaster immediately.
- Executive Engineer (B&R) will chalk out a contingency road approach if roads are severed/damaged.
- Bye passing of broken bridges, culverts will be attempted.
- Executive Engineer, Electricity, will chalk out plans to revive power supply but only after ensuring safety of existing poles, or else backup support will be provided for emergency response.

The QRT leader will requisition earth moving equipments from local list of machine inventory or else from IDRN inventory.

ESF VIII – DAMAGE ASSESSMENT

SCOPE:

Conduct of ground surveys to determine the scope of the damage, causalities, and the status of key facilities. The reports to form the basis for actions taken by the Incident Commander(IC) and further initial actions by the Team Leaders (TL) of the activated ESFs.

SITUATION ASSUMPTIONS:

A crisis situation has arisen, but adequate information to base further decisions not available. The loss of life and damage of critical infrastructures not known.

PRIMARY AGENCY: Revenue

SUPPORT AGENCY: Agriculture, AHD, LAD, PWD,DRDA, PASIC, PIPDIC, DIC, Industries Dept of Tourism, Electricity Dept, Statistics Dept. Fisheries Dept.

ESF TEAM LEADER (TL): Collector

SOPS FOR DAMAGE ASSESSMENT ESF:

- The Collector will activate the ESF as soon as he receives information from the EOC about the disaster.
- An urgent meeting is convened by the Collector with all the Support Agencies represented by their Nodal Officers within an hour of the occurrence of the disaster.
- The Collector will seek a Incident Status Report (ISR) from the Nodal Officer of Support Agencies within 24 hours.
- A Rapid Assessment Report on the damages is submitted within 2 days to the IC.
- The QRT is also called for a meeting and they are briefed on their mandate and ordered to proceed to the site of the disaster within three hours from the occurrence of the disaster. Meanwhile, a Rapid Assessment Report is prepared by the TL and presented to the Incident Commander within two hours of the occurrence of the disaster.

SOPs for Quick Response Team:

- The Quick response team of damage assessment ESF will be lead by Sub Divisional Magistrate of the respective jurisdiction.
- The Nodal Officers from Support Agencies will form the other Members of the QRT.
- Executive Engineer (Buildings & Roads) , Assistant Engineer (National Highways Division), Assistant Engineer (Irrigation Division) Tahsildar of respective Taluk.
- The Executive Engineer (B&R) Division will provide a Rapid Assessment Report on the damage (cost) to buildings and roads within the disaster area.
- The Assistant Engineer (National Highways) will report the damage (cost) to National Highways.

- The Assistant Engineer(Irrigation) will report damage to river banks / bridges / culverts.
- The Assistant Engineer, (Municipality) / Assistant Engineer, (Commune Panchayat) will report the damages (cost) to Municipal Commune roads/buildings.
- Joint Director(Agriculture) will report on the damage in hectares of standing crops.
- Joint Director(Animal Husbandry) will report on the damage to cattle & Livestock.
- Tahsildar of the respective Taluk will provide damage assessment report on the loss of human lives, damage to houses, number of missing / injured.
- Fisheries Department will provide damage assessment report on the loss of boats, fishing net etc.

ESF IX – RELIEF CAMPS

SCOPE:

In the event of a disaster, there would be a need for temporary structures like Tents or thatched pandals for accommodating the evacuated people from marooned hamlets or disaster area. The ESF on Relief should ensure coordination of activities involved with the emergency provisions of temporary shelters, emergency mass feeding and bulk distribution of relief supplies to the disaster victims as also the disaster managers and relief workers.

SITUATION ASSUMPTION:

- The possibility of the affected population staying in their own houses near / in the disaster area is unlikely and should be avoided.
- The houses in disaster affected areas may appear to be unaffected but from within they may suffer structural failure and continued usage would put the lives of those living in jeopardy.
- Therefore, the evacuated people should be kept in Camps until danger signal is withdrawn.

PRIMARY AGENCY: Women and Child Welfare Department

SUPPORT AGENCY: Women & Child Dept, Education Dept, Municipalities and Communes, BDO's, PWD, Electricity Dept, AD Welfare, Director of Social Welfare, Dept of Health, Tourism Department, Contractors Association.

TEAM LEADER: Director (Women and Child Welfare)

SOPs FOR RELIEF CAMPS:

- Team Leader (TL) i.e. the Director, Women and Child Welfare of ESF on relief will activate the ESF on receiving the intimation of the disaster from State EOC.
- TL would inform Nodal Officers (NOs) of Support Agencies about the event and ESF activation.
- TL will coordinate with all State and District level suppliers as identified with under IDRN.
- TL will coordinate with other ESFs like transportation, debris and road clearance to ensure quality supply chain management of relief materials.
- The TL will convene a meeting of the Nodal Officers of Support Agencies within three hours of the occurrence of the disaster and ascertain the need for relief camps. Based on the need and input from sub-offices in the disaster area number of tents or thatched shelters required are arrived at.

SOPs FOR QUICK RESPONSE TEAM (QRT) ON RELIEF:

- The QRTs for relief will be headed by Child Development Project Officer. The other Members of the QRT on relief are Deputy Director, Social Welfare, Assistant Director, Adi Dravidar Welfare, Managing Director, PADCO, Assistant Engineer, Municipality / Commune Panchayat, Chief Education Officer.
- QRTs will report to disaster site within five hours from the occurrence of the disaster.
- The QRT Leader will analyze the ground situation and assess the requirement of relief camps. As far as possible, QRTs will attempt to locate the relief camps in public buildings like Community Hall / Cyclone Shelter / School Buildings. Whenever such facility is not present in the near vicinity, then, make shift temporary shelters are put up under the direction and supervision of the QRT.
- The Chief Education Officer will furnish a list of School going Children and total victims in the Relief Camp.
- The Child Development Project Officer will furnish list of Women and Children (0 to 5 years) in the Relief Camp.
- Assistant Director, A.D. Welfare will furnish the list of Scheduled Caste population in the Relief Camp.
- The Assistant Director, Social Welfare will prepare a comprehensive list of victims (other disadvantaged sections of the Society including old aged and handicapped persons) and forward it to the Team Leader.
- The QRT Leader will liaise with Emergency Medical Services QRT and requisition for a Team of Doctors / Paramedics for treating the injured in the Relief Camps
- The Assistant Engineers of Municipality/Commune Panchayat will be responsible for contracting the task of setting up temporary shelters tor putting up of tents.
- The QRT will in turn nominate Nodal Officers belonging to the same Primary and Secondary Agencies in the region / area concerned.
- QRTs will be responsible for management and distribution of relief items to the affected victims
- QRTs will be responsible for reporting the progress on action taken by the team to the EOC.
- The CDPO will take special care in food distribution for women with infants, pregnant women and children.
- Tourism Department to ensure the tourists safety.

ESF X – FOOD AND CIVIL SUPPLIES

SCOPE:

The persons affected by most common disasters are mostly shifted to relief Camps which may be far away from their households and would required to be fed until rehabilitation packages are put in place.

SITUATION ASSUMPTION:

Chance of cooking their own food in a disaster area would not be possible. There may be a need to distribute food packets and drinking water to the victims in far flung area. Cooked food need to be served to inmates of relief camps.

PRIMARY AGENCY: Civil Supplies Department

SUPPORT AGENCY: Agriculture, Co-operation Dept, PAPSCO, PASIC, PONLAIT, Education Dept, Electricity Dept, Ad welfare, Puducherry Institute of Hotel Management, Transport Dept, NGO's, Hotel owner's Association. Food Corporation of India, Chamber of Commerce,

TEAM LEADER: Director (Civil Supplies)

SOP FOR ESF FOOD AND CIVIL SUPPLIES:

- The Team Leader(TL) i.e. the Director of Civil Supplies will activate ESF on receiving the information about the incident and will also inform to the supporting agencies
- The TL will contact the TL of the ESF Relief Camp and ascertain the number of relief camps functioning and total number of people accommodated in such camps.
- The TL also will liaise with ESF Search and Rescue Team Leader to ascertain whether there are any inaccessible areas for air dropping of food and water packets.
- The TL will convene a meeting with all the Nodal Officers of the Supporting Agencies within five hours from the occurrence of the disaster.
- The TL will contact the EOC to find out the number of ESFs activated and the number of personnel involved in the task of the emergency response so as to provide food for all the various categories of QRTs on the site and off the site.
- Nodal Officer of the Education Department will be the key person for ensuring that all Central Kitchens are kept ready and ensure the presence of Cooks/Workers to dispatch food to Quick Response Teams
- TL will guide QRTs to reach at rehabilitation centers to provide food packages
- TL will keep on coordinating about the distribution of food items to the evacuees and will give appraisal to the IC
- In case of shortage of food items, TL will arrange more food packages and will ensure continuous supply

SOPs FOR QUICK RESPONSE TEAMS:

- The QRT on Food and Civil Supplies will be lead by Deputy Director of Civil supplies.
- The Joint Director Education will coordinate with the Relief Camps and the Central Kitchens for provision of food to the victims.
- The Managing Director, PONLAIT will make available boiled milk for children.
- Conveying the food from the Central Kitchens to Relief Camps will be the duty of the Deputy Registrar of Cooperative Society.
- The Joint Director, Agriculture and the Marketing Committee Incharge will be responsible for making available Cereals, Vegetables and all grocery items to the Central Kitchen.
- If there is any shortage of rice, cereals etc. the QRT Leader will request the Food Corporation of India Depot Manager through the Team Leader.
- The QRT Leader will liaise with the Water and Sanitation QRT for ensuring uninterrupted water supply for the Central Kitchen and other places where the food is cooked.
- Management and distribution of relief items to affected victims
- Report the progress on action to the TL
- Inform TL about more requirement of staff members, additional materials and food packages
- Initiate procurement of food items available at near by markets
- Prepare take-home food packets for the families
- Ensuring equal distribution of relief material including children, aged groups, women and poor people

ESF XI – WATER SUPPLY AND SANITATION

SCOPE:

During disasters the normal water supply mains/lines would be heavily damaged and availability of water for drinking, cooking/sanitation would be scarce which may hinder rehabilitation efforts.

SITUATION ASSUMPTIONS:

1. There may be a need of supplying water for fire fighting operation.
2. There may be a need for drinking purpose.
3. Rehabilitation site might be requiring temporary/mobile toilets.
4. There may be need to ensure clean environment.

PRIMARY AGENCY: Irrigation and Public Health (Public Works Department)

SUPPORT AGENCY: Municipality / Commune Panchayat, Health Dept, DRDA, NGO's.

TEAM LEADER: Superintending Engineer-II (Public Works Department)

SOPs FOR ESF WATER SUPPLY AND SANITATION:

- Superintending Engineer II , Irrigation and Public Health will be the Team Leader for ESF Water Supply and Sanitation.
- The TL of the ESF will contact the EOC and ascertain the number of ESFs activated
- The TL will call a meeting of the Support Agencies within five hours of the occurrence of the disaster.
- The TL shall coordinate with the Relief Camp ESF and ascertain the requirement of drinking water and water for sanitation purposes.
- The TL also contact the Fire Fighting ESF for replenishing the depleted stock of water for the Fire Engines engaged in fire fighting.
- TL will ensure that QRTs are on the site along with the required resources
- TL shall be ensuring uninterrupted supply of water for fire-fighting to all the brigades in operation
- TL shall coordinate with the transport coordinator for replenishing the depleted stock of fire water at the incident site through water tanks
- Establish temporary sanitation facilities at the shelters
- Ensure cleanliness of sanitation facilities, relief shelters and local commandant post.

SOPs FOR QUICK RESPONSE TEAMS:

- The QRT will be headed by the Executive Engineer, Irrigation and Public Health
- The other Members of the QRT are Assistant Engineer, LAD, Assistant Engineer, Municipality, Health Inspector from Health Department, Assistant Engineer, DRDA, Managing Director, PASIC.
- The QRTs will reach the disaster sites within five hours from the occurrence of the disaster.

- The immediate priority for the QRT is to identify the damage to the potable water pipe line and water supply system.
- The next step is to do immediate patch of repair work to resume water supply.
- If the QRT finds that the water source is contaminated, the water supply through pipe line is temporarily stopped and potable water is delivered through tanker lorries to areas.
- To prevent outbreak of diseases, chlorination of potable water containers will be carried out under the supervision of the Health Inspector.
- Assistant Engineer, DRDA will ensure temporary sanitation facilities at the relief camps.
- If necessary, mobile toilets from Tourism Department will be provided for Sanitation.
- Managing Director, PASIC will ensure water for all the requirements of the ESF from PASIC bore wells.

ESF XII – ELECTRICITY RESTORATION

SCOPE:

One of the essential services to be affected during a calamity like cyclone, floods, earthquakes and heavy winds are disruption in power supply and the potential threat to habitations because of the danger of collapse of precarious electrical poles/transformers.

SITUATION ASSUMPTIONS:

Expect electric short circuits in the affected area which may aggravate the fire and explosions.

Electric fitting of the affected areas may get damaged and need repairing.

There may be a requirement of temporary lightening provisions in the relief shelters and local commandant post.

PRIMARY AGENCY: Electricity Department

SUPPORT AGENCY: LAD,PWD,PPCL, Electrical Contractors

TEAM LEADER: Superintending Engineer-I (Electricity Department)

SOPs FOR ESF ELECTRICITY RESTORATION:

- The Superintending Engineer-I , Electricity Dept. will be informed by the EOC of any disaster
- Team Leader (Superintending Engineer-I, Electricity Department) will activate the Emergency Support Functions(ESF) by informing his headquarter team and field team
- Team Leader will inform Nodal and Supporting Agencies about the incident.
- If early warning of cyclonic storm, heavy wind laden rain is forecast, the TL takes precautionary measures like pre emptive shut down of power regulating in affected areas
- The TL should contact other activated ESFs like Emergency Medical Services, Search and Rescue and other operations which may require power back-up for operation.
- Ensure power safety in all relief camps.
- Ensure power supply in all vital installation and essential office building.

SOPs FOR QUICK RESPONSE TEAM (QRT):

- Executive Engineer (O & M) will be the Team Leader for the QRT.
- The QRT will reach the site of disaster within three hours from the occurrence of the disaster.
- The QRT will give a rapid assessment report of the damaged poles, lines, transformers, etc.
- The Assistant Engineer of the Local Body , Electrical Contractors of the area, the Assistant Engineer, PWD along with the Assistant Engineer, Puducherry Power Corporation will be the other Members of the QRT.

- The QRTs will also assess the requirement of power supply and provide them immediately for relief Camps in consultation with the QRT of Relief Camp through local contractors.
- QRTs will send a requisition for electrical poles and cables to the Team Leader of the Headquarters.

ESF XIII – PUBLIC WORKS AND ENGINEERING

SCOPE:

During any natural calamity, major infrastructure through out rail network, buildings, bridges, water tanks and other critical assets heavily damaged. Therefore, it is mandatory to protect the remaining assets from further damage and also to repair the damaged roads and buildings for ensuring speedy relief and response works.

ASSUMPTIONS:

Many buildings may appear to be safe from outside. But in a post disaster situation, the structure of the buildings may be weak and it becomes necessary for this ESF to periodically check the buildings and cause demolition, if necessary.

Major roads and transportation would have been affected during a natural calamity. And it may not be possible to reach all the affected areas by various ESFs. Therefore, it becomes necessary to repair the damages to roads / bridges in a war footing manner.

PRIMARY AGENCY: Public Works Department.

SUPPORTING AGENCY: NHAI,LAD, Housing Board, Electricity Dept, Forest Dept, Police Dept.

TEAM LEADER: Chief Engineer

SOP FOR PUBLIC WORKS AND ENGINEERING:

- The Chief Engineer is alerted of the disaster / crisis by the EOC.
- Immediately, the CE convenes a meeting of all the Nodal Officers and briefs them about the situation and seeks the status from all the support agencies within half-an-hour.
- Multiple Quick Response Teams (QRTs) are formed according the necessity of the situation.
- Executive Engineers of Special Building Division I / II and Executive Engineer(North) and EE (South), Building and Roads will be the Team Leaders of the respective QRTs.
- Assistant Engineer, Electricity corresponding to the area of jurisdiction will be co-opted as Members of each QRT.
- To ensure the strength of river banks, bridges and embankments.

SOP FOR QUICK RESPONSE TEAM (QRT):

- QRTs will rush to the site immediately on receiving information from the Chief Engineer.
- If the access to the site of disaster itself is severed, then QRT from the sub-Office rushes to the spot before the QRT from Headquarters and tries to attend to the repair / breach .

ESF XIV – FIRE FIGHTING / HAZARDOUS MATERIALS RESPONSE

SCOPE:

An accidental fire either due to short circuit or otherwise if unattended within the least possible time can aggravate and spread to neighboring buildings. So, prompt action in containing the small fire or gas leak is always required to contain it from growing to larger proportions. Fire in industrial premises or factory can also lead to explosions.

PRIMARY AGENCY: Fire Service Department

SUPPORT AGENCY: Police, IRBn, Coast guards, NCC, Inspector of Factories, Labour Dept, Dept of Atomic Energy, Science and Technology, Health Dept, Dept of Industries, Port Dept, Electricity

TEAM LEADER: Divisional Fire Officer

SOP FOR ESF FIRE FIGHTING:

- Divisional Fire Officer is the Team Leader who will activate the ESF and give instructions to the QRTs to reach an incident site to person rescue operations
- DFO will coordinate with the EOCs (on site and off site) to judge the situation
- DFO will coordinate in will coordinate with technical experts,safety coordinators and material coordinator of quick response in case of any requirement in conducting rescue operations

SOP FOR QUICK RESPONSE TEAM ON FIRE FIGHTING:

1. On-Scene Assessment:

- First fire vehicle to reach at incident site will contact at site controller and collect the necessary information regarding chemical leak, action taken, current status and type of equipment required
- Driver will park their vehicle in a manner to prevent exposure to air-borne chemical contaminants and fire explosions
- Each crewmember will wear the necessary PPEs (Personnel Protective Equipments) before entering in the “hot zone”. They will work in pairs and coordination.
- The situation will be communicated to the District Control Room/EOC to provide the update of additional resource and manpower requirement
- To ensure stop of power supply during fire.

2. Plugging/Stopping of Leaks:

- Few crew members having good knowledge of basic tools and knowledge to limit the losses from punctured or leaking tanks will work for plugging holes. Plugs of varying sizes and shapes (conical, cylindrical, square or wedge shaped wood pieces, rubber or metal sheets) can be jammed in the wholes to reduce the leaking.

3. Suppression of Hazardous Gas or Vapour Releases:

- Based on the guidance of technical coordinators, the response team shall take rapid measures to reduce the rate of amount of hazardous vapors or gases entering in the atmosphere using one or combination of the following measures.
- Physical restriction of liquid pool surface areas
- Transfer to an alternate or standby container if available
- Use of fire-fighting or specialized hazardous material foams
- Dilute or coverage of liquid pools with water or other compatible liquids
- Use of water sprays or fogs
- Neutralization of spilled liquids
- Cooling of spilled liquids or venting tanks

4. Search and Rescue Operations:

- According to the instructions of rescue coordinators QRTs should enter into the hazardous areas and rescue injured and trapped people
- For common safety practice, QRTs should work in pairs
- QRT should initiate search and rescue operations of trapped people under the guidance of technical experts
- QRT of rescue operations should carry a self-contained breathing apparatus (SCBA) to carry out their mission without falling victim. They should also carry a spare SCBA units which will help them to escape people trapped in the hazardous areas and also sometimes rescue workers require extra air supplies to accomplish prolonged rescue.
- TL gets the temporary telephone facilities established for the public and information on this is announced through media.

SOPs FOR QRT ON FIRE FIGHTING AND HAZARDOUS MATERIAL RESPONSE:

- The QRTs for fire and hazardous materials response will be lead by the Assistant Divisional Fire Officer.
- The other Members of the QRT are Inspector of Police, Taluk Tahsildar, Deputy Director, Industries, Chief Inspector of Factories.
- The QRT will reach the site with the required protective equipments as quick as possible.
- Each Team Member will necessarily wear the personnel protective equipments before entering the site.
- A technically qualified team identified through the Department of Science and Technology will provide inputs on the ways and means for containing / arresting the leak of poisonous gases or containing the fire.

- The QRTs will have volunteers from Home Guards, IRBM and NCC Cadets for search and rescue in fires in high raised buildings.
- The QRT Leader will remain in touch with Medical, Search and Rescue ESF.

ESF XV – LAW AND ORDER ENFORCEMENT

SCOPE:

The ESF on Law and Order maintains the law and protects the property and valuables. It is mainly responsible in controlling crowd and preventing riots.

SITUATION ASSUMPTION:

- There would be panic and people will gather at a place.
- The crowds may go out of control.
- Riots may also take place.

PRIMARY AGENCY: Police

SUPPORT AGENCY: Judicial Dept, Revenue, NSS, NCC.

TEAM LEADER: Superintendent of Police

SOP FOR ESF LAW AND ORDER:

- Deploying Quick Response Teams (QRTs) to maintain law and order at the incident site
- QRTs deployed at the site will be equipped and will coordinate with following activities.
- Quick Assessment of law and order situation in affected areas.
- Cordon off the site to restrict movement of curious onlookers, vehicles and pedestrians.
- Control and monitor traffic movements.
- Support and coordinate with local administration.
- Prepare updates on the law and order situation in every 2 hours and brief the authorities.
- Ensure law and order at assembly points and evacuation points.
- Control situation of rioting and looting and cordon off affected areas.
- Provide traffic diversions so as to ease movement of response vehicles to incident site.
- Gather and disseminate information about the traffic flow on alternate routes for decongestion.
- Ensuring law and order in rehabilitation centres.
- Communicate with PCR on regular basis regarding field activities including deployment of manpower and resources.
- To advice home-guards to remain alert for responding to call from Police.
- To contact nearby hospitals for making emergency arrangements for receiving injured persons.

**ESF XVI – RESOURCES MOBILIZATION – CONTRACTING SERVICES –
VOLUNTEER AND DONATION SUPPORT**

SCOPE:

In the aftermath of any disaster there will be lose of lives and property depending upon scale and magnitude of the disaster. When the scale of the disaster becomes unmanageable, the response activity needs to be augmented with other resources of personnel, material, equipment.

SITUATION ASSUMPTION :

If the scale of the disaster is enormous then the response mechanism available needs to augmented by Mobilizing additional resources, enlisting volunteers and contracting / out sourcing of essential services before the onset of disaster.

PRIMARY AGENCY: Social Welfare.

SUPPORT AGENCY: Revenue, Education Dept, PIPDIC, NGO'S, NCC, NSS.

TEAM LEADER: Director Social Welfare.

11 MAHE REGION

MAHE REGION

Mahe (Mayyazhi) is a land titled as the Eye brow of Arabian Sea, which is very small and situated on the estuary of the Mayyazhi river and Arabian Sea. The district satiates an intelligent tourist, Indian, as well as foreign. Mahe is a place with fantastic blend of Myth and Mystery. its every nook and corner has its own wonderful stories, which keeps your eyes wild with awe and excitement.

Mahe is a tiny point in the Geographical map of Kerala, the million earner for the distant Pondicherry Government, 630 kms away from Pondicherry. In this former small French Town which covers an area of 9 Sq. kms , over 36,000 inhabitants live in peace. This petit French Town is situated on the West Coast of the Indian Peninsula between 11 Degrees 42' and 11 Degrees 43' Northern Latitude, and between 75 Degrees 31' and 75 Degrees 33' Eastern Longitude, just between Badagara and Thalassery, 58 kilometers from Kozhikode, 24 kilometers from Kannur in Kerala State and is a busy trade centre.

Mahe is a small area bounded on the west by Arabian Sea, on the north by the river Ponniam(Moolakkadavu) and on the other sides of stretch of calcereous hills of medium height which are linked to the ghats by a series of wooded hillocks. The river Mahe which flows towards the west, divides the region into two parts.

11.1 PROFILE OF MAHE REGION

(The rainfall reading is measured in mm)

YEAR	MAHE Rainfall Reading
1998	3384
1999	2558
2000	2432
2001	2939
2002	3128
2003	2627
2004	3149
2005	2792
2006	3608
2007	4255
2008	2794
2009	3652
2010	3004
2011	3377
2012	2353.8
2013	3494.6
2014	3213.4
2015	2894
2016	2206.2
2017	2501.8
2018	3559.2
2019	3767.4
2020	3977.6

11.5 ROLE OF DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

The Department of Revenue and Disaster Management is the Nodal Department for management of disasters. DRDM is also entrusted with entire gamut of relief and rehabilitation activities in the wake of any disaster. The Crisis Management Framework provided that Relief and Rehabilitation Commissioner(RRC) is the Incident Commander for the Union Territory while the Regional Administrator, Mahe who is also Sub/Deputy Collectors(Rev.) is the Incident Commander for Mahe. Therefore, the DRDM is responsible for management of disasters and the relief and rehabilitation activities undertaken post disaster.

2. In the Crisis Management Framework (CMF), the DRDM is entrusted with three vital Emergency Support Functions, viz.,

- a. ESF-3 - Emergency Public Information, Help Line & Warning
- b. ESF-6 – Evacuation and
- c. ESF-8 - Damage Assessment

Besides the above ESF's, DRDM is also a Support Agency for various ESFs and has nominated Team Members for other ESF teams as well.

11.6 EMERGENCY OPERATION CENTRE (EOC)

The Department of Revenue and Disaster Management also looks after the functions of Emergency Operation Centres (EOC) located at Government House, Mahe which act a nerve centres for tackling crisis situations. The EOC functions round the clock (24 X 7) for

monitoring, processing, analyzing and disseminating the incident information to the concerned authority in order to ensure timely / prompt actions.

Early Warning & Communication System at EOC

Under Crisis Management Framework, the EOC should be equipped with the video conferencing, SMS Burst System, V-SAT communication system, Local/STD telephone lines with fax, email and alert & warning for the general public.

SOP of EOC

- Make log entry in the concerned register
- Interpret and analyse the data
- Communicate all bulletins to Deputy Collector (Revenue)
- Prepare message in the SMS bulletin
- Disseminate the information to all concerned through SMS Mass Server, VHF & Email.
- Activate Siren as per the guidelines
- Report to MHA/NDMA Control Rooms.

11.7 ZONAL OFFICER

For the purpose of effective and efficient management to meet out any eventuality, Mahe region is treated as a single zone which will function under the control of a Zonal Officer, i.e., Deputy Collector (Revenue), Mahe. The Deputy Tahsildar –cum- Task Force Leaders will coordinate with the Zonal Officer and provide necessary assistance to the Task Forces constituted under them.

11.8 TASK FORCE :

The Mahe region has one firka with 5 Revenue Villages. Two Task Forces will be set-up for entire Mahe region catering to different set of Revenue Villagers.

Name of the Sub-Taluk : Mahe
Name of the Firka : Mahe
Deputy Tahsildar : Ajith , Cell : 9746197811
Revenue Inspector : Anish Kumar.P , Cell : 7025073246

12.4 CRISIS MANAGEMENT FRAMEWORK AND DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

The Department of Revenue and Disaster Management, Puducherry has formulated the “Crisis Management Framework and Standard Operating Procedures” for the UT of Puducherry. Different types of crisis, various element and phases of crises management, Incident Response System (IRS) Emergency Support Functions and SOPs for ESF teams and their Quick Response Teams (QRT) are explained in the frame work.

Emergency Supporting Functions are the common functions that needed to be carried out in response to any crisis or disaster. The cause of emergencies varies but the potential effects of these emergencies are similar. Irrespective of the disaster or crisis situation the types of support functions are fairly similar and such support functions are called as Emergency Support Functions.

12.5 RAINFALL DATA

The rainfall data for the past 23 years is as follows: -

(The rainfall reading is measured in mm)

YEAR	YANAM Rainfall Reading
1998	2056
1999	1131
2000	594
2001	1135
2002	839
2003	1089
2004	793
2005	1241
2006	1603
2007	1022
2008	1107
2009	537

YEAR	YANAM Rainfall Reading
2010	2286
2011	899
2012	1380
2013	1041
2014	635.8
2015	1136.2
2016	1179.4
2017	638.4
2018	944.8
2019	1149.6
2020	1815.2

12.6 ROLE OF DEPARTMENT OF REVENUE AND DISASTER MANAGEMENT

The Department of Revenue and Disaster Management is the Nodal Department for management of disasters. DRDM is also entrusted with entire gamut of relief and rehabilitation activities in the wake of any disaster. The Crisis Management Framework provided that Relief and Rehabilitation Commissioner (RRC) is the Incident Commander for the UT while the Regional Administrator, Yanam is also Sub/ Deputy Collector (Revenue) is the Incident Commander for Yanam. Therefore, the DRDM is responsible for management of disasters and the relief and rehabilitation activities undertaken post disaster.

In the Crisis Management Framework, the DRDM is entrusted with three vital Emergency Support Function viz.,

- ESF-3 – Emergency Public Information, Help line & Warning
- ESF-6- Evacuation and
- ESF-8- Damage Assessment

12.7 ZONAL OFFICER:

For the purpose of effective and efficient management to meet out any eventuality, Yanam region is treated as a zone which will function under the control of a Zonal Officer.

The Deputy Tahsildar of the Sub Taluk will coordinate with the Zonal Officer and provide necessary assistance to the Task Forces constituted under them. The Zonal Officers shall report to the Regional Administrator cum Deputy Collector (Rev) while providing the relief, rehabilitation and assessment of damages etc.

12.8 TASK FORCE:

The Yanam region has one firka with six Revenue villages. The Task Force will be headed by the Deputy Tahsildar who will be designated as the Task Force Leader. Besides Revenue Officials, Jr. Engineers of PWD / Local bodies are also members of the Task Force.

TEAM MEMBERS OF THE TASK FORCE:

The Task Force shall comprise the Firka Revenue Inspector and VAO. The Task Force shall work in close coordination with QRTs of the ESFs. It shall be the duty of the Task Force Leader to get acquainted with the following officials of other line departments who are contributing their services to various ESFs / QRTs.

- (a) Civil Supplies Inspector
- (b) Fisheries Department and Coastal Police covering coastal area
- (c) Agriculture officers of Agriculture department
- (d) Jurisdictional Officer of the Animal Husbandry department
- (e) Junior Engineer of PWD
- (f) Jr. Engineer of Electricity Department
- (g) Sevaks of Jt. Block Development Office

13 SCHOOL SAFETY ACTION PLAN

Responsibilities of Directorate of School Education.

- Creation of safe environments for children starting from their homes to their schools and back
- The department will prepare curriculum related to disaster management and conduct training programme for teachers and children.
- The department will coordinate with the local authority and arrange for mock drills and search and rescue drills, Awareness campaigns, to make volunteer teams etc.
- Ensuring maintenance and retrofitting of school buildings/school safety.

Mainstreaming Disaster Risk Reduction into ongoing Flagship Programmes Sarva Siksha Abhiyaa (SSA)

- Development of a Policy for school safety. Introducing school safety as a part of the guidelines of SSA which is currently focusing on inclusive development.
- Developing model structurally safe designs for schools.
- Introducing School Safety in the Teacher's Training Curriculum.
- Training of Rural Engineers appointed under SSA Scheme as well as the SSA State Coordinators.
- Training of masons in rural areas.
- Construction of technology demonstration units.
- Community awareness

National Disaster Management Guidelines –(School safety Policy 2016) National School Safety Guidelines

Emphasize on the need for active mainstreaming of Disaster risk reduction in all the school education in the country.

This would require collaboration between the State education department and DDMA.

1. It needs capacity development activities such as sensitization of officials, public awareness on disasters, training of teachers and students.
2. Pre-positioning equipment's for emergency response.
3. Creation of educational material on disaster.
4. Monitoring of risk.

Approach to implementation

School safety efforts need to consider all kinds of hazards that may affect the well-being of all children. Hazards include structural and non-structural factors. Structural factors include dilapidated buildings, poorly designed structures, faulty constructions, poorly maintained infrastructure, loose building elements etc.

While non-structural factor include loosely placed heavy objects:

1. Almirahs
2. Infestation of the campus by snakes and other pests.
3. Broken or no boundary walls
4. Uneven flooring, blocked evacuation routes, poorly designed and placed furniture that may cause accidents and injuries, inadequate sanitation facility etc.

Safety of children, their teachers and parents needs to be approached holistically to include visible as well as invisible risks that may be sudden or have built-up slowly over a period of time.

Policy provisions to make school safer

Unsafe structures can increase the vulnerability of children who are the primary target group of such efforts. Thus it is important to ensure that all development actions taken even in non-emergency times are designed with a view to ensuring their performance during emergencies. So, it is imperative that the existing institutions at the National, State level and District level are strengthened and capacitated to take responsibility of school safety planning and action school safety as an indicator of quality for planning, execution and monitoring.

1. Safety principles need to be incorporated in day to day functioning of the educational institutions in the country
2. Thus institutions involved in providing education need to evolve a mythology and an approach of their own that looks at safety as a continuously monitored indicator of quality.

Implementation of District School Safety Plan

1. Planning for safety

Action : Prepare design of child friendly spaces for emergency in advance.

Monitoring Indicators : No. of Child- Friendly spaces created in each block

Department Responsible : District Education Officer (DEO) or zonal inspecting officer.

Frequency and Time: Once a year and On or before 31 May each year

Remarks : Shall be carried out along with hazard hunt exercise.

Action : Ensure all new school include safety features.

Department Responsible : District Education Officer (DEO) or zonal inspecting officer.

Frequency and Time : By the end of 31st Dec 2018.

Action : Prepare block-wise inventory of schools to be made safer (including physical condition of schools assessed through rapid visual screening or any other methodology for all hazards relevant to the area, hazardous industries in the vicinity etc)

Sub-task against board action :

1. Provision of building safety codes to dept. concern on construction of schools
2. Indicators related to School Safety concern integrated in existing school and it checklist and rolled out for implementation
3. Regular update and systematic maintenance of database on disaster impact on schools

Monitoring Indicators : No. of school safety audits conducted

Department Responsible : Director of School Education in consultation with DDMA

Frequency and Time : By the end of 31st Dec 2018.

2. Implementation of Safety Action

Action : Ensure that all existing as well as new schools conform to safety standards as per the National Building Code. In addition, any other norms prescribed by the state government need to be adhered to.

Sub-task against board action : Adherence to norms and regulations by the district administration

Monitoring Indicators : No. of schools where retrofitting done as per norms

Department Responsible : Director of School Education in consultation with Town and Country Planning Puducherry , PWD, Fire service.

Frequency and Time : Ongoing, Initial round inspection shall be completed before 31 Dec 2018 and carried out annually before 31 Dec every year

Action : Issue 'Recognition Certificate' under sub-rule (4) 15 of Right of Children to Free and Compulsory Education Rules, 2010 to only those schools that comply with safety norms prescribed by the state.

Sub-task against board action :

Monitoring Indicators : No. of certificates issued by the competent authority

Department Responsible : District Education Officer

Frequency and Time : On going, By 31 Dec every year.

Remarks : Initial round inspection shall be completed before 31 Dec 2018 and carried out annually

Action : Review progress on non-structural safety measures in schools.

Sub-task against board action :

1. Verification of all staff
2. Verification of drivers and conductors
3. Ensuring safe waste disposal facility

Monitoring Indicators : No. of review meetings conducted in steps taken on non-structural safety measures and meeting proceedings issued

Department Responsible : District Education Officer / zonal inspecting officer.

Frequency and Time : On going, By 31 Dec every year

Remarks : Head of the concerned institution shall carry out inspection on non-structural safety measures in schools during hazard hunt exercise.

3. Capacity Building for School Safety

Action : Training of all teachers / designates of the school

Sub-task against board action : Training done at district, block and cluster level

Monitoring Indicators : Number of Training completion certificate issued

Department Responsible : DDMA/ DIET

Frequency and Time : Quarterly, By 31stMar, 30 June, 31st August

Remarks : By DIET by following a distributed time table on school safety concepts and processes of various disasters to be completed. DDMA will conduct familiarisation programs to the focal point teachers

Action : DIETs should also directly train teachers on safety aspects as part of their pre-service and in-service training programmes.

Department Responsible : District Education Officer / DIET

Frequency and Time : Quarterly, By 31stMar, 30 June, 31st August & 31st Dec of every year.

Remarks : By DIET by following a distributed time table on school safety concepts and processes of various disasters to be completed

Action : Train school safety focal point teachers on school safety concept and various activities related to execution of their responsibilities as the school safety focal point teachers.

Sub-task against board action :

Monitoring Indicators : Database and its updation at district and sub-district levels on focal points assigned to schools

Department Responsible : DDMA/DIET

Frequency and Time : Quarterly, By 31stMar, 30 June, 31st August & 31st Dec of every year.

Remarks : By DIET by following a distributed time table on school safety concepts and processes of various disasters to be completed DDMA will arrange for resource persons to conduct orientation programs to the focal points teachers as per the training plan prepared by DIET

Action : Training of teachers on psycho-social support for children affected by disasters

Sub-task against board action : Training done at district, block and cluster level

Monitoring Indicators : Number of Training completion certificate issued

Department Responsible : DDMA/DIET

Frequency and Time : Half yearly, By 31stMar & 31st Sep of every year.

Remarks : By DDMA / DIET by following a distributed time table on psycho-social support for the children affected by disasters to be completed. Directorate of school education in coordination with Health Department and Department of Women and Child Development.

Action : Capacity building of SMC on different aspects of school safety in case of an imminent disaster, e.g. Sanitation and hygiene needs of boys, girls and teachers; first aid; handling fires, handling chemicals/hazardous materials in Labs etc.

Sub-task against board action :

1. Orientation of SMC members on various activities of school development.
2. Community reading activities- a) Gram Shaba, b) Information Display through Community Board.
3. Organizing regular SMC meetings.
4. Community Based Monitoring of all school based activities, capacity building of PRI/Local Body
5. Exposure cum training of SMC and PRI/Local Body members on successful implementation of school education and intervention convention of the SMC at Block/GP/Cluster level.
6. Recognition and reward to best community action.
7. Social Audit of school activities.
8. Convergence with Shakshar Bharat Programme.

Monitoring Indicators : No. of Training completion certificate issued by different agencies

Department Responsible : DDMA/DIET

Frequency and Time : By 31stMar, 30 June, 31st August & 31st Dec of every year.

Remarks : Directorate of school education in coordination with Health Department and Department of Fire department, Department of science, technology and environment.

4. Monitoring School Safety

Action : Evolve a mechanism for monitoring safety parameters in all schools on a regular basis. Any existing monitoring formats being used by the authorities shall essentially include parameters on school safety

Sub-task against board action :

1. GPS tracking of vehicles
2. Regular report collection on key indicators
3. Review of child harassment cases immediately after reporting
4. Regular safety audit by all visiting staff of different stakeholder departments on key indicators
5. Random visits to schools conducting safety audit for validation

Monitoring Indicators :

1. Study report on different issues concerned with DRR, CP, safe school environment.
2. Robust MIS systems developed
3. Indicators on CP, DRR monitored at sub-district and school levels and at different intervals
4. Road safety norms followed by schools
5. No. of schools where mock drills conducted by local authority for fire, red cross, health dept., etc.
6. Drinking water testing done

Department Responsible : District Education Officer / zonal inspecting officer

Frequency and Time : Quarterly, by 31stMay, 31st September & 31st Jan of each year

Action : Issue instructions to Block Education Officer or any other official as appropriate, for overseeing and facilitating school safety at the block level

Department Responsible : Director of School Education

Frequency and Time : One time

Remarks : By 30thJune 2018.

14 Do's and Don'ts

14.1 Flood

What to do before a flood

To prepare for a flood, you should:

1. Avoid building in flood prone areas unless you elevate and reinforce your home.
2. Elevate the furnace, water heater, and electric panel if susceptible to flooding.
3. Install "Check Valves" in sewer traps to prevent floodwater from backing up into the drains of your home.
4. Contact community officials to find out if they are planning to construct barriers (levees, beams and floodwalls) to stop floodwater from entering the homes in your area.
5. Seal the walls in your basement with waterproofing compounds to avoid seepage.

If a flood is likely to hit your area, you should:

1. Listen to the radio or television for information.
2. Be aware that flash flooding can occur. If there is any possibility of a flash flood, move immediately to higher ground. Do not wait for instructions to move.
3. Be aware of streams, drainage channels, canyons, and other areas known to flood suddenly. Flash floods can occur in these areas with or without such typical warnings as rain clouds or heavy rain.

If you must prepare to evacuate, you should:

1. Secure your home. If you have time, bring in outdoor furniture. Move essential items to an upper floor.
2. Turn off utilities at the main switches or valves if instructed to do so. Disconnect electrical appliances. Do not touch electrical equipment if you are wet or standing in water.

If you have to leave your home, remember these evacuation tips:

1. Do not walk through moving water. Six inches of moving water can make you fall. If you have to walk in water, walk where the water is not moving. Use a stick to check the firmness of the ground in front of you.
2. Do not drive into flooded areas. If floodwaters rise around your car, abandon the car and move to higher ground if you can do so safely. You and the vehicle can be quickly swept away.

14.2 Urban Flood

Before floods

1. Do not litter waste, plastic bags, plastic bottles in drains
2. Try to be at home if high tide and heavy rains occur simultaneously
3. Listen to weather forecast at All India Radio, Doordarshan. Also, messages by Municipal bodies from time to time and act accordingly.
4. Evacuate low lying areas and shift to safer places.
5. Make sure that each person has lantern, torch, some edibles, drinking water, dry clothes and necessary documents while evacuating or shifting.
6. Make sure that each family member has identity card.
7. Put all valuables at a higher place in the house.

In the Flood Situation

1. Obey orders by government and shift to a safer place.
2. Be at safe place and they try to collect correct information.
3. Switch of electrical supply and don't touch open wires.
4. Don't get carried away by rumors and don not spread rumors.

DO's

1. Switch off electrical and gas appliances, and turn off services off at the mains.
2. Carry your emergency kit and let your friends and family know where you are going.
3. Avoid contact with flood water it may be contaminated with sewage,oil,chemicals or other substances.
4. If you have to walk in standing water, use a pole or stick to ensure that you do not step into deep water, open manholes or ditches.
5. Stay away from power lines electrical current can travel through water, Report power lines that are down to the power company.
6. Look before you step-after a flood, the ground and floors are covered with debris, which may include broken bottles, sharp objects, nails etc.Floors and stairs covered with mud and debris can be slippery.
7. Listen to the radio or television for updates and information.
8. If the ceiling is wet shut off electricity. Place a bucket underneath the spot and poke a small hole into the ceiling to relieve the pressure.
9. Use buckets,clean towels and mops to remove as much of the water from the afflicted rooms as possible.
10. Place sheets of aluminium foil between furniture wet carpet.

Don't's

1. Don't walk through flowing water - currents can be deceptive, and shallow, fast moving water can knock you off your feet.
2. Don't swim through fast flowing water - you may get swept away or struck by an object in the water.
3. Don't drive through a flooded area - You may not be able to see abrupt drop - offs and only half a meter of flood water can carry a car away. Driving through flood water can also cause additional damage to nearby property.
4. Don't eat any food that has come into contact with flood water.
5. Don't reconnect your power supply until a qualified engineer has checked it. Be alert for gas leaks - do not smoke or use candles, lanterns, or open flames.
6. Don't scrub or brush mud and other deposits from materials, This may cause further damage.
7. Never turn on ceiling fixtures if ceiling is wet. Stay away from ceilings those are sagging.
8. Never use TVs, VCRS, CRT terminals or other electrical equipment while standing on wet floors, especially concrete.
9. Don't attempt to remove standing water using your vacuum cleaner.
10. Don't remove standing water in a basement too fast. If the pressure is relieved too quickly it may put undue stress on the walls.

14.3 Cyclone

Before the Cyclone season:

1. Check the house; secure loose tiles and carry out repairs of doors and windows
2. Remove dead branches or dying trees close to the house; anchor removable objects such as lumber piles, loose tin sheets, loose bricks, garbage cans, sign-boards etc. which can fly in strong winds
3. Keep some wooden boards ready so that glass windows can be boarded if needed
4. Keep a hurricane lantern filled with kerosene, battery operated torches and enough dry cells
5. Demolish condemned buildings
6. Keep some extra batteries for transistors
7. Keep some dry non-perishable food always ready for use in emergency

Necessary actions

The actions that need to be taken in the event of a cyclone threat can broadly be divided into :

1. Immediately before the cyclone season
2. When cyclone alerts and warnings are communicated
3. When evacuations are advised
4. When the cyclone has crossed the coast

When the Cyclone starts

1. Listen to the radio (All India Radio stations give weather warnings).
2. Keep monitoring the warnings. This will help you prepare for a cyclone emergency.
3. Pass the information to others.
4. Ignore rumours and do not spread them; this will help to avoid panic situations.
5. Believe in the official information
6. When a cyclone alert is on for your area continue normal working but stay alert to the radio warnings.
7. Stay alert for the next 24 hours as a cyclone alert means that the danger is within 24 hours.

When your area is under cyclone warning get away from low-lying beaches or other low-lying areas close to the coast

1. Leave early before your way to high ground or shelter gets flooded
2. Do not delay and run the risk of being marooned
3. If your house is securely built on high ground take shelter in the safe part of the house. However, if asked to evacuate do not hesitate to leave the place.
4. Board up glass windows or put storm shutters in place.
5. Provide strong suitable support for outside doors.
6. If you do not have wooden boards handy, paste paper strips on glasses to prevent splinters. However, this may not avoid breaking windows.
7. Get extra food, which can be eaten without cooking. Store extra drinking water in suitably covered vessels.
8. If you have to evacuate the house move your valuable articles to upper floors to minimize flood damage.
9. Ensure that your hurricane lantern, torches or other emergency lights are in working condition and keep them handy.
10. Small and loose things, which can fly in strong winds, should be stored safely in a room.
11. Be sure that a window and door can be opened only on the side opposite to the one facing the wind.
12. Make provision for children and adults requiring special diet.
13. If the centre of the cyclone is passing directly over your house there will be a lull in the wind and rain lasting for half an hour or so. During this time do not go out; because immediately after that, very strong winds will blow from the opposite direction.
14. Switch off the electrical mains in your house.
15. Remain calm.

When Evacuation is instructed

1. Pack essentials for yourself and your family to last a few days. These should include medicines, special food for babies and children or elders.
2. Head for the proper shelter or evacuation points indicated for your area.
3. Do not worry about your property
4. At the shelter follow instructions of the person in charge.
5. Remain in the shelter until you are informed to leave

Post-cyclone measures

1. You should remain in the shelter until informed that you can return to your home.
2. You must get inoculated against diseases immediately.
3. Strictly avoid any loose and dangling wires from lamp posts.
4. If you have to drive, do drive carefully.
5. Clear debris from your premises immediately.
6. Report the correct losses to appropriate authorities.

14.4 Earthquake

What to Do Before an Earthquake

1. Repair deep plaster cracks in ceilings and foundations. Get expert advice if there are signs of structural defects.
2. Anchor overhead lighting fixtures to the ceiling.
3. Follow BIS codes relevant to your area for building standards
4. Fasten shelves securely to walls.
5. Place large or heavy objects on lower shelves.
6. Store breakable items such as bottled foods, glass, and china in low, closed cabinets with latches.
7. Hang heavy items such as pictures and mirrors away from beds, settees, and anywhere that people sit.
8. Brace overhead light and fan fixtures.
9. Repair defective electrical wiring and leaky gas connections. These are potential fire risks.
10. Secure water heaters, LPG cylinders etc., by strapping them to the walls or bolting to the floor.
11. Store weed killers, pesticides, and flammable products securely in closed cabinets with latches and on bottom shelves.
12. Identify safe places indoors and outdoors.
 - a. Under strong dining table, bed
 - b. Against an inside wall
 - c. Away from where glass could shatter around windows, mirrors, pictures, or where heavy bookcases or other heavy furniture could fall over
 - d. In the open, away from buildings, trees, telephone and electrical lines, flyovers and bridges

13. Know emergency telephone numbers (such as those of doctors, hospitals, the police, etc)
14. Educate yourself and family members

What to Do During an Earthquake

Stay as safe as possible during an earthquake. Be aware that some earthquakes are actually foreshocks and a larger earthquake might occur. Minimize your movements to a few steps that reach a nearby safe place and stay indoors until the shaking has stopped and you are sure exiting is safe.

If indoors

1. DROP to the ground; take COVER by getting under a sturdy table or other piece of furniture; and HOLD ON until the shaking stops. If there is no a table or desk near you, cover your face and head with your arms and crouch in an inside corner of the building.
2. Protect yourself by staying under the lintel of an inner door, in the corner of a room, under a table or even under a bed.
3. Stay away from glass, windows, outside doors and walls, and anything that could fall, (such as lighting fixtures or furniture).
4. Stay in bed if you are there when the earthquake strikes. Hold on and protect your head with a pillow, unless you are under a heavy light fixture that could fall. In that case, move to the nearest safe place.
5. Use a doorway for shelter only if it is in close proximity to you and if you know it is a strongly supported, load bearing doorway.
6. Stay inside until the shaking stops and it is safe to go outside. Research has shown that most injuries occur when people inside buildings attempt to move to a different location inside the building or try to leave.
7. Be aware that the electricity may go out or the sprinkler systems or fire alarms may turn on.

If outdoors

1. Do not move from where you are. However, move away from buildings, trees, streetlights, and utility wires.
2. If you are in open space, stay there until the shaking stops. The greatest danger exists directly outside buildings; at exits; and alongside exterior walls. Most earthquake-related casualties result from collapsing walls, flying glass, and falling objects.

If in a moving vehicle

1. Stop as quickly as safety permits and stay in the vehicle. Avoid stopping near or under buildings, trees, overpasses, and utility wires.
2. Proceed cautiously once the earthquake has stopped. Avoid roads, bridges, or ramps that might have been damaged by the earthquake.

If trapped under debris

1. Do not light a match.
2. Do not move about or kick up dust.
3. Cover your mouth with a handkerchief or clothing.
4. Tap on a pipe or wall so rescuers can locate you. Use a whistle if one is available. Shout only as a last resort. Shouting can cause you to inhale dangerous amounts of dust.

14.5 Tsunami

What to do before and During Tsunami

- ❖ Turn on your radio to learn if there is tsunami warning if an earthquake occurs and you are in a coastal area. Be alert for early warning.
- ❖ If you are in dangerous area, immediately turn all the water gas and electricity and quickly move to a higher ground.
- ❖ Remember once tsunami warning is issued, it could be a matter of minutes, or even seconds, before the wave's hits.
- ❖ If tsunami warning is issued, never go down to the beach to watch the waves come in.
- ❖ Listen to the portable radio to learn when its safe to return home.
- ❖ Stay away from the beach.
- ❖ Learn to understand and notice the sea. If there is noticeable recession in water away from the shore time become caution and move away immediately..
- ❖ Move inland to higher ground immediately and stay there.

What to do after Tsunami

- ❖ After the Tsunami has hit, all food and water should be tested for contamination before they are eaten.
- ❖ All buildings should be checked for gas leaks and electricity shorts before anyone enters.
- ❖ Administrator first old only if you know what to do.

- ❖ Stay away from flooded and damaged areas until official say it is safe to returns.
- ❖ Stay away from debris in the water, it may be safety hazards to boats and people.
- ❖ Save yourself not you're passionate.

14.6 Heat Wave

Heat Wave conditions can result in physiological strain, which could even result in death.

To minimise the impact during the heat wave and to prevent serious ailment or death because of heat stroke, you can take the following measures:

1. Avoid going out in the sun, especially between 12.00 noon and 3.00 p.m.
2. Drink sufficient water and as often as possible, even if not thirsty
3. Wear lightweight, light-coloured, loose, and porous cotton clothes. Use protective goggles, umbrella/hat, shoes or chappals while going out in sun.
4. Avoid strenuous activities when the outside temperature is high. Avoid working outside between 12 noon and 3 p.m.
5. While travelling, carry water with you.
6. Avoid alcohol, tea, coffee and carbonated soft drinks, which dehydrates the body.
7. Avoid high-protein food and do not eat stale food.
8. If you work outside, use a hat or an umbrella and also use a damp cloth on your head, neck, face and limbs
9. Do not leave children or pets in parked vehicles
10. If you feel faint or ill, see a doctor immediately.
11. Use ORS, homemade drinks like lassi, torani (rice water), lemon water, buttermilk, etc. which helps to re-hydrate the body.
12. Keep animals in shade and give them plenty of water to drink.
13. Keep your home cool, use curtains, shutters or sunshade and open windows at night.
14. Use fans, damp clothing and take bath in cold water frequently.

TIPS FOR TREATMENT OF A PERSON AFFECTED BY A SUNSTROKE:

1. Lay the person in a cool place, under a shade. Wipe her/him with a wet cloth/wash the body frequently. Pour normal temperature water on the head. The main thing is to bring down the body temperature.
2. Give the person ORS to drink or lemon sarbat/torani or whatever is useful to rehydrate the body.

3. Take the person immediately to the nearest health centre. The patient needs immediate hospitalisation, as heat strokes could be fatal.

14.7 Landslide

Do's

1. Prepare tour to hilly region according to information given by weather department or news channel.
2. Move away from landslide path or downstream valleys quickly without wasting time.
3. Keep drains clean,
4. Inspect drains for - litter, leaves, plastic bags, rubble etc.
5. Keep the weep holes open.
6. Grow more trees that can hold the soil through roots,
7. Identify areas of rock fall and subsidence of buildings, cracks that indicate landslides and move to safer areas. Even muddy river waters indicate landslides upstream.
8. Notice such signals and contact the nearest Tehsil or District Head Quarters.
9. Ensure that toe of slope is not cut, remains protected, don't uproot trees unless re-vegetation is planned.
10. Listen for unusual sounds such as trees cracking or boulders knocking together.
11. Stay alert, awake and active (3A's) during the impact or probability of impact.
12. Locate and go to shelters,
13. Try to stay with your family and companions.
14. Check for injured and trapped persons.
15. Mark path of tracking so that you can't be lost in middle of the forest.
16. Know how to give signs or how to communicate during emergency time to flying helicopters and rescue team.

Don'ts

1. Try to avoid construction and staying in vulnerable areas.
2. Do not panic and loose energy by crying.
3. Do not touch or walk over loose material and electrical wiring or pole.
4. Do not built houses near steep slopes and near drainage path.
5. Do not drink contaminated water directly from rivers, springs, wells but rain water if collected directly without is fine.
6. Do not move an injured person without rendering first aid unless the casualty is in immediate danger.

14.8 Lightning and Thunderstorm

DO' s

- ❖ If the people are in outdoors, they have to need shelter from lightning. Buildings are best for shelter, but if no buildings are available, you can find protection in a cave, ditch, car, hard top automobile or a canyon. Trees are not good cover, since tall trees attract lightning.
- ❖ If you can't find any shelter, avoid the tallest object in the area. If only isolated trees are nearby, your best protection is to crouch in the open.
- ❖ If you hear thunder, don't go outside unless absolutely necessary. Remember, by counting the seconds between the lightning flash and the thunder and dividing by 3, you can estimate your distance from the strike (in km).
- ❖ Stay away from anything that could conduct electricity such as radios, toasters, hairdryers and Telephone. Unplug any electronic equipments before the thunderstorm arrives. This may also include fireplaces, radiators, stoves metal pipes, sinks, and phones.
- ❖ Stay away from window and doors and stay off verandas.
- ❖ Avoid contact with plumbing and metal pipes. Do not wash your hands, do not take a shower, do not wash dishes and do not wash clothes
- ❖ Stay away from TV, plumbing, sinks, tubs, radiators and stoves.
- ❖ Get out of the water. This includes getting off small boats on the water, away from pools, lakes and other water bodies.
- ❖ When you feel electric charge - if your hair stands up or your skin starts to tingle, lightning may be about be strike you. Drop to the ground immediately.
- ❖ Lightning is also a real threat to livestock. Livestock frequently gathers under trees during a thunderstorm, and a single strike can kill many animals. Moving animals into a shelter, preferably an enclosed one that is equipped with a lightning protection system can reduce the risk to livestock.
- ❖ Burying utility lines, including electric and telephone lines can also reduce the likelihood of damage from lightning strikes. Traditional suspended lines are much more likely to be struck and carry lightning charge directly into a building, resulting in damage to electrical appliances and structural damage to the building.

DON'Ts

- ❖ Golf courses and other open grounds. Here the probability of a strike is high.
- ❖ The edge of steep vertical cliffs and mountains.
- ❖ Hill tops. Lightning strikes hill top than a valley.
- ❖ Boats and tents without lightning protection.
- ❖ Don't use any plug-in electrical appliances like hair dryers, electric toothbrushes or electric razors. If lightning strikes your house, they can connect the charge to you.
- ❖ Don't use the telephone during the storm. Lightning may strike the telephone lines outside.
- ❖ Don't use metal objects outside – keep away from metal objects including bike, electrical equipments, fencing, machinery etc.
- ❖ Do not lie on the ground
- ❖ Do not stick with a group or another person if struck outside
- ❖ Never use tree as a shelter
- ❖ Avoid tallest object in the area

DO'S AFTER A LIGHTNING STRIKE

- ❖ Victims of lightning shock to be administered CRP (Cardio Pulmonary Resuscitation) i.e. artificial respiration, if necessary.
- ❖ Seek immediate medical attention

14.9 Chemical

Precautions to be taken during and after the Chemical (Industrial) Accidents

1. Do not panic, evacuate calmly and quickly perpendicular to wind direction through the designated escape route
2. Keep a wet handkerchief or piece of cloth/ sari on face during evacuation
3. Keep the sick, elderly, weak, handicapped and other people who are unable to evacuate inside house and close all the doors and windows tightly.
4. Do not consume the uncovered food/ water etc open to the air, drink only from bottle
5. Change into fresh clothing after reaching safe place/ shelter, and wash hands properly
6. Inform Fire & Emergency Services, Police and medical services from safe location by calling 101, 100 and 108 respectively.
7. Listen to PA (Public Addressal) System of the plant/ factory, local radio/ TV channels for advice from district administration/fire/health/police and other concerned authorities

8. Provide correct and accurate information to government official.
9. Inform others on occurrence of event at public gathering places (like school, shopping centre, theatre etc.).
10. Don't pay attention to the rumours and don't spread rumours.

General Precautions During Normal Time

1. Do not smoke, lit fire or spark in the identified hazardous area
2. Sensitize the community living near the industrial units and they should be more vigilant about the nature of industrial units and associated risks.
3. Keep the contact numbers of nearest hazardous industry, fire station, police station, control room, health services and district control room, for emergency use.
4. Avoid housing near the industries producing or processing the hazardous chemicals, if possible.
5. Participate in all the capacity building programmes organized by the government/ voluntary organizations / industrial units.
6. Take part in preparing disaster management plan for the community and identify safe shelter along with safe and easy access routes.
7. Prepare a family disaster management plan and explain it to all the family members.
8. Make the family/ neighbours aware of the basic characteristics of various poisonous/ hazardous chemicals and the first aid required to treat them.
9. Adequate number of personal protective equipments needs to be made available, to deal with emergency situation.
10. Prepare an emergency kit of items and essentials in the house, including medicines, documents and valuables.

14.10 Biological

14.10.1 A. DIARRHOEAL GROUP OF DISEASES INCLUDING CHOLERA

Do's

1. Hand Hygiene.
2. Encourage drinking of water from a safe source or water that has been disinfected (chlorinated). Add bleaching powder in all community wells at regular intervals. Use water pumped out from India Mark II hand pumps, if installed in the village/community.
3. Drink boiled potable water in an emergency that has been boiled for at least 15 minutes and consumed it the same day.
4. Promote storage of water in narrow mouthed container.
5. Cook food thoroughly especially meat, poultry, eggs and seafood until it is steaming and eat it while it is still hot.

6. Ensure cooked meat and poultry is safe and no part of the meat discoloured or foul smelling, or in the case of egg, their shells are not cracked.
7. If food is not eaten immediately, reheat cooked until it is steaming hot prior to serving.
8. Keep food items covered.
9. Increase fluid intake as soon as diarrhoea starts by drinking ORS solution or home-made preparation of Table Salt 5 grams (1 teaspoon) in and 20 grams (4 teaspoons) of Sugar dissolved in 1 litre of drinking water.
10. Encourage banana eating, which provides potassium.
11. Continue feeding children when they are sick and to continue breastfeeding if the child is being breast fed.
12. Refer the diarrhoea case to the nearest health facility in case of the following :
Child is irritable, restless or lethargic or unconscious: eating or drinking poorly;
child has marked thirst; child has fever or blood in stool.

Don'ts

1. Do not drink water from unsafe sources.
2. Do not eat uncooked food unless it is peeled or shelled.
3. Do not leave cooked food at room temperature longer than 2 hours.
4. Do not consume cut fruits from vendors.
5. Do not defecate in open area.
6. Do not give access to rats and houseflies in your premises.

14.10.2 B. RESPIRATORY GROUP OF DISEASES LIKE TUBERCULOSIS, INFLUENZA, CHICKENPOX, MENINGITIS

Do's and Don'ts:

1. Avoid close contact with people who are having respiratory illness.
2. The sick person should stay at home, and avoid going into the community, school/office, public places for at least 24 hours after symptoms have resolved.
3. Sick persons at home should keep distance from others.
4. Respiratory Hygiene/Cough Etiquette:-
 - (a) Cover the nose/mouth with a handkerchief/ tissue paper when coughing or sneezing which should be disposed off in dustbins;
 - (b) Perform hand hygiene (e.g., frequent hand washing with soap and water, alcohol-based hand rub, or antiseptic hand wash) and thoroughly dried preferably using disposable tissue/ paper/ towel

after contact after having contact with respiratory secretions and contaminated objects/materials.

5. Triple layer surgical Mask of standard and certified make should be worn by Suspected/ probable/confirmed cases of influenza or by the care provider in home care settings and close family contacts of such cases undergoing home care.
6. Get plenty of sleep, be physically active, manage your stress, drink plenty of fluids, and eat nutritious food.
7. Avoid smoking.
8. Persons who have difficulty breathing or shortness of breath should seek immediate medical attention and report to the nearby hospital.
9. If sick persons must go into the community (e.g., to seek medical care), then they should wear a face mask or use a handkerchief or tissues to cover any coughing and sneezing so as to reduce the risk of spreading the infection in the community.
10. Immunization status should be upto date as per National Universal Immunisation Programme.

14.10.3 C. MOSQUITO BORNE DISEASES LIKE MALARIA, DENGUE, FILARIA, CHIKUNGUNYA

Do's

1. Follow “sun-down sleeves-down” approach. Wear clothes that cover arms and legs.
2. Prevent water collections on ground and other places to prevent malaria breeding.
3. Empty water containers at least once a week.
4. Remove water from coolers from time to time.
5. Cover and seal any septic tanks.
6. Use Mosquito Nets preferably Insecticide Treated Bed Nets (ITBN).
7. Apply insect repellants while sleeping to keep away mosquitoes.
8. Seek medical advice in case of rashes, mental irritation or unconsciousness..

Don'ts

1. Do not encourage children to wear shorts and half sleeved clothing.
2. Do not allow water to stagnate.
3. Do not allow discarded items to accumulate such as tires, tubes, empty coconut shells, household items and objects wherein water may collect.
4. Do not bathe in village ponds and allow cattle to take bath in the same pond.

14.11 Nuclear

Do's

1. Go indoors. Stay inside.
2. Switch on the radio/television and look out for public announcements from your local authority.
3. Close doors/windows.

4. Cover all food, water and consume only such covered items.
5. If in the open, cover your face and body with a wet handkerchief, towel, dhoti or sari. Return home, change/remove clothes. Have a complete wash and use fresh clothing.
6. Extend full cooperation to local authorities and obey their instructions completely -- be it for taking medication, evacuation, etc.
7. You must be aware of nuclear radiation hazard. Discuss on Nuclear radiation safety among children and family members, to reduce their fear of radiation.

Dont's

1. Do not panic.
2. Do not believe in rumours passed on by word of mouth from one person to another.
3. Do not stay outside/or go outside.
4. As far as possible, AVOID water from open wells/ponds; exposed crops and vegetables; food, water or milk from outside.
5. Do not disobey any instruction of the district or civil defence authorities who would be doing their best to ensure the safety of you, your family and your property.

15 COVID-19

15.1 What is COVID-19 ?

- ❖ The COVID-19 is a family of virus that may cause illness in animals and humans. In humans, these virus are known to cause respiratory infections ranging from the common cold to more severe diseases such as (MERS), (SARS). The COVID-19 is the disease that may be caused by the Novel Corona Virus (Which was unknown before Dec 2019)
- ❖ The most common symptoms of COVID-19 are fever, running nose, cough , sore throat, body aches and pains, nasal congestion and diarrhoea. Older people and those with underlying medical problems such as high Blood Pressure, Diabetes , heart ailments are more likely to develop serious illness.
- ❖ The COVID-19 can easily spread from person to person through small droplets from the nose or mouth which are spread when a person with COVID-19 coughs or exhales. These droplets land on objects and surfaces around the person if he coughs or exhales or speaks very loudly. Other people may catch COVID-19 if they touch these objects or surfaces and then touch their eyes, nose or mouth. People can also catch COVID-19 if they breathe in those droplets. Hence, it is very important to maintain social distance and one should stay away at least more than one meter (3 feet) from a sick person. All people with symptoms of fever cough and difficulty in breathing should immediately seek appropriate medical treatment.
- ❖ This novel Coronavirus (CoV) is a new strain of Coronavirus.
- ❖ The disease caused by the novel corona virus first identified in Wuhan, China, has been named **Coronavirus disease 2019 (COVID-19)** – ‘CO’ stands for Corona, ‘VI’ for Virus, and ‘D’ for disease. Formerly, this disease was referred to as ‘2019 novel coronavirus’ or ‘2019-nCoV.’
- ❖ The COVID-19 virus is a new virus linked to the same family of viruses as Severe Acute Respiratory Syndrome (SARS) and some other types of common cold.

15.2 Why is it serious?

It is a fast spreading respiratory disease with no vaccine or anti-viral medicine to prevent or treat Covid-19. However, those affected would receive care to relieve symptoms. People with serious illness should be hospitalized and most patients can recover by providing supportive care. Covid-19 spreads all over the world and the Community is at increasing risk of infection of the disease as some cases with travel history abroad has been reported in other States. The Ministry of Home Affairs, Govt. of India keeping in view of the spread of COVID-19 virus in India and the declaration of COVID-19 as pandemic by the World Health Organisation (WHO), by way of a special one-time dispensation, has decided to treat it as a notified disaster.

15.3 Signs and symptoms of Coronavirus:

- Fever, Cough, cold, sore throat, Shortness of breath or difficulty in breathing

These symptoms are usually mild and begin gradually. Some people become infected but don't develop any symptoms and don't feel unwell. Most people (about 80%) recover from the disease without needing special treatment. Around 1 out of every 6 people who gets COVID-19 becomes seriously ill and develops difficulty breathing

15.4 Who are Vulnerable people?

Elderly persons and people with other ailments like diabetes, hypertension, people with low immunity are more vulnerable.

15.5 How does the novel corona virus spread?

The virus is transmitted through direct contact with respiratory droplets of an infected person (generated through coughing and sneezing), and touching surfaces contaminated with the virus. The virus may survive on surfaces for several hours, but simple disinfectants can kill it.

15.6 Preventive Measures

- Wash all parts of your hands frequently (at least 20 seconds if using an alcohol-based hand rub, and at least 40 seconds with soap and water), including after exchanging objects such as money or credit cards with guests.
- Cover a cough or sneeze with a bent elbow or tissue and throw away the tissue in a closed bin.
- Maintain at least a 1 metre distance from others. This includes avoid hugging, kissing, or shaking hands. If you can't guarantee the distance, wear a fabric mask.
- Be sure to check local and national guidelines on the use of masks.
- You should always reduce physical contact with others.

15.7 Do's & Don'ts

Do's

- To maintain personal hygiene and physical distancing.
- To practice frequent hand washing. Wash hands with soap and water or use alcohol-based hand rub. Wash hands even if they are visibly clean.
- To cover your nose and mouth with handkerchief/tissue while sneezing and coughing.
- To throw used tissues into closed bins immediately after use.
- To maintain a safe distance from persons during interaction, especially with those having flu-like symptoms.
- Avoid touching your eyes, ears and mouth.

- Stay in well-ventilated rooms.
- Eat healthy food to boost your immune system.
- Limit alcohol and sugary drinks.
- To sneeze in the inner side of your elbow and not to cough into the palms of your hands.
- To take their temperature regularly and check for respiratory symptoms. To see a doctor if you feel unwell (fever, difficulty in breathing and coughing). While visiting doctor, wear a mask/cloth to cover your mouth and nose.
- For any fever/flu-like signs/symptoms, please call helpline number **Toll Free 104** of Health Department, Puducherry

Don'ts

- Shake hands.
- Have a close contact with anyone, if you're experiencing cough and fever.
- Touch your eyes, nose and mouth.
- Sneeze or cough into palms of your hands.
- Spit in Public.
- Travel unnecessarily, particularly to any affected region.
- Participate in large gatherings, including sitting in groups at canteens.
- Visit gyms, clubs and crowded places etc.
- Don't smoke. It can exacerbate Covid-19 symptoms and increase your risk of getting sick.
- Don't spread rumours or panic.

15.8 Advisory to Public

- Wearing a mask is compulsory for all. The rule of no mask, no entry will be strictly implemented by all public places in Puducherry.
- Sanitization & cleanliness has to be ensured at all times
- Organizing of any kind of public, social, religious or cultural functions will not be allowed during Covid times.
- Keep already planned weddings & other important ceremonies/functions to a limited gathering & postpone all non-essential social and cultural gatherings.
- People with travelling history and having symptoms or contacts with affected persons shall call **Toll Free Number 104** for clarifications.
- People with symptoms advice to approach the Hospital / Medical Colleges for screening voluntarily. Failure to voluntary screening would attract penal action under Section 269 & 270 of IPC.

- People should cooperate and disclose information to Asha / Anganwadi / Health Department staffs and volunteers during door to door awareness campaign.

15.9 Emergency Contact – 104 (Toll Free)

A full fledged helpline is operational at GH for giving all information regarding Corona Virus and follow up action. General public can make use of it.

Toll Free – 1070, 1077 - Subsequent to imposition of lock down, in order to redress the grievances and to have a complaint monitoring system, a full fledged control room 24x7 was activated with effect from 26.03.2020. The Taluk level Enforcement Team would be involved in redressing the grievances and take action on the complaints.

15.10 Precautionary Measures Taken

Immediate response by the Administration:

- (i) Screening facility will be available at the following Hospitals
 1. Indira Gandhi Government Hospital
 2. JIPMER
 3. Government Chest Hospital and
 4. All Medical Colleges
- (ii) JIPMER identified as Testing Centre of samples from suspected cases.
- (iii) Awareness created among public through all medias including social and electronic
- (iv) Daily reporting mechanism on corona virus by the Field level Health Staff by visiting all houses.
- (v) Ensuring quarantine of patients under observation.

Contact Tracing – Whenever, a positive case is reported, contact tracing, Quarantine and Isolation will be carried out. Separate Guideline will be prepared by Health Department.

Isolation Wards - Isolation wards setup at Government Chest Clinic, Gorimedu and JIPMER.

Bio Medical Waste Management – Separate incinerator has been proposed to be setup at all identified COVID Hospitals of four regions.

15.11 Exclusive Covid-19 Hospitals

PUDUCHERRY - Indira Gandhi Medical College and Research Institute, (IGMCRI), Kathirkamam, Puducherry is identified as exclusive Covid-19 Hospital in Puducherry.

A new 300-bed exclusive hospital block with intensive care units (with 36 ventilators, monitors) and 142 beds with piped oxygen supply has been created at JIPMER to serve as a referral facility for high-risk Covid19 patients requiring intensive multi-specialty care or ventilatory support.

KARAIKAL - Govt. General Hospital, Karaikal is identified for the purpose of providing treatment to COVID19 cases.

MAHE - Govt. General Hospital, Mahe is identified for the purpose of providing treatment to COVID19 cases.

YANAM - Govt. General Hospital, Yanam is identified for the purpose of providing treatment to COVID19 cases.

15.12 Earmarked Quarantine Centres

PUDUCHERRY

Sl.No	Community Hall	Provisions
1.	Multipurpose Community Hall, Ashok Nagar, Lawspet	Two Floors Can accommodate 40 beds
2.	Community Hall, Jawahar Nagar, Boomianpet	Two Floors Can accommodate 40 beds
3.	Community Hall, Ganesh Nagar, Muthialpet	Two Floors Can accommodate 40 beds
4.	Community Hall, Kurusukupam	Two Floors Can accommodate 20 beds
5.	Community Hall, Villupuram Road, Moolakulam	Two Floors Can accommodate 20 beds

KARAIKAL

Sl. No.	Name of the Centre	Details
1.	Nurse's Hostel	
	Ground Floor	The Kitchen shall be used for preparing food. The Hall shall be used as Store Room
	First Floor (10 Rooms) (Total Beds – 9)	One Room shall be earmarked for Doctors and Health Workers. Other 9 rooms to function as Isolation Wards.
	Second Floor (10 Rooms) (Total Beds – 9)	One Room shall be earmarked for Doctors and Health Workers. Other 9 rooms to function as Isolation Wards.
2.	Avviyar Govt. College for Women (New Block – Opp CD Ward)	
	Ground Floor (4 Rooms) (Total Beds: 12)	One Room shall be earmarked for Doctors and Health Workers. Other 3 rooms to function as Isolation Wards with 4 beds in each room)
	First Floor (Total Beds – 18)	Staff Room shall be earmarked for Doctors and health care staff. Hall shall be used as Isolation ward with 10 beds Two rooms shall be used as Isolation Ward with 4 beds in each room
3.	General Hospital, Karaikal	
	Emergency Block Total Beds – 60)	The Rooms in all the Three Floors of Emergency Block Shall be provided with emergency / critical care facilities for treatment of confirmed cases. Total Beds – 60
	Trauma Block (Total Beds – 4)	Suspect Case Wards 4 Rooms – 4 Beds
	Corona Ward (Total Beds – 2)	Suspect Case Ward 2 Rooms – 2 Beds
	CD Ward Ground Floor (Total Beds – 14)	Isolation Ward – 14 Beds (Female & Senior Citizens)
	CD Ward Ground Floor (Total Beds – 14)	Isolation Ward – 14 Beds (Male)
	Eye Block - Ground Floor (Total beds – 16)	16 Beds – Female & Senior Citizens

	Eye Block - First Floor (Total Beds – 30)	30 Beds – Male
	Total Beds in Karaikal-188	

MAHE

Rajiv Gandhi Ayurveda Medical College and Hospital, Chalakkara and Mahe Institute of Dental Sciences, Chalakkara are identified as Quarantine facilities.

YANAM

Sl.No	Community Hall	Provisions
1.	Old Guest House, Yanam	6 Rooms Can accommodate 12 persons
2.	Marketing Committee Guest House	7 Rooms Can accommodate 14 persons
3.	BC Hostel, Yanam	Can accommodate 44 persons
4.	ADW Girls Hostel, Yanam	Can accommodate 36 persons
5.	Govt. High School Metakur	To accommodate stranded Yanam natives from other states.

15.13 Border / Entry Point Screening Check post

Team comprising of Health, Police and other officials have been deployed at the following check post for intensive screening round the clock.

PUDUCHERRY

Sl.No	Location
1.	Ganapatchettykulam, ECR Road
2.	Gorimedu, Tindivanam Road
3.	Madagadipet, Villupuram Road
4.	Mullodai, Cuddalore Road
5.	New Bus Stand – closed after lockdown
6.	Railway Station
7.	Airport

KARAIKAL

Sl.No	Location
1.	Nandalar
2.	Nallathur
3.	Annavasal
4.	Ambagarathur
5.	Vizhidhiyur
6.	Melayur
7.	Polagam

MAHE

Sl.No	Location
1.	Poozhithala Checkpost
2.	Railway Station Road Checkpost
3.	Chokli Checkpost
4.	Paral Checkpost

5.	Makkuni Checkpost
6.	Pandakal Koppalam Checkpost
7.	Navodya Border Checkpost
8.	Mahe Bridge Checkpost
9.	MM High School Checkpost
10.	Frenchpettipalam Checkpost

YANAM

Sl.No	Location
1.	YSR Checkpost
2.	Old Bus stand Checkpost
3.	Girampeta Checkpost
4.	Ayyanna Nagar Checkpost
5.	Kurasampeta Checkpost
6.	Ganapthy Nagar Checkpost
7.	Beem Nagar Kanakalapeta Checkpost
8.	Artikayalanka Checkpost

15.14 Standard Instructions to Line Departments On Covid-19 Response

15.14.1 Health & Drugs Control

- a. To implement preventive measures and create awareness
- b. To depute field level medical staff for surveillance and contact tracing
- c. Maintain situational awareness on supply and demand of essential APIs and act well in advance to avoid crisis situation
- d. Provide diagnostic and therapeutic service
- e. To implement strict infection control practices
- f. Regulate drugs required for COVID Pandemic.
- g. Address procurement of such drugs as may be recommended by MOHFW.
- h. To provide personnel to the enforcement and border screening check post established by District Administration.
- i. To arrange for screening facilities at Airport, bus stand and border check post and major public gathering places in consultation with Revenue and Police Department
- j. To make sure that the premises are clean and hygienic and are sanitized frequently.
- k. To ensure the implementation of Government advisories & MoH&FW guidelines issued from time to time.
- l. To document and follow up all the suspected cases. In case of necessity can take the assistance of enforcement team.
- m. To maintain database and coordinate with Central agencies, GoI

15.14.2 Police

- a. To monitor and ensure general Law & Order
- b. To take action against persons spreading rumors
- c. To take action against the violators of the various instructions issued in prevention of the spread of COVID-19.
- d. To provide personnel to the enforcement and border screening check post established by District Administration.
- e. To instruct the hotel management to collect filled up self-declaration forms by all customer staying in hotel and submit to nearby Primary Health Centres PHC.
- f. To assist the teams involved in enforcing measures and to secure the affected persons to the quarantine centres.
- g. Not to allow non essential social and cultural gathering to ensure social distancing
- h. To wear protective gear while on duty near hospitals/quarantine centres.
- i. To ensure strict implementation of Covid-19 guidelines and SOPs issued by the Government authorities from time to time.

15.14.3 Revenue

- a. To coordinate the overall containment activities in coordination with all agencies.
- b. To manage and utilize the DM fund.
- c. To constitute various Teams utilising the resources available.
- d. SDMs to take necessary measures deemed fit for maintenance of Law & Order in coordination with Police.
- e. To create awareness and warning among the General public.
- f. To activate 24x7 control room for complaints monitoring.
- g. To identify local quarantine centres and communicate to Health Department.
- h. To assist in setting up of border check post for screening.
- i. To assist Health Staff along with Police in shifting the suspected/affected cases to the screening/quarantine centres.
- j. To identify the suspected persons of foreign return and affix home quarantine sticker in coordination with health team.
- k. Issue of permission to industries during lock down period.
- l. Taluk Tahsildars-cum-Executive Magistrate shall function as Incident Commanders within their respective jurisdiction and supervise the Enforcement of the orders issued and report to SDM who would be overall supervising authority for their jurisdiction.

- m. Ensure passage of Inter District movement of essential commodities.

15.14.4 Public Works

- a. To arrange shed for border check post with basic amenities
- b. To assist in setting up and maintenance of identified quarantine centers in coordination with Health Department
- c. To carry out maintenance of Government buildings wherever required.

15.14.5 Local Administration

- a. To ensure public health and facilitate environmental sanitation at village level.
- b. To create awareness on COVID-19 among the public through mobile public address system and conducting Gram Panchayats meetings.
- c. To setup Kiosks at bus stands to create awareness and to screen & identify the suspected passengers in coordination with Health Dept.
- d. To provide for hand washing in bus stands & market places by provision of hand washes
- e. Display hoardings/banners with related IEC content all prominent places and in places of congregation.
- f. Identify facilities/buildings that can be used as quarantine centers or can be converted to temporary hospitals with isolation facilities
- g. To create help desk and screening facility at bust stand and major markets.
- h. Disseminate public health messages at all hotels and instruction to collect filled up self-declaration forms by all customer staying in hotel

15.14.6 Station Master – Railways

- a. To provide for hand washing in bus stands, railway stations, platforms & ticket issuing places and ticket reservation counters by provision of hand washes and disinfectants.
- b. Disseminate public health messages at railway stations and on trains
- c. Facilitate transportation of essential commodities including medical supplies
- d. To setup kiosks at railway station to screen & identify the suspected passengers.

- e. To ensure frequent and regular sanitization and disinfection of all railway compartments, including toilets/washrooms, waiting halls and other passenger amenities.
- f. To ensure strict implementation of Covid guidelines by all passengers/travellers.
- g. To extent assistance to district administration wherever sought for.

15.14.7 Rural Development-BDO

- a. Facilitate mobilization of Self-Help Groups (SHGs) to create awareness COVID-19
- b. To involve Self Help Group in preparing Mask and Sanitizer.

15.14.8 Information & Publicity

- a. Develop comprehensive media strategy / plan to disseminate information about the virus, which may include addressing rumours/myths particularly on social media;
- b. Roll out appropriate communication materials for campaign (including translation in local languages) and facilitate availability of slots for media communication in print / visual media.

15.14.9 Transport

- a. Ensure sanitation of seats, handles & bars of all public transport vehicles;
- b. Display of public health messages on public transport vehicles
- c. To advice the suspected travellers with symptoms to approach the screening facility available at the bus stand.
- d. To issue direction to ensure availability sanitizers in the bus.
- e. To provide staff in the border check post for screening of entry vehicles.
- f. To avoid crowded transport modes as far as possible.

15.14.10 Food Safety

- a. To inspect all Hotels / Restaurants to ensure availability of sanitizers, maintenance of hygienic conditions and adequate washing facility.
- b. Also verify sanitizing of door handle, wearing of mask by workers and social distancing, etc.

15.14.11 Social Welfare / Adi Dravidar Welfare

- a. To ensure awareness in Old Age Homes / Orphanages and Government Hostels.

- b. To follow general guidelines, to regularly wash hands, avoid crowds and to practice social distancing.

15.14.12 Jail Department

- a. To create awareness among inmates and visitors and provide proper sanitation within the premises
- b. To restrict the visitors to the maximum extent.
- c. To ensure strict implementation of Covid guidelines by all inmates and visitors.

15.14.13 Airport Authority - Puducherry

- a. Ensure strict compliance with screening protocol for international travellers, as decided, and share such information with relevant stakeholders;
- b. Display prominently public health messages at airports.
- c. Facilitate transportation of essential commodities including medical supplies.
- d. Ensure filling up of self declaration by all travellers.

15.14.14 Excise Department

- a. To ensure closure of bars and Arrack shops.
- b. To monitor sale of illicit liquor during the lockdown period.
- c. To coordinate with distilleries for production of sanitizers in bulk and distribute to required agencies.

15.14.15 Education

- a. To close down all educational institutions and colleges except medical and para medical institutions, who shall be involved in IEC activities in coordination with health department.
- b. To maintain social distance of one meters among the students attending exams and ensure availability of sanitizer and adequate washing facility.
- c. To have a helpdesk in all school premises for creating awareness
- d. Students with symptoms to be advised to get screened by Hospitals
- e. To take all precautions to eliminate the risk of students in schools and colleges contracting Covid-19.

15.14.16 Civil Supplies & Legal Metrology

- a. To ensure the availability of mask and sanitizers as essential commodities and sale of those items as per MRP.
- b. Team to be constituted for joint monitoring of hoarding and MRP violation of essential commodities.
- c. Strict action shall be taken on the violators including sealing of the shop premises apart from imposing fine.
- d. To setup permission cell for transporting of essential goods.
- e. To reinforce good hygiene practices and ensure strict implementation of Covid-19 guidelines & SOPs.

15.14.17 Tourism

- a. To close down all tourist locations
- b. To act as Nodal agency in identifying Hotels / Lodges / Resorts that can be used as quarantine centres or can be converted to temporary hospitals with isolation facilities on need basis.
- c. Facilitate surveillance activities especially in respect of international travellers at Airport, Hotels, Lodges, Resorts and other tourist locations
- d. Adhere to guidelines on environmental sanitation
- e. Disseminate public health messages at all hotels and filing up of self declaration (format annexed) by guests and hand over the same to Health Department

15.14.18 HRI & Wakf

- a. Identify facilities/buildings that can be used as quarantine centers or can be converted to temporary hospitals with isolation facilities.
- b. Disseminate public health messages at all religious worship places.
- c. To adhere to the safety and sanitisation norms prescribed by the Administration, inside the religious premises
- d. To avoid mass gathering functions and ensure social distancing

15.14.19 Labour

- a. To issue instructions ensuring that preventive measures are taken at all essential Establishment & Industries including setting up of awareness helpdesk, avoid overcrowding, adequate washing facility, maintaining hygienic condition and social distancing of 1 metre.

- b. To ensure that the migrant workers of non essential establishments and industries are retained in their present locality and not sent to their native place. The details shall be provided to District Administration for further action.
- c. The employees with symptoms / suspected symptoms to be referred to established screening centre at identified Hospitals and they should not be allowed to work.

15.14.20 Women & Child Welfare

- a. To close down all Anganwadi and to utilize them for creating awareness by visiting house to house in coordination with Health Dept.
- b. To Facilitate mobilization of Self-Help Groups(SHG) to create awareness
- c. To strictly discourage any type of gathering, group playing by children during Covid times.
- d. To discourage all types of social religious and cultural gatherings of women during Covid times.
- e. To create awareness among pregnant women, lactating mothers about Covid precautions to be taken.
- f. To counsel and explain to pregnant women and lactating mothers the potential risks of Covid on their health or that of the baby and necessary precautions they need to take.

15.15 Instructions issued to Private Agencies:

15.15.1 Lodges / Resorts / Hotels

- a. To get details of all the customers staying in the prescribed format and furnish to health department nearby PHC or Urban Health Centres UHC (as annexed)
- b. To setup helpdesk.
- c. To close down the swimming pool, gym and spa.
- d. To maintain hygienic condition and provide sanitizers.
- e. To extend cooperation when ever sought by district administration.

15.15.2 Gym/Spa, Sports centres & Educational coaching centers

- To close down the premises until further orders.

15.15.3 All Non Essential Establishment / Industries / Services

- To close down operations until ordered by Government.

15.16 Various Teams Constituted

- a. Medical Surveillance team – Health Dept.
- b. 24 X 7 Call Centre management team (104 Toll free) – Health Dept.
- c. Emergency Operation Centre Toll Free 1070/1077 -DRDM
- d. Training and awareness generation – Health Dept.
- e. Psychological support team – Health Dept.
- f. Enforcement Team – Inter departmental team comprising Police, Revenue, Health & Municipality
- g. Inter District Coordination Team –District Administration
- h. Border screening Check post – Health, Police & Others
- i. Inter departmental and coordination team - District Administration
- j. Media Surveillance team – Information & Publicity
- k. Documentation Team – Health and District Administration
- l. Infrastructure (isolation ward and facilities) management team -
- m. Material Management Team -
- n. Vehicle Management Team
- o. Bio Medical Waste Management Team – Health & Local Bodies

16 NDRF - STANDING OPERATING PROCEDURES

1. INTRODUCTION :-

DISASTER

“A catastrophe, mishap, calamity or grave occurrence in any area, arising from natural or man-made causes, or by accident or negligence which results in substantial loss of life or human suffering or damage to, and destruction of property, or damage to, and degradation of, environment, and is of such a nature or magnitude as to be beyond the coping capacity of **the community of the affected area”**

India has traditionally been vulnerable to natural disasters on account of its unique geo-climatic conditions and it has, of late, like all other countries in the world, become equally vulnerable to various man-made disasters. The periodicity and intensity of disasters have increased manifold in the last few decades. In many disasters, human and economic losses could have been minimized by taking preventive, mitigation and preparedness measures. Anti-national elements find terrorism easy to adopt and cost-effective. A terrorist attack involving Nuclear, Biological and Chemical agents differs from a normal terrorist attack as it results in specific effects on health and can cause fatal injuries, creates panic, affects the morale of the community, and lowers its faith in the government. The important ingredients of an effective response system are integrated institutional arrangements, state of the art forecasting and early warning systems, failsafe communication system, rapid evacuation of threatened communities, quick deployment of specialized response forces and coordination and synergy among various agencies at various levels in dealing with any disaster. Most importantly, all the agencies and their functionaries must clearly understand their roles and responsibilities and the specific actions they have to take for responding to disaster or disaster threatening situations. **THIS SOP LAYS DOWN, IN A COMPREHENSIVE MANNER, THE SPECIFIC ACTIONS REQUIRED TO BE TAKEN BY NDRF BNS FOR RESPONDING TO NATURAL AND MAN MADE DISASTER OF ANY MAGNITUDE AND ANY DIMENSION.**

2. TYPES OF DISASTER WHERE NDRF WILL RESPOND

- (i) Major Natural Disasters:-
 - a. Earthquakes
 - b. Floods
 - c. Cyclones
 - d. Landslides
 - e. Tsunamis
 - f. Avalanches
- (ii) Man Made Disasters:-
 - a. Chemical disasters.
 - b. Biological disasters.
 - c. Radiological and Nuclear events
 - d. Train Accidents
 - e. Building Collapsed events
- (iii) Any other disaster, for which the State/District authorities make a specific requisition with the exception of fire accidents.

3. ROLE OF NDRF

- 1) Provide specialised response for rescue and relief in case of disasters-natural and manmade.
- 2) Deployment in case of impending disasters.
- 3) Assistance to civil authorities in distribution of relief material during/after disaster.
- 4) Co- ordination with other agencies engaged in rescue/relief work

4. NDRF TASKS

- 1)Deployment in case of impending disaster.
- 2) Provide specialist response in case of disasters which covers
 - a) NBC Disaster (Decontamination of the area and personnel).
 - b) Removal of debris.
 - c) Extrication of victims-live or dead.
 - d) First medical response to victims.
 - e) To extend moral support to victims.
 - f) Assistance to civil authorities in distribution of relief material.
- 3) Co-ordination with sister agencies.

5. AIM OF THE SOP

To provide, in a concise and convenient form, a list of major executive actions involved in responding to natural and manmade disasters and the necessary measures for preparedness, response and relief required to be taken. To achieve maximum result in minimum time for any force, a well defined Operating Procedure is required to be framed. This procedure is called the Standard Operating Procedure (SOP). The SOP is made keeping in view the role and the objectives of the force. In the case of NDRF, the force has to respond within the minimum time frame to reach the place of disaster with the designated required equipment. The SOP has been prepared keeping in mind the motto of NDRF, i.e. **“AAPADA SEWA SADAIV”**.

6. REQUISITION FOR RESPONSE OF THE NDRF DURING PRE- DISASTER PHASE

State Government may request for pre-positioning of the Unit/Sub-units of the NDRF as a measure of pro-active response to deal with the impending disaster when there are plausible reasons to believe that gravity of the disaster will be unmanageable for the State Government. Contact numbers and place of deployment of NDRF units are given at **Appendix-“A”**

7. REQUISITION FOR RESPONSE OF THE NDRF DURING DISASTER PHASE

State Government or the concerned District Magistrate may request for the specialized disaster response of the Team (s) or Coy (s) of the NDRF to deal with the disaster when it is of Level- III. i.e. when the gravity of the disaster is so severe that it becomes unmanageable for the State Government to deal with even after having made proper use of SDRF.

8. REQUISITIONING AUTHORITY

The following State Government Authorities can seek requisition for NDRF teams along with complete details of the disaster which takes place in their area of responsibility :-

- Principal Secretaries of the States dealing with Disaster Management
- Relief Commissioners of the States
- Collectors/DCs /DMs of the districts

Maximum available details which would be required to provide rescue and relief should be passed on to the identified NDRF Battalion, as per requisition form

attached at Appendix - A.

9. AUTHORITY TO ACCEPT REQUISITION

NDRF Teams can be requisitioned for natural as well as manmade disasters. This requisition can be sent to the following:-

- MHA
- NDMA
- HEAD QUARTER DG NDRF
- NDRF BATTALIONS.

MHA & NDMA in turn will direct HQ DG NDRF for deployment of NDRF personal which will be done accordingly after consultation with respective Commandant and same will be intimated to MHA & NDMA.

In case the requisition is placed directly to NDRF Battalions due to emergent nature of situation, the Commandants will deploy NDRF personnel immediately and intimate the same to HQ DG NDRF/ MHA / NDMA.

10. DECISION OF DEPLOYMENT

As per the provision of DM act 2005, the District Disaster Management Authorities chaired by District Magistrate/Deputy Commissioner/District Collector of a District shall be responsible for overall supervision and monitoring of Disaster Management in the district. The District Authorities will give the detailed information about any disaster to the respective NDRF unit. The Unit Commandant, after getting detailed information from the District Authorities, will consult Head Quarter NDRF and decide the quantum of deployment for the said disaster i.e how many teams to be deployed for the subject operation. Head Quarter NDRF will intimate the subject deployment to MHA DM (Div) and NDMA through the fastest mode of communication available. This will be followed by written communication also. The team which will move for rescue work will be self contained and carry tentage, medicines ready-made food for 72 hrs, ration, and utensils for them.

11. MOBILISATION PHASE

Battalion Commandant in consultation with the State authority will decide mode of conveyance of the teams to be deployed for the said emergency response. Firstly one advance party will rush for the disaster site followed by the main body in their own transportation. If air lifting is to be done the requisition will go to air authority through the state authority. The state authority will arrange accommodation, if possible and transportation at disaster site. The state will be responsible for providing security backup to the teams during deployment.

12. OPERATIONAL PHASE

It is important to mention here that NDRF is not tasked with the maintenance of law and order in a disaster zone area. Furthermore, the safety and security of the victim and personnel involved in the search, rescue and relief operation including the NDRF personnel shall also be the responsibility of state/local authorities.

13. DE-MOBILISATION PHASE

This phase describes the actions required to be taken when company/teams have been instructed that disaster management operations are to be ceased and withdrawal has to be commenced by Company Commander/Team Commander in consultation with the nodal officer and after getting clearance from HQ DG NDRF. The exit strategy will be executed as per the initial plan of action. All coy Commanders/team Commanders must try and ensure a handover note specifying what is being handed over and to whom to ensure proper preparedness and a smooth transition. A detailed report should be prepared by the Battalion after the operation is over and file for record with HQs NDRF. This report should make a clear mention of immediate steps to be taken to fill the gaps or seek any improvement in the existing system. Following actions are to be ensured:-

1. Mode of transportation will be decided for de-induction in consultation with the state Authority. The State authorities shall be responsible for providing the transport to the NDRF teams to return to their units.
2. Clearance from local authorities.
3. EOC, along with the ADM base, shall be the last to demobilize from the disaster site.

14. POST DISASTER PHASE

It is a phase for critical analysis of the entire rescue operation carried by the Bn. The joint appraisal report of the performance shall also be prepared by the Battalion Commandant and State authority after de-induction of the rescue teams. After this, the shortcomings of the rescue operation and the lessons learnt will also be drawn. The post disaster phase will also include:

- a. Submission of the post-disaster report.
- b. Conducting of a lesson-learnt review to improve the overall effectiveness and efficiency for response to future disaster.
- c. Repair and maintenance of equipments
- d. Condemnation of equipments.

- e. Medical checkups of all members of operational groups.
- f. Treatment for injured troops during rescue operations.
- g. Accounting for rescue material used and not used.
- h. Accounting for rescue material lost/not retrieved.
- i. Drawing case study of entire disaster rescue operation.
- j. Post psychometric treatment i.e. men must be sent to meet their family members.

CONCLUSION

This SOP is a guideline for successful response in any kind of disaster. It should be followed in letter and spirit. It is only then that NDRF will prove its worth in an effective manner and be seen as an elite force in the field of disaster management.
